28th Annual FCBA Charity Auction to be held on November 2

The FCBA Young Lawyers Committee and the FCBA Foundation will hold their 28th Annual Charity Auction on **Thursday, November 2, 2017**, at the **Sphinx Club at the Almas Temple, 1315 K Street, NW, Washington, DC**, from approximately **6:00 – 10:00 p.m.** Admission is free and the event is open to the public.

Proceeds from this year's Charity Auction will benefit two great, local charities—**Supporting and Mentoring Youth Advocates and Leaders (SMYAL)** and the **FCBA Foundation**. In 1984, local youth service professionals and community activists organized a conference after learning that “cross-dressing” youth from local schools were being institutionalized in a psychiatric hospital. From this, SMYAL was founded to meet the needs of LGBT youth in the Washington, DC area. Today, SMYAL supports and empowers youth by creating opportunities to build self-confidence, develop critical life

PRESIDENT'S Message

DEAR FELLOW FCBA MEMBERS:

I hope that your summer vacations were relaxing and rejuvenating. I had the pleasure of exploring some of our country's national and state parks in Colorado and Utah. The parks were filled with visitors from all over the world, many of whom were eager to discuss American and world politics. Through my many encounters, I was reminded that most people share a common goal of world peace and cultural understanding.

Speaking of goals, this year I am eager to harmonize our Washington, D.C. FCBA membership with our FCBA Chapters throughout the U.S.: Atlanta, Carolina, Florida, Midwest, New England, New York, Northern California, Pacific Northwest, Rocky Mountain, Southern California and Texas. If you are traveling to these areas, I encourage you to connect with our chapters. The Chapter Co-Chairs are listed on the FCBA web site.

The FCBA's fall schedule is filling up, with our first Luncheon on September 19, with Acting FTC Chairman Maureen Ohlhausen keynoting. We will hold a New Commissioners Reception in October, and the 28th Annual FCBA Charity Auction will be held on November 2. This year's beneficiary is SMYAL, (Supporting and Mentoring Youth Advocates and Leaders), which supports and empowers lesbian, gay, bisexual, and transgender (LGBTQ) youth in the Washington, DC, metropolitan region. The other beneficiary is the FCBA Foundation, which will use proceeds from the Charity Auction to support the annual scholarship program. Please consider making a prize donation to the Charity Auction by September 25, and of course, please make sure to attend and bid early and often!

Our fall CLE and Brownbag calendar is packed, with new events covering: the FCC and FTC enforcement policies; the FCC's equipment authorization rules; law enforcement regarding privacy; data security and privacy for health IT devices; closing the digital divide; rural wireless broadband; Internet of Things; international issues; professional responsibility; and many others in the works. Check the FCBA web site and newsletter for details.

The FCBA is boosting our social media presence! Please use our Twitter handle (@FCBALaw) and our Facebook page to tell the world about our great work. Tweet, link, tag, and post!

Finally, please welcome Janeen Wynn, who joins the FCBA staff as Senior Manager of Programs and Special Projects. We are thrilled to welcome Janeen to the FCBA.

As always, you can contact me at: jkearney@CTA.tech or 703.907.7644. I'm eager to hear from you. I look forward to seeing you at our many events this fall!

In order to do this, we prefer that each individual member print out his/her own order and submit it for payment through their internal channels. If the firm/company does not include each individual invoice with payment, they must include a list of members to renew along with each person's membership category and the fee associated. **If we receive one check for multiple renewals, the firm/company must include a copy of each individual invoice or a list of member names, membership categories, and fees associated with each member. If you are paying for multiple renewals by credit card, you must pay each invoice individually online.**

To view your information in the FCBA online directory, click on the **Individual Directory** link in the menu options after you have logged in. Search for your entry information. Thursday, September 14, 3:00 – 5:15 p.m. FCC and FTC Enforcement Priorities under the New Administration

The FCBA Enforcement, Judicial, and Privacy and Data Security Committees will sponsor a CLE on **Thursday, September 14** from **3:00 – 5:15 p.m.** entitled “FCC and FTC Enforcement Priorities under the New Administration.” This program will be held at Morgan, Lewis & Bockius LLP, 1111 Pennsylvania Avenue, NW.

To register, [click here](#) or go to the [FCBA Website – Calendar of Events](#) or use the form on [page 13](#).

Agenda

3:00 – 3:05 p.m. WELCOME AND INTRODUCTIONS

Steve Augustino, Partner, Kelley Drye & Warren LLP

3:05 – 4:00 p.m. FTC VS. FCC OVERVIEW; MAJOR ACTIONS UNDER THE PREVIOUS ADMINISTRATION AND POTENTIAL ENFORCEMENT PRIORITIES UNDER THE CURRENT ADMINISTRATION

A panel of FCC and FTC practitioners will give a brief overview of the structure of the FCC compared to the FTC; the sources of authority for each agency; and each agency’s approach to, and tools for, enforcement presentations. Next, the panel will discuss record-setting actions from the previous administration, and the impact of those actions on the body of FCC and FTC communications precedent. Finally, panelists will discuss potential FTC and FCC enforcement priorities under the new administration.

Speakers:

4:00 – 4:10 p.m. BREAK

4:10 – 4:20 p.m. OVERVIEW OF FTC V. AT&T, NO. 15-16585

In May 2017, the 9th Circuit agreed to review en banc a three-judge panel decision overturning the FTC’s speed throttling action against AT&T. In its decision, the three-judge panel held that the statutory exemption that traditionally prevented the FTC from acting on common carrier activities also prohibited the agency from enforcing against companies with “common carrier” status. Following the FCC’s reclassification of internet service providers in 2015, this case seemed to chip away at the FTC’s authority further, calling into question the FTC’s ability to regulate certain edge providers.

This portion of the session will provide a more detailed description of the substantive issues and the procedural history of the 9th Circuit AT&T case.

Speaker:
Christopher Wright, Partner, Harris, Wiltshire & Grannis LLP

4:20 – 5:15 p.m. FTC V. AT&T DEBATE

In this portion of the program, four panelists will split into two teams presenting different sides of the argument in a debate-style forum. Panelists will be asked to: (1) present opening arguments supporting their positions; (2) take questions from the “judge;” and (3) present rebuttals. There will be a break during the debate for panelists to caucus with attendees, who will be asked to sit behind the

panelists whose argument they most support. A question and answer session will end the program.

Monday, September 25, 3:00 – 5:15 p.m. FCC Equipment Approvals for a New Era

The FCBA Engineering and Technical Committee will sponsor a CLE on **Monday, September 25** from **3:00 – 5:15 p.m.** entitled “FCC Equipment Approvals for a New Era.” This program will be held at a location to be determined in Washington, DC.

The FCC has recently issued an order, the second in several years, aimed at updating and revising its rules for equipment authorization. This most recent order consolidates the Commission’s self-verification procedures for certain devices; codifies rules for electronic labeling; revises various importation rules; and also addresses the means by which the agency can respond to changes in industry standards and measurement requirements.

The Commission also has promised to address additional unresolved proposals from the rulemaking proceeding in a forthcoming order. Those issues include: the certification requirements for “modular” devices; the identity and roles of “responsible parties” for different types of devices; and how to allow modification of devices via software changes in a way that prevents changes that could cause harmful interference. Some of

these proposals generated controversy, as some parties believe that they will stifle innovation, while the FCC seeks to balance this concern with the need to protect both consumers and the use of spectrum.

This CLE examines the new and proposed rules, and considers what a good policy balance may be so that industry can design wireless devices for a new era of innovation while leaving the FCC reasonably assured that no harm will come.

NEW EQUIPMENT APPROVAL, ELECTRONIC LABELING, IMPORT AND STANDARDS RULES

The first panel will provide an overview of the FCC's newly-adopted rules covering the issues of self-certification, electronic labeling, importation requirements, and changes to measurement standards. It will also examine the practical implications of these regulatory changes on industry.

BREAK

4:15 – 5:15 p.m.

PHASE 2: THIRD-PARTY SOFTWARE, MODULAR COMPONENTS, RESPONSIBLE PARTIES, & OTHER MATTERS

Software updates to wireless technology will become increasingly important as we enter a new world order that will include a proliferation of “Internet of Things” devices, autonomous vehicles, and drones. The FCC proposed limits on allowable third-party software updates for wireless devices, but put off adoption of new rules due to industry reaction. This second panel will discuss the FCC's proposal, and the implications of allowing the use of third-party software to modify or update wireless devices, and who the responsible party should be. It will also explore other pending rule changes, such as certification of devices assembled from modular components and the number of devices that may be imported for personal use.

State and Local Practice Committee Hosted Well-Attended Program on August 18

On Friday August 18, 2017, the State and Local Practice Committee hosted a well-attended brown bag event featuring **Massachusetts Commissioner Karen Charles Peterson** and former FCC Commissioner – now, **CEO of the Wireless Infrastructure Association, Jonathan Adelstein**. The topic was the work of the FCC's *Broadband Deployment Advisory Committee*.

Commissioner Peterson is co-chair of the *Model Code for States working group* and Mr. Adelstein is chair of the *Streamlining Federal Siting working group*. Both indicated that the working groups are targeting November 9 to present their initial recommendations for the full BDAC's consideration. Mr. Adelstein, after pointing out that the BDAC has a two-year charter, suggested that not all of the working groups may get to their final recommendations by that November meeting. But, in response to a question,

Brad Ramsay, Emmitt Carlton, Jonathan Adelstein, Elisabeth Ross, and Andy Klein

Mr. Adelstein indicated that the Removing State and Local Regulatory Barriers and the Competitive Access to Broadband Infrastructure and working groups should finalize their recommendations by that November meeting because they can be viewed as feeding into FCC action on two major preemptive rulemakings on wireless and wireline infrastructure deployment expected by the end of the year. In response to another question, Mr. Adelstein pointed out the potential for using an amalgam of “streamlining”

and preemptive measures that have already been signed into law in 12 states. Commissioner Peterson indicated that some of those States laws were better than others – and that some had elements that could have used additional review before passage. Mr. Adelstein discussed in his opening remarks the need to work closely with states and localities. This drew a question about how the BDAC could provide that cooperative approach given the obvious imbalance in the 30-member BDAC, which has 21 industry representatives and a small number of State and local representatives. Mr. Adelstein and Commissioner Peterson both pointed out that one way they have sought additional “local” input is by inviting local representatives onto some of the conference calls. The presentations and questions session lasted for just over an hour.

Interested in Hosting an FCBA event?

The FCBA greatly appreciates the support of our members' firms and companies who provide space for our brown bag lunches, committee meetings, and CLE Seminars throughout the year. We are, however, always looking for new locations that can host FCBA events.

In general, we need conference rooms that can seat at least 30 people at tables for brown bag lunches and committee meetings and conference rooms that can seat at least 60 people theatre style for CLE seminars. Firms and companies hosting brown bag lunches provide beverages and desserts; firms and companies hosting CLE seminars provide beverages and snacks. Brown bag lunches are generally held from 12:00 – 1:30 p.m. and CLE seminars are generally held from 12:00 – 2:15 p.m., 3:00 – 5:15 p.m., or 6:00 – 8:30 p.m. Additionally, for CLE seminars we need facilities that can provide technology support for microphones for as many as six speakers on a panel, the ability to tie the house sound system into a teleconference bridge, and video projection capabilities for PowerPoint presentations. If your firm or company has the needed conference room facilities and capabilities and would be willing to host future FCBA activities, please email **Kerry Loughney**, kerry@fcba.org.

2017 FCBA Membership Directories

The FCBA 2017 Membership Directories were recently mailed to members. Please use the form on [page 15](#) to order additional copies for your office.

Young Lawyers Committee Events

The Young Lawyer's Committee hosted a brown bag lunch and discussion on the difference between regulatory and congressional focus in practice. Panelists Sean Conway (Wilkinson Barker Knauer), Hadass Kogan (Dish Network), and Bakari Middleton (Office of Senator Booker) shared their experiences working with and advocating before decision makers on Capitol Hill and the FCC. Special thanks to Phillip Berenbroick (Public Knowledge) for moderating and WBK for hosting the event.

On July 31, members of the Young Lawyers Committee, the Auction Committee, and auction volunteers gathered on the waterfront for a happy hour with some folks from this year's auction beneficiary SMYAL (Supporting and Mentoring Youth Advocates and Leaders). Attendees learned more about SMYAL and the ways they can make a difference by being involved with the Charity Auction.

On August 8, Members of the Young Lawyer's Committee gathered at Nats Park to watch the Washington Nationals take on the Miami Marlins. Fun was had by all, even though the Nationals lost by a score of 7 to 3.
