# PRESIDENT'S MESSAGE

## DEAR MEMBERS:

I write this, my first President's message, with 10 days to go before I officially become President of the FCBA. I want to begin by expressing my gratitude for the opportunity to serve the association in this capacity. I look forward to working with many old friends and to making new ones during the coming year. I am fortunate to inherit an excellent slate of officers and Executive Committee members, led by Sandy Wilson as President-Elect. With the FCBA's tradition of staggering experienced leaders with newly-elected individuals, I am confident that we will have a good mix of old hands offering insight and experience and greenhorns suggesting new ideas and thoughts on all levels.

We all owe our outgoing President, Margaret Tobey, a debt of thanks. Margaret will be a tough act to follow. She led the association with energy, aplomb and a strong sense of purpose. Margaret also managed to maintain her wonderful sense of humor and a healthy perspective in a year in which we all lived through some dark times. Margaret reminded us at the first FCBA luncheon following September 11th about the importance of community, which one finds in the FCBA. I know that I take over the helm with things in good order as a result of Margaret's tireless work and dedication.

I am nearly finished with the task of appointing the 110 or so co-chairs for the 2002-2003 year. I have done my best to include both veteran members and promising newcomers in leadership positions, including a half dozen or so "young" co-chairs in addition to the co-chairs of the Young Lawyers Committee—Yaron Dori and Ryan Wallach. These young people have shown a willingness to become involved in a variety of capacities. The active participation of our members is one of the association's greatest strengths; it not only helps the organization, it offers a personally rewarding experience as well. New members, especially, can benefit from participation and should not be concerned if they do not know many others in the association. I did not know anyone in the FCBA when I called Larry Roberts, then Chair of the Young Lawyers Committee, to ask how to get involved. I showed up as instructed and have continued to seek out other opportunities over the years. I have found the FCBA to be a truly volunteer bar association; that is, speak up and you can have as much or as little responsibility as you desire. I encourage any of you who have an interest in becoming more active to pick up the phone and call a committee co-chair to volunteer and participate more actively this year.

We will hold our annual kick-off co-chairs meeting in mid-July so that we can use the summer months for planning purposes. I have asked the new CLE co-chairs, Mark Grannis, Laura Phillips and Lauren VanWazer to work with each of the substantive committees on at least one CLE program, so you can expect earlier and more frequent CLE programs. I am happy to report that Seminar West 2002 is set for July 19-21 in San Diego. The committee, led by Heather Grahame, Anne Hoge, Anita Wallgren and Bryan Tramont has raised the bar for taking leadership and organizing responsibilities seriously. They have planned a high-caliber program featuring Commissioners Kathleen Abernathy and Kevin Martin, Congressman Darrell Issa (R-CA), and many others.

I can also report that the 20th annual PLI conference is already scheduled for December 12-13, 2002. Dick Wiley, Henry Rivera and Clark Wadlow chair the planning committee and have an all-star line-up of participants, including Senator George Allen, Commissioners Michael Copps and Kevin Martin, the Honorable Nancy Victory, and

## Broadband: Feast or Famine? Ingredients for Success

Friday, July 19, 2002

**1:00-6:00 p.m.**  
**REGISTRATION**

**4:00-4:05 p.m.**  
**WELCOME AND INTRODUCTIONS**

Peter Shields, FCBA President-Elect, Wiley Rein & Fielding LLP and Heather Grahame, Co-Chair, Dorsey & Whitney, LLP

**4:05-5:15 p.m.**  
**SPECTRUM POLICY IN 2020: WHAT OF BROADCASTERS, SATELLITES, TERRESTRIAL, AND UNLICENSED USERS?**

In the technology-driven world of telecommunications, staying ahead of the emergence of new service offerings has proven a daunting challenge for service providers and equipment manufacturers alike. What is new today may be passé in three years. How, then, can policies be anticipated over the next decade and beyond? As wireless technologies continue to gain ascendance in the marketplace, the challenges for spectrum allocation will become increasingly complex. Will secondary markets in wireless spectrum take hold and find financial footing in the next decade? What pressures will the emergence of software-defined radio bring to bear on the FCC's policies during this time frame? What will be the future role of auctions and spectrum caps in the domestic marketplace? The events of 9/11 have resulted in a resurgence of security concerns regarding how wireless spectrum is utilized, and in increased sensitivity to the needs of the military. What will be the balance between defense and commercial users of wireless spectrum by 2020? Our speakers will attempt to step back and take a longer-term look at where wireless

spectrum allocation policies will be going in the next twenty years and beyond.

*Moderator:*  
Bryan Tramont, FCC

*Panelists:*  
Bill Bold - Qualcomm  
Toni Cook Bush - Northpoint Communications  
Michael Chartier - Intel  
Dale Hatfield - University of Colorado

**5:15-5:30 p.m.**  
**BREAK**

**5:30-6:45 p.m.**  
**RIGHTS OF WAY: PUBLIC AND PRIVATE INTERESTS AT ODDS?**

Are you a building owner and want to provide widespread broadband access and quickly? Or, are you a carrier and want to blanket a city with broadband capabilities? What public and private interests must be bridged in order to provide a community, including the last 100 feet, with broadband capability?

This panel will focus on facilities and rights of way issues that address the knotty combination of real property, contract, FCC, state commission and municipal concerns regarding rights of way and access. Some of these are private concerns and some are public. Both must be addressed, however, for a community to have broadband access.

**CAPITAL FORMATION, COMMUNICATIONS AND THE INTERNET: WHAT'S LEFT AND WHERE DO WE GO FROM HERE**

In the last 20 years the venture capital business has grown from a cluster of small firms to an industry fueling entrepreneurs with over 100 billion dollars worldwide. But much of the capital available to telecommunications and technology startups has evaporated over the last two years. How have companies managed in this extreme environment? What other sources of funding are available prior to public offerings? Is there money available for telecom, networking and broadband technology companies, or has it all moved to biotech? Our speakers will share their perspectives on what has happened over the last 3-5 years in private and public equity funding in the telecommunications and technology sector and where they think we are headed and how soon.

## Mass Media Day At Martha's Table

Sunday, July 28th, will be "Mass Media Practice Day" for FCBA Foundation volunteers at Martha's Table. Attorneys from private practice, trade organizations and the government who work with radio, television and cable companies will be volunteering that day, from 10:00 a.m. until 1:00 p.m., to assist in the preparation of meals for the District's homeless population. Family, friends and even attorneys with other practice areas are welcome to join us. As many have discovered, this is a great event for children as well. Martha's Table feeds hundreds of hungry, homeless adults and children on the streets of Washington daily, through its mobile soup kitchen, McKenna's Wagon. Please bring sandwich fixings (bread and sandwich meat) with you, as the center often runs out of donated food.

Martha's Table is located in a yellow building at 2114 Fourteenth Street, NW, in the District, near the intersection of 14th and U Streets. On-street parking is available. For more information, contact Howard Weiss at 703/812-0471 (or Chris Wood at 202/939-7903 (cwood@fw-law.com)).

## Volunteers Wanted for McKenna's Wagon Mobile Soup Kitchen on July 28

FCBA volunteers will meet to assist the Martha's Table mobile soup kitchen, McKenna's Wagon on Sunday, July 28. Volunteers will meet on Sunday afternoon at Martha's Table before they depart with the van of food to selected locations. ## Unique Volunteer Opportunity

Have fun! Meet others! Help the less fortunate! The FCBA's **Young Lawyers Committee** organizes volunteers for the **Bread for the City Clinic** to spend three hours once a quarter helping lower income individuals through a clinic sponsored by the DC Bar. FCBA co-volunteers in this effort with the Department of Justice Antitrust Division and Piper, Rudnick LLP. The clinic will be held **Saturday, August 10, from 9:30 a.m. until 12:30 p.m.** Attorneys receive a brief interview/orientation for 1/2 hour with bagels and juice. Volunteers are expected to assist clients only during the time they are at the clinic and no special legal knowledge is needed. Attorney volunteers often rely more on common sense and a general knowledge of the law to aid clients and make referrals when more comprehensive assistance is needed. Experienced attorneys on-site assist volunteer attorneys with detailed substantive questions. All members of the FCBA and of the DC Bar are welcome to volunteer (federal employees are not required to be a member of the DC Bar). Paralegals and law students are also welcome. Please contact **Cheryl A. Leanza**, Media Access Project, at [cleanza@mediaaccess.org](mailto:cleanza@mediaaccess.org) or (202) 232-4300. The clinic is located at Bread for the City, 1525 7th St., NW Washington, D.C. Metro accessible on the Green line, Howard University Metro station, exit at 8th & R Streets.
