Event: FCBA Annual Luncheon Featuring Deborah Platt Majoras, Chairman of the Federal Trade Commission
Location: Mayflower Hotel, 1127 Connecticut Avenue, NW
DEAR MEMBERS,

One of the many benefits of FCBA membership is its networking opportunities. Last month’s Welcome Reception for the 110th Congress provided us with another one of those opportunities – as you can see from the event photos on page 18, many of us were there to enjoy the evening.

As you all know, successful events don’t just happen; they are the result of significant time commitment and personal efforts of our volunteers. I would like to thank the Legislative Committee Co-Chairs — Paula Timmons, Amy Levine and Chris Moore — for taking a fresh look at this bi-annual event, so as to find the perfect recipe for success. For example, we expanded the event to include staff from the Commerce, Judiciary, and Homeland Security Committees of both Chambers. In addition, we reached out to several trade associations with active FCBA members – CTIA, NAB, SIA and TIA — to join us in co-hosting the evening. Through these changes, we were able to create a more diverse and well-attended event for both our honored guests and members. I’d like to thank these Associations for their tremendous support, as well the sponsorship by many of our member law firms! I also want to acknowledge Mark Van Bergh for his fabulous photographs which capture the spirit and fun of the evening.

The annual publication of the FCBA Directory is always eagerly awaited. It is an important tool for us all. However, over the past few months, there have been a number of mergers of law firms and corporations that have affected the contact information of a significant number of our members. Therefore, we have delayed the release of the Directory to capture these changes, so that we could provide you with a more useful membership tool. You can anticipate receiving the updated Directory no later than the first week of May.

Finally, I look forward to seeing you all on April 10th at the Annual FCBA Chairman’s Dinner, our largest event at which we honor the Chairman of the FCC. While this too is a wonderful networking opportunity, it is sometimes easy to forget that it is much more than that – it is an opportunity for us as the communications community to contribute to the future education of children in the DC Metropolitan area. Your generosity, through the sponsorship of Dinner tables, provides the FCBA Foundation with monies to annually fund an ever-increasing number of scholarships to local high school students. Last year, through donations to the FCBA Foundation, 18 local students were given the opportunity to pursue their collegiate dreams. Your continued commitment as a community to the Foundation is always impressive, and I have no doubts that this year will demonstrate the same support.

Thank you,

Jennifer A. Warren

Law and Entrepreneurship: The Art of the Deal
Regional Differences in Representing Growth Companies

To be held at The University of Colorado School of Law

The entrepreneurial spirit knows no geographic boundaries. But the founders, managers, and the lawyers who advise them operate in vastly different atmospheres. Innovation depends on multiple actors, including law firms, venture capital funds, universities, and other institutions. Corporate governance rules and the regulatory environment also spur or inhibit growth. Silicon Valley lawyers, for example, are said to operate in a looser environment, providing as much value through deal coordination and networking contacts as through technical legal advice. Is this a model we should replicate in Boulder? Is Boulder more like the West Coast or East Coast? What should we aspire to? What are the legal, institutional, and regulatory factors that encourage innovation?

The aim of the conference is to explore these questions of regional differences from descriptive, theoretical, and practical perspectives. The first panel will focus on the descriptive: what are the regional differences? Professor Victor Fleischer (Colorado) will moderate a discussion among VCs and lawyers with experience in both Silicon Valley and Boulder. The second panel will focus on how political economy affects regional advantage: Professor Vik Khanna (Michigan) will present a paper on corporate governance reforms in India and how legal change has affected growth there. The third panel, led by Professors Fleischer and Scott Peppet (Colorado), will focus on practical and ethical issues unique to representing growth companies.

FCBA/ABA/NAB Cosponsor Las Vegas Seminar

Representing Your Local Broadcaster
Journey to the Legal Center of the New Media World

Over the past several years, the annual Las Vegas seminar on Representing Your Local Broadcaster has become one of the preeminent broadcast law programs in the country. The reason is a renewed focus on the practical, daily issues facing stations and their lawyers. For our 26th year, we will look at the major issues facing our industry from a unique perspective. We’ve staffed panels on Regulatory Compliance, Advertising, Privacy, Intellectual Property and Newsgathering with a sensational group of in-house and outside experts to walk through the critical issues in each area in a fast-paced, intense program, supplemented with extremely valuable background material. The luncheon program features timely discussion of the ongoing battle over indecency, the FCC and the Courts.

The day promises to be spirited, practical, penetrating and relevant — the makings of an excellent seminar program:

The IEEE Symposium on New Frontiers in Dynamic Spectrum Access Networks
April 17 - 20, 2007 • Dublin, Ireland
Presented in Association with the FCBA

The DySPAN 2007 symposium is sponsored by the IEEE (International Electrical and Electronics Engineers) Communications Society with participation from Motorola, Nokia, NSF and other government and industry giants. In addition to IEEE Communications Society, the general sponsor, the symposium has the following technical co-sponsors: IET, OMG and NATRE; and is being presented in cooperation with the FCBA. All FCBA members will receive IEEE member registration rates.

The DySPAN symposium focuses on a new world of developing technologies where spectrum is accessed opportunistically. In the dynamic spectrum model, spectrum policy and spectrum availability is “known” by the communications device. It can sense whether it should transmit or change frequency, waveform or protocol first. An “aware” handheld device can morph from a police radio to a cellular telephone, to a bio-sensor, to a wi-fi receiver, because it “learns” to operate in its spectral environment, adheres to regional policies concerning the rights to access airwaves in that environment, and understands its user’s need for priority or non-priority access on the fly.

The Dynamic Spectrum Access Networks, (or DySPAN) symposium (http://www.ieee-dyspan.org/) will provide a global policy discussion and demonstration of scientific collaboration and technology development for X-generation mobile communications.

Keynote speakers at DySPAN include: Dr. Joseph Mitola II, Consulting Scientist, The MITRE Corporation. Dr. Mitola is an internationally recognized expert on software and cognitive radio systems and technologies who addresses critical DoD communications and information processing challenges. David Cleevely is Chairman of the Communications Research Network. He co-founded the Internet-based anti-
body company, Abcam, and has been a prime mover behind Cambridge Network. Bruce Fette, Ph.D, is Chief Scientist in the Communications Networking Division business area of General Dynamics C4 Systems in Scottsdale, Ariz. Economic Analysis and Telecom Policy

Presented by the FCBA and the Stanford Institute for Economic Policy Research (SIEPR)

Location: Hogan & Hartson LLP, 555 - 13th St., NW, 13th Floor, Washington, DC

Join us on Wednesday, April 11, 2007 from 12:00 – 3:00 p.m. for the second annual conference on Economic Analysis and Telecom Policy. The FCC and Department of Justice rely heavily on economic analysis in addressing public policy issues. Economic analysis is particularly important in determining the “public interest” in FCC and Department of Justice decisions that shape the structure of the marketplace, policies to facilitate efficient market entry and exit, and decisions on when and how to eliminate regulation and rely on market-driven competition.

This conference will examine how the FCC utilizes economic analysis and the role of the Department of Justice in promoting competition in communications. We will consider how the agencies ought to approach important short-term and long-term economic issues, and how they should choose between competing economic models and approaches presented by opposing parties.

Michelle Connolly, the FCC’s Chief Economist and Dennis Carlton, Deputy Assistant Attorney General for Economic Analysis at the Antitrust Division of the U.S. Department of Justice, will make presentations, joined by other leading economists in academia, government, and private practice. The conference, hosted and moderated by Greg Rosston of SIEPR and David Sieradzki of Hogan & Hartson LLP, will cover the application of economics and competition analysis to critical policy issues now under discussion at the FCC. Please use form on page 30 to register.

Regulating for Innovation

Presented by the Engineering and Technical Practice Committee

The FCBA Engineering and Technical Practice Committee will sponsor a CLE Seminar from 6:00 – 8:15 p.m. on Wednesday, May 16, 2007, on Regulating for Innovation. The program will be held at Skadden, Arps, Slate, Meagher & Flom LLP, Conference Center, 700 14th Street, NW, Washington, DC.
Does the FCC have the engines or the brakes? The Internet, Wi-Fi, and countless other technologies got a big boost from far-sighted regulatory policies. But when a new technology does not quite fit the rules, FCC approval can take years. And, once in the market, disruptive new technologies can challenge old policy assumptions, forcing Congress and the FCC to rethink what it means to regulate in the public interest. What principles guide the FCC in fostering innovation? How can practitioners best serve their technically creative clients?

Please look to the FCBA website and upcoming newsletters for further information. Please use form on page 30 to register.

Martin J. Gaynes passed away on March 6, 2007. He had idiopathic pulmonary fibrosis.

Marty’s communications law practice was principally with Cohn and Marks (1960-78) and Wilkes, Artis, Hedrick and Lane (1984-94). He also worked in the field of health care law. During the last decade of his life, his practice shifted primarily into the latter specialty.

During Marty’s entire career, he combined law practice with an active teaching and writing schedule. He lectured on communications law at the law schools of Catholic University, Georgetown University, George Washington University, and Temple University Law School in Philadelphia. Until shortly before his death, he was still teaching health care law at Catholic University.

Marty began the first communications law course at Howard University Law School, on a pro bono basis to encourage diversity in the bar. He taught that course for a number of years and in 1974 received from the FCBA a special award for his service at Howard, which he proudly displayed on the wall of his home office.

He and his colleague in the Communications Law Institute at Catholic University, Harvey L. Zuckman, co-authored a book titled Mass Communications Law. It was published by West, first in 1982 and then republished in several later editions. It was written as a basic text for law students confronting their first communications law course, and for print and broadcast journalism students interested in the law governing their chosen professions.

Marty was a native New Yorker. He graduated from the Bronx High School of Science, the University of Michigan, and New York University Law School. He attended NYU on a full room, board and tuition scholarship based on academic achievement. He served on the editorial board of the NYU Law Review and was Editor of the Annual Survey of American Law published by that Review.

He first came to Washington, D.C., to clerk for Judge Warren E. Burger (later Chief Justice of the United States) at the United States Court of Appeals for the District of Columbia Circuit. Upon completing his clerkship, he began his career in communications law at Cohn and Marks, where in 1970 he was made a partner.

A dedicated family man, Marty is survived by his widow, Barbara, of Chevy Chase, MD; by two children, Dr. Bradley Gaynes of Chapel Hill, NC, and Lisa Gaynes of New York City; and by two grandchildren.
Successful FCBA Congressional Reception held March 14

The FCBA Congressional Reception honoring the 110th Congress held on March 14 was a huge success. Joining the FCBA as co-hosts of the reception this year were CTIA, NAB, SIA, and TIA. Members and staff of the Senate Committee on Commerce, Science and Transportation, the Senate Committee on the Judiciary, the Senate Committee on Homeland Security and Governmental Affairs, the House Committee on Energy and Commerce, the House Committee on the Judiciary, and the House Committee on Homeland Security attended. The reception provided an opportunity for FCBA members to meet and talk with committee staff and congressional staff, as well as with Senators and Representatives from the various committees who stopped by for the reception.

Thanks to the co-hosting associations – CTIA, NAB, SIA, and TIA – and the Legislative Committee Co-Chairs – Amy Levine, Chris Moore, and Paula Timmons who helped make this such a great event!

A Beautiful Locale. The Annual Seminar will be held at the Nemacolin Woodlands Resort in Farmington, Pennsylvania, on May 4-6, 2007. Located on 2,800 acres in the Laurel Highlands Mountains, Nemacolin features wide-ranging activities and facilities including the acclaimed Woodlands Spa; three golf courses; a shooting academy; an off-road driving academy featuring Hummer® H1s and H2s; an adventure center with a ropes course, a climbing wall, mountain biking and hiking trails; an equestrian center; children’s educational and activity programs with babysitting services; 14 specialty shops; 14 restaurants and lounges; and the Hardy Family art collection valued at more than $50 million. Additional information can be found at www.nemacolin.com.

And a Chance to Win! This year, every person who reserves a room at Nemacolin before April 4, 2007, and attends the Annual Seminar will have a chance to win free lodging (room rate plus tax) for a single or double room at the Chateau, Lodge, or a Townhouse for Friday, May 4, and Saturday, May 5. One individual will be selected at random to win this terrific prize, which has a cash value of over $500.

Transaction Practice Committee

The FCBA's Transactional Practice Committee provides members with an active forum to analyze and discuss legal, regulatory and public policy issues that are essential for handling complex domestic and international transactional matters in the telecom industry. The Committee invites government enforcement officials, private practitioners, in-house corporate counsel, members of the financial community, and the public to share perspectives on these issues.

The Transactional Practice Committee is co-chaired by Neil A. Dellar of the Transaction Team of the FCC, David S. Turetsky of LeBoeuf, Lamb, Greene & MacRae LLP, and Christine M. Crowe of Wilkinson Barker Knauer, LLP. Since soliciting member views about possible programs during the Committee's kick-off meeting on September 14, 2006, the Committee has organized a variety of events, with more ahead.

The Committee's October 12 brown bag lunch focused on issues associated with communications companies accessing the capital markets—the forms of financing discussed by Tara Giunta of Paul, Hastings, Janofsky & Walker LLP, Rebecca Arbogast of Stifel, Nicolaus & Company, Inc., and Mark Johnson of the Carlyle Group, included angel, VC, mezzanine, private equity, traditional loans, and public offerings.

On December 5, the Committee organized an evening CLE event that drew more than 90 attendees, focusing on how investors and lenders address FCC issues in transactions involving FCC-regulated companies, including attribution, de jure and de facto control, debt versus equity, and foreign ownership. The two panels featured Thomas Carroccio of Bell, Boyd & Lloyd LLC, Tom Davidson of Akin Gump Strauss Hauer & Feld, LLP, Howard Liberman of Drinker Biddle & Reath, LLP, Lawrence Movshin of Wilkinson Barker Knauer, LLP, and Charles Wiebe of BIA Digital Partners, LLP.

In January 2007, the Committee's monthly brown bag lunch featured Jonathan Spencer of Shenendoah Telecommunications and Glynnia Christian of LeBoeuf, Lamb, Greene & MacRae LLP, discussing the negotiation and drafting of domestic and offshore outsourcing transactions.

The Committee's February brown bag lunch featured Gay Hartwell Sills, Staff Chair of CFIUS and Joel Winnik of Hogan & Hartson LLP discussing how to navigate the CFIUS process with a transaction.

In March, the Committee's brown bag lunch featured Jim Bird, Leader of the FCC Transaction Team and Senior Counsel to the General Counsel of the FCC, and Hillary Burchuk, a senior attorney in the Telecommunications and Media Enforcement Section of the Antitrust Division of the Department of Justice, discussing their views as to best practices when presenting or opposing transactions before the FCC and the DOJ.

Before summer beckons, the Committee has two more programs scheduled: on May 31, the Committee will host an evening CLE event addressing the special challenges companies in financial trouble face regarding Communications Act and FCC compliance. Speakers will include Stewart Block from the Office of the General Counsel of the FCC, Robert Irving, Jr. of Leap Wireless, James Barker of Latham & Watkins LLP, Evan Blum of Blum Advisors LLC, and Gerard Catalanello of Thelen Reid Brown Raysman & Steiner LLP. On June 7, the Committee plans a brown bag lunch with presentations by Mark Stachiw, Senior Vice President, General Counsel and Secretary of Metro PCS, and Carl Northrop, Partner at Paul Hastings Janofsky & Walker LLP, on advising companies that are in the process of going public.

We are always interested in hearing from you about areas you would like the Committee to address. Please email your suggestions or questions to Neil Dellar (neil.dellar@fcc.gov), David Turetsky (dturetsky@llgm.com), or Christine Crowe (CCrowe@wbklaw.com).

Florida Chapter

On Friday, March 16 the Florida Chapter of the FCBA sponsored a seminar in Orlando entitled “Convergence of Broadband Communications and Real Estate”. The audience included representatives from major cable television operators, incumbent local exchange carriers, alternative providers and real estate developers. The seminar included two panels. The first panel discussed the issues surrounding the provision of bundled broadband communications services to existing MDU developments and the second panel focused on greenfield developments. The panels included representatives and counsel for cable providers, alternative carriers and real estate developers. The group discussed both state and federal regulatory developments effecting the provision of bundled broadband communications in Florida.

The Florida Chapter has plans for three additional seminars this year. The next seminar will focus on recent developments on communications issues in the Florida Legislature and will be scheduled sometime in the second quarter following completion of the Florida legislative session.
Volunteer Outreach for Martha’s Table – April 29

Many of us are stretched for time these days, but why not consider spending a few hours on a Sunday to help the FCBA Foundation’s partner charities? For several years now, the FCBA has been providing volunteers to Martha’s Table and McKenna’s Wagon. These organizations rely on the good work of our members each month, so grab a friend, colleague or family member and join your fellow FCBA volunteers!

Martha’s Table feeds hundreds of hungry, homeless adults and children on the streets of Washington daily, through its mobile soup kitchen. Children and friends are also welcome. We will begin at 10:00 am and work until 1:00 pm. Martha’s Table is located in a yellow building at 2114 Fourteenth Street, NW, in the District, near the intersection of 14th and U Streets. On-street parking is available.

Upon arrival we get assignments (some of us will distribute snacks and sandwiches, others will serve soup), and put on aprons before we depart in the van to 5th and New York Ave., NW (near the new Convention Center). We are driven by one of our experienced volunteers and the trip to distribution location takes about 10-15 minutes.

We serve about 30-75 people per visit including a few mothers who come for food for their families. The area is well patrolled by police. The food distribution is conducted in an efficient, calm and orderly fashion and many of the people we serve are quite appreciative of our efforts. Once we serve all of the food, we do a clean up of the immediate area. Total time for the distribution takes about one hour and we usually return to Martha’s Table by or before 6:30 pm.

We would love to have you join us on one of our upcoming food runs which are always on the 4th Sunday of the month. If you are able to volunteer on April 22nd or for a future date, please contact Marlo Go at MGo@ctia.org or Tom VanWazer at tvanwazer@sidley.com.

McKenna’s Wagon

McKenna’s Wagon is a mobile soup and sandwich wagon that goes “on location” to deliver food to the needy. For those who have volunteered, it has been a wonderful experience and a great way to help the needy in the D.C. community. This is an especially good experience for the teens and pre-teens among us who do not have a full appreciation of the many privileges they enjoy. Community service credits are also available.

The Wagon is a white van that is loaded up with sandwiches, snacks and soup. We meet at Martha’s Table at 4:45 pm in comfortable clothes and shoes. Martha’s Table is located in a yellow building at 2114 Fourteenth Street, NW, in the District, near the intersection of 14th and U Streets. On-street parking is available.

11th Annual Golf Tournament Friday, June 15th

Registration for the 11th Annual FCBA Foundation - Robert E. Lee Memorial Golf Tournament is now open. Look for the registration form on page 27 of the newsletter. After 10 years in Virginia, this year’s Tournament will be held at Worthington Manor Golf Club in Urbana, Maryland, on Friday, June 15, 2007. Worthington Manor is regularly rated as one of the Mid-Atlantic’s premier daily-fee golf clubs, and is a frequent U.S. Open Qualifying site—particularly appropriate since the Tourney takes place on the Friday of the U.S. Open, allowing players to do their best Tiger Woods imitation before coming off the course to see who is (or isn’t) making the cut at the real deal.

As in previous years, a scramble (Captain’s choice) format will be used and the event is designed to ensure a fun day no matter whether your handicap is three, thirty or somewhere in between. All Eagle Sponsor Foursomes compete for the coveted Eagle Trophy, and many, many other prizes will be awarded thanks to the generosity of our corporate sponsors. Registration includes round, driving range, light breakfast and barbeque lunch — plus a list of acceptable excuses not to return to the office on a pleasant Friday afternoon.

Most importantly, all proceeds go to the FCBA Foundation to support tuition grants for deserving District of Columbia High School graduates. As Stub Estey, one of the original organizers of the tournament would say, “What a great concept: Do good and have fun at the same time.”

Pursuant to the Office of Government Ethics regulation on widely-attended gatherings (5 C.F.R. §2635.204(g)(2)), non-sponsors of an event may issue invitations directly to Federal employees provided that at least 100 persons are expected to attend the event and the non-sponsor’s offer does not exceed $285.00 in value. The Chairman’s Dinner meets both of these requirements. Therefore, please note that organizations and individuals may issue invitations to the Chairman’s Dinner directly to Federal employees without the involvement of the FCBA.

While this event has been cleared by the Office of General Counsel in previous years, each FCC employee is required to obtain individual ethics clearance based on the matters you are working on within the Commission.
