Changes in the video marketplace have prompted numerous disputes about whether existing rules should remain in place and whether new (or revised) rules are needed. RECENT AND PENDING COURT DECISIONS

In the span of just a few months, courts have issued a series of decisions – including, most recently, the DC Circuit’s rejection of key portions of the FCC’s “Open Internet” order – that could shape the legal framework applicable to the video marketplace, and thus the marketplace itself.

And on the horizon is the Supreme Court’s adjudication of a challenge by television broadcasters to Aereo’s online subscription video service. Speakers will describe the legal issues presented by these cases, how the courts are approaching them, and the potential ramifications of these rulings for the industry.

Speakers:
John Bergmayer, Senior Staff Attorney, Public Knowledge
Rick Chessen, Senior Vice President – Law and Regulatory Policy, National Cable & Telecommunications Association
Jack Goodman, Law Offices of Jack N. Goodman
Pantelis Michalopoulos, Partner, Steptoe & Johnson LLP

The 9th Annual Privacy & Data Security Symposium “The Good, The Bad and The Ugly: New Developments in Internet and Mobile Privacy”

The FCBA Privacy and Data Security Committee and the ABA Forum on Communications Law will hold the 9th Annual Privacy & Data Security Symposium on Thursday, March 13 from 2:00 – 6:00 p.m. This CLE will be held at Wiley Rein LLP, 1776 K Street, NW, Washington, DC.

Although the Federal Trade Commission (FTC) is the lead agency on privacy and data security matters generally, other federal and state agencies, as well as the courts have significant roles in shaping U.S. privacy and data security law. For example, the Federal Communications Commission (FCC) is very involved in many important privacy and data security issues involving text message and other telemarketing campaigns, mobile consumer data and cybersecurity. Moreover, careful consideration of myriad privacy and data security issues is critical to the FCC’s successful fulfillment of...
many key policy objectives, including the deployment of broadband to all constituencies and the advancement of telemedicine in underserved and unserved communities. California and other states also have an enormous impact on U.S. privacy and data security law. The wildfire of class action litigation stemming from the Telephone Consumer Protection Act (TCPA) and other federal and state laws, also has made federal courts significant contributors to U.S. privacy and data security law.

Please join us for a special program devoted to state of U.S. privacy and data security law and the patchwork through which it is made. This year’s Symposium will feature a first-ever privacy keynote by an FCC Commissioner as well as two extended panel discussions focusing on the latest in Privacy Policy developments and the complex array of agencies and cases shaping text message-based mobile marketing.

To register, click here or go to the FCBA Website – Calendar of Events or use the form on page 25.

and Commissioner, Federal Communications Commission

**2:35 – 4:05 p.m.**
**THE “NEW” PRIVACY POLICY – ARE YOU IN COMPLIANCE?**
Several new developments at the state and federal level and advancements in technology require updates to a commercial business’ privacy policy. With new amendments to CalOPPA regarding Do Not Track and a Minor’s Eraser Law, California continues to drive and shape U.S. privacy and data security law. By no means ceding the field, the FTC remains a potent and dynamic actor with a number of recent policies and regulations that broaden the types of personal information that must be disclosed and protected. Self-regulation regarding behavioral advertising and mobile apps continues to play a significant role, as well. Our panel of experts will identify and analyze recent key developments that are important for companies to consider in making sure that a Privacy Policy reflects the latest legal developments and industry best practices.

In a landscape of hot privacy issues, TCPA-related developments are among the hottest. The rapid growth of text message mobile marketing campaigns has fueled an explosion in TCPA class action litigation and new regulations. A thicket of pleadings and proceedings has all eyes on the FCC, while the FTC continues with Section 5 and Telemarketing Sales Rule enforcement actions seeking penalties in excess of a billion dollars. Our panel of experts will identify and analyze recent key developments that are important for companies to know for minimizing the liability risks of text marketing and other telemarketing campaigns.

2014 is shaping up to be another record-setting year for political advertising. The growth of PACs and other independent sources of revenue to sponsor ads continues unabated, and the Supreme Court will consider removing further restrictions on campaign giving. The FCC will also decide whether to extend the online political file obligation to all television stations. This biennial CLE, always well-attended, will explore the
likely market for political advertising in 2014 and review the rules that govern sales and record-keeping for political advertising. Two panels will discuss these issues.

The Advent of Mobile Payments: Evolutionary or Revolutionary?

Our expert panelists will take a closer look at where the mobile payments industry is, where it has come from, and where it will be going in the near future from both an industry and legal perspective. They will also discuss new regulatory and legislative developments and proposals.

Please join us at the first ever CLE sponsored by the FCBA’s own ad hoc Mobile Payments Committee.

a one-of-a-kind massage for your feet with smooth stones amid a small stream of natural spring water. Poolside cabanas, a spring-fed pool and whirlpool and Finnish-style sauna are other key features of this exclusive garden experience.

The Spa offers a variety of signature services including the Southern Harvest Apricot and Sweet Vanilla Wrap, 1766 Mineral Bath, and Mineral Springs Mud Wrap. Virginia’s classic spa also offers soothing and restorative massages, skin care and body therapies, and a fitness area with cardio/weight room and movement therapy rooms for yoga, cycling, and other classes. The Spa Garden is open to adults only, ages 18 and older. For more information on the Spa at the Homestead visit [http://www.thehomestead.com/spa](http://www.thehomestead.com/spa). A word of warning, the Spa always seems to be completely booked Friday and Saturday during the seminar. Reservations for the Spa should be made as far in advance as possible to ensure availability by calling 540-839-1776.

**Allegheny Springs** has expanded the outdoor pool complex into a two-acre water park fueled by water from our native springs. Experience the exhilarating thrills of Mountain Rush, with two 100-foot water slides or enjoy a leisurely ride along our 400-foot lazy river. Kids love the water play zone and sandy beach while the large family pool is ideal for everyone. A cozy whirlpool provides an intimate haven adjacent to the family pool. Private cabanas, with exclusive services and amenities, are available for an additional fee. Allegheny Springs will be open Saturday and Sunday during the seminar.

**Outdoor Activities** at the Homestead can be as leisurely or as fast paced as you desire. There is something for everyone, including the new Mini Cascades Miniature Golf Course, horseback riding and carriage rides, a world-class shooting club, fly fishing with Orvis-endorsed instructors, miles of scenic hiking trails, indoor and outdoor pools, falconry, Segway tours, kayaking & canoeing, the Gun Club, paintball, archery, mountain biking, and more.

**Dining** at the Homestead has changed as well. Although all meals but Saturday lunch are included in your seminar registration, you may find time to visit one of the resort’s establishments serving food and drink. Breakfast on Saturday and Sunday will be the famous brunch in the main dining room. Saturday you may want to visit the newly renovated Jefferson’s Restaurant and Bar, the Casino Restaurant, Martha’s Market, or enjoy in-room dining.

KidsClub and Babysitting at the Homestead provide special activities for your children while you are in the seminar sessions, at the spa, playing golf, or just enjoying the tranquility of the Homestead. For kids between the ages of 3 and 12, The Homestead’s KidsClub is brimming with activity. Count on hours of supervised fun guaranteed to create lasting memories. Kids should wear comfortable, weather-appropriate clothes and shoes. Please also have them bring a bathing suit, sweater, or jacket. Children may be divided into two age groups: 3-7 and 8-12, and all participants must be potty-trained (no pull-ups or diapers). Pre-registration for both day and night programs is strongly encouraged. Need a babysitter? Not a problem at the Homestead. Babysitting is provided in the comfort of your room with the option for your sitter to take the children out and about. The first child is $18 per hour and each additional sibling is $5 per hour. A 24-hour advanced registration is required, and all requests are handled based on availability of services. Babysitting requires a two-hour minimum and a nominal fee applies. Babysitting observes a 24-hour cancellation policy or applicable fee. To make arrangements or for questions, please contact the Homestead Babysitting Coordinator at 540-839-7956. If you will want a babysitter anytime during the seminar, call and make those arrangements well in advance of your arrival. The demand for babysitters often exceeds the supply during the seminar.

Make your plans for the Annual Seminar now. Visit the Homestead’s website for detailed information on the types of rooms available and on all the activities available for your enjoyment at http://www.thehomestead.com. Call or fax your room reservation in to make certain you get just the room you want. Call 540-839-1766 to make Spa appointments, to schedule that extra round of golf on Friday or Sunday, to make reservations for the KidsClub, to schedule a babysitter, or to schedule any of the other resort activities.

Make your plans now to join your colleagues for a great weekend at the 2014 Annual Seminar!

OFF THE RECORD: THE LATEST REGULATORY HITS

Have you been looking for law in all the wrong places? This panel will set the record straight on several key FCC issues facing your radio and television clients. As we enter another election year, are your stations’ political records – and other required files – ready for
release? Is the FCC striking a chord with its current take on incentive auctions? Have your stations found their groove with new captioning requirements, both on-air and online? Will the latest broadcast ownership re-mix be the one that we want or just another brick in the wall? And are the coming changes for FM translators and AM radio picking up good vibrations … or will they smell like teen spirit? Our contestants – sorry, panelists – won’t dance around these and other topics as part of the only game in town that can satisfy your CLE requirement.

NEW TECH AND THE
CHANGING NATURE OF MEDIA LAW

The media landscape is changing so fast, it is impossible for the law to keep up. For lawyers navigating these uncharted waters, that can mean lots of new business – and more than a few headaches. If you want to stay ahead of new technology and your competition, anticipating change is key. To help you in this effort, we have assembled a panel of new tech experts, pioneers who will be helping push old media into a new frontier. They will discuss how media may change in the next decade and how laws built for the analog age will be strained by these changes.

NEWSGATHERING: SINGING A NEW TUNE IN THE SHADOW OF NATIONAL SECURITY AGENCY SURVEILLANCE

Former NSA contractor Edward Snowden’s revelations – about “covert, clandestine, and cooperative large accesses” of private information seized by the NSA – have sparked an ongoing public debate about the proper balance between civil liberties, privacy, and security. Snowden’s “whistle-blowing”/leaking drew accolades and criticism, his prosecution and asylum, shock and lawsuits by Americans, new surveillance guidelines from the Obama administration, political ramifications worldwide, controversy about big technology and private data storage in the Cloud, and more. Counsel for media organizations confront an ever-changing legal and technological landscape that affects how their clients gather news and the means by which they conduct their own digital and electronic communications. The panel will explore these, among other, thorny legal issues.

COPYRIGHT & THE INTERNET:
WHAT’S GOING ON

We’ve only just begun to see the development of new technologies that threaten to get the television industry all shook up. Any day now, the Supreme Court will rule on Aereo. Is it a legitimate new business model that walks the line or a desperado that deserves to sing the jailhouse rock? Our experts will explain why the answer isn’t black or white. Music licensing affects the radio and television industries in numerous ways, but don’t you worry ’bout a thing, because our panelists will tell you more than you need to know. From explaining the hot n’ cold relationships with the performing rights organizations (PROs) – including rate-setting litigation and antitrust lawsuits – to social media and fair use issues, this panel will make you gleeful about waking up in Vegas!

After the election, the semi-annual YLC planning meeting will be held. One YLC co-chair is elected annually to serve a two-year term. All other volunteer roles with the YLC are appointed.

No proxy votes are allowed, so be sure to attend. All are welcome, but voting is limited to current YLC members. Nominations should be emailed to Justin Faulb (jfaulb@nab.org) and Lindsey Tonsager (ltonsager@cov.com) no later than Thursday, May 22. Self-nominations are welcome.
**FCBA Foundation Now Accepting Applications for Funding of Unpaid Communications-Related Legal Internships**

For the 21st consecutive year, the Federal Communications Bar Association Foundation will award stipends to law students from its Chairman Robert E. Lee Scholarship and Internship Fund. The program provides stipends of up to $5,000 to outstanding law students employed as unpaid summer interns in positions with the FCC and other Federal, state, and local government agencies with a connection to the communications industry (i.e., broadcasting, cable television, telephony, satellite, wireless, and information technology).

In addition, the Foundation will select one outstanding intern among those chosen to receive an additional stipend for the summer—the “Max Paglin Award.” Mr. Paglin was the former General Counsel and Executive Director of the FCC, and the founder of the Golden Jubilee Commission on Telecommunications, which compiled a definitive legislative history of the Communications Act.

Applicants will be selected on the basis of: (1) a demonstrated interest in the communications field, (2) having secured or having pending, an unpaid summer position (internship) for at least eight weeks with a Federal, state or local government agency with a significant connection to the communications industry, (3) dependence on financial assistance in order to accept the unpaid internship in a government agency or entity involved in communications; and, (4) community activities. To the extent a recipient receives unanticipated funding for the unpaid internship, the FCBA Foundation’s general policy is to reduce its scholarship awards by any amount that a recipient’s total funding (including all sources) for the internship would otherwise exceed $7,000.

Applications for internship funding should be submitted to Kerry Loughney, FCBA Foundation, 1020 19th Street, NW, Suite 325, Washington, DC 20036 or kerry@fcba.org. Applications must be post-marked by Tuesday, April 1, 2014. Applicants may be asked to interview with members of the Foundation Board; interviews may be conducted by telephone. Winners will be notified in late-April.

To view the application, go to: [http://www.fcba.org/foundation/internship-stipends-for-law-students/](http://www.fcba.org/foundation/internship-stipends-for-law-students/)

**FCBA Foundation Now Accepting Applications for Law School Scholarship Program**

During its FY 2014, the FCBA Foundation will award scholarships to law students entering their second and third years of study in the fall of 2014. They must be attending an accredited law school in the United States. Competitive awards will be based upon the financial need of the applicant, and showings of merit and interest in communications law practice. Awards may range from $2,500 to $10,000 annually.

This is both a merit and needs-based scholarship. Applicants must demonstrate strength of character, superior academic achievement, and a strong interest in pursuing a career in communications law. Applicants will be selected on the basis of: (1) a demonstrated interest in the communications law field; (2) dependence on financial assistance in order to attend law school; and (3) their law school record.

Applications for the FCBA Law School Scholarship funding should be submitted to Kerry Loughney, FCBA Foundation, 1020 19th Street, NW, Suite 325, Washington, DC 20036 or kerry@fcba.org. Applications must be received by regular mail or email by Tuesday, April 1, 2014. Applicants may be asked to interview with members of the Foundation Board; interviews may be conducted by telephone. Winners will be notified by May 15, 2014.

**College Scholarship Program Call for Volunteers**

The FCBA Foundation’s College Scholarship Program is seeking your help in the upcoming review of scholarship applications from DC area high school students. Through its scholarship program, the FCBA Foundation provides financial assistance for local high school students to attend college. Over the past 21 years, the Foundation has helped more than 160 students from District of Columbia public schools to attend college. Scholarship amounts range from several thousand dollars to as much as $32,000, payable over four years. The scholarships will be awarded to graduating high school seniors who demonstrate through their application and personal interview that their academic achievements, school attendance records, and service to school and community show their potential to succeed in college and make positive contributions to their communities. Additional credit is provided to those applicants that have demonstrated an interest in Science, Technology, Engineering, or Math (STEM) or law or journalism.

In 2013, the Foundation awarded 15 college scholarships and 24 laptop computers to graduating seniors from nine DC public high schools.

Beginning in early March, we will make available groups of five applications to
each volunteer reviewer, plus detailed instructions on how to review and grade them. Reviews will be “due” by Friday, March 28.

We then will invite the best candidates back for a personal interview to be held at CTIA – The Wireless Association between April 16-19, and we will need additional volunteers for this process. Scholarships will be announced in conjunction with the FCBA June luncheon.

Please let us know if you are willing to participate in the written evaluation and/or the personal interview process by sending an email to Micah Caldwell at mcaldwell@itta.us. Thank you for your consideration.

Save the Date –
18th Annual FCBA Foundation Golf Tournament to be held Tuesday, June 3
Returning to Westfields!

You’ve spoken! The feedback we received to the changes for last year’s Tournament were so overwhelmingly positive we’ve decided to do it all again!

On Tuesday, June 3, we will return to Westfields Golf Club – a course that all of last year’s participants found to be a remarkably beautiful and pristine track, especially for a course so close to downtown DC. Westfields Golf Club, just off Route 66 in Centerville, VA, is a Fred Couples designed course and one of the best places in the area to hold a golf outing, combining a great course with terrific hospitality.

Additionally, we will be repeating last year’s well received change by holding the Tourney on Tuesday afternoon in order to allow our workaholic friends to get in a few hours at the office (or plenty of time to warm up on the range). Shotgun start will be at 1:00 p.m. followed by a delicious post-round Buffet BBQ Dinner.

As always, all of the proceeds from the Tournament go straight to the FCBA Foundation to support its wonderful programs, including the Scholarship programs and the Summer Legal Internship program. Over the years, the Tournament has raised nearly $400,000 for the FCBA Foundation charities, all under the auspices of getting together with your colleagues for an enjoyable day of golf! Our goal and motto: “What a great concept: Do good and have fun at the same time!” We hope you can join us this year!

Registration details will be available in the April newsletter. In the meantime, the Golf Committee always welcomes prize donations or those interested in helping out! Contact Glenn Reynolds at greynolds@ustelecom.org if you want to help!

**Volunteer at Martha’s Table on March 30**

On Sunday, March 30, 2014, from 10:00 a.m. – 1:00 p.m., the FCBA will be preparing and distributing food at the FCBA Foundation’s partner charity, Martha’s Table. The FCBA has been meeting monthly to volunteer at Martha’s Table for many years. Martha’s Table feeds hundreds of homeless adults and children on the streets of Washington daily, through its mobile soup kitchen. Martha’s Table is located in a yellow building at 2114 Fourteenth Street, NW, in the District, near the intersection of 14th and U Streets. On-street parking is available. Volunteers are asked to bring food if possible, (e.g., cold cuts, bread, peanut butter, jelly, vegetables and potatoes) because the center often runs out of donated food.

Please mark your calendars, bring your friends and children, and participate in this great volunteer effort. If you are able to volunteer, please contact Howard Weiss at 703-812-0471, weiss@fhhlaw.com.

The FCBA volunteers on the last Sunday of every month, so mark your calendars now!

2014 National Telecommunications Moot Court Competition

The 20th Annual National Telecommunications Moot Court Competition held on February 21-22, 2014, yielded four well prepared teams who competed at the highest level of appellate advocacy competition.

Students from the University of Colorado Law School received top honors at the 20th Annual National Telecommunications Moot Court Competition. Ethan Jeans, Katie Losieau, and Maggie Macdonald edged out their classmates in an intra-school battle for the Best Overall award.

Second place went to Keenan Adamcak, Thomas Struble, and Michael Williams from George Washington University Law School. The team also took home the honor of Best Brief.

Meredith Pendergrass from the University of Baltimore School of Law was named Best Oral Advocate.

Sponsored by the FCBA and Catholic University, the competition featured teams from across the country. This year’s competition problem considered the Federal Communications Commission’s authority to decline to pursue enforcement of broadcast indecency law based on First Amendment principles and agency discretion.

A highlight of the competition was the final round three-judge panel presided over by Joe Di Scipio of Fox Television Stations; Ted Frank of Arnold Porter; and Christopher Wright of Wiltshire & Grannis.

Kristy D’Ambrosio of Catholic University served as the Vice Chancellor for the competition and Jonathan Tabacoff of Catholic University served as the CUA Moot Court Association Chancellor. The FCBA Moot Court Committee was co-chaired by Jeremy Berkowitz of Booz Allen Hamilton; Ted Frank of Arnold Porter; and Preston Thomas of Jones Day.

The FCBA congratulates and thanks all of the student competitors, faculty members, and administrators who participated in the competition. It also expresses its gratitude to Catholic University and the many FCBA members who served as judges and graded competitors’ briefs.

International Telecommunications Committee

The 2013-2014 FCBA International Telecommunications Committee is finalizing its annual events calendar. Our goal is to include events that highlight current global communications issues, including service trends, trade issues and other hot topics, and to feature prominent speakers from the U.S. and foreign governments, industry and private law practice.

Our event calendar this year has been and will continue to be an exciting one. In November, we hosted a CLE on international wireless issues, “Global Trends in Spectrum Management,” which brought together speakers from the government and private sector to discuss the search for more wireless spectrum. We also co-hosted our annual holiday reception with the Wireless Telecommunications Committee at the House of Sweden. And we hosted a brown bag lunch entitled “Meet the Satellite Division Chief,” with Jose Albuquerque and staff joining us.

On March 18th, we will join with the Young Lawyers Committee to have a brown bag on “Careers in International Telecommunications,” featuring experienced international telecommunications professionals who have had long and varied careers. We will also be hosting a reception for Ambassador Sepulveda on May 21, as well as putting together a CLE on emerging trade and international network issues in June.

If you have any program ideas, speaker suggestions or other comments, please contact the committee co-chairs who are listed below.

The International Telecommunications Committee Co-Chairs are: Jennifer Manner, EchoStar (jennifer.manner@echostar.com); Robb Tanner, Office of the United States Trade Representative (rtanner@ustr.eop.gov); and Laura Stefani, Goldberg Godles Wiener & Wright (lstefani@g2w2.com).

For general inquiries, you can also contact Kerry (kerry@fcba.org) or visit www.fcba.org for more information. We look forward to hearing from you and seeing you at future events.

Thanks to the Sponsors of the Meet and Greet the New FCC Chairman and Commissioner Reception!
