Mark your calendars and make plans to join your colleagues at The Boar’s Head Resort on May 1-3. The Annual Seminar Committee is planning what promises to be an outstanding program filled with the latest information on telecom issues and great networking opportunities. The theme this year is “20/20 Vision, 20/20 Hindsight: How Tech Policy Will Evolve in the 20s 2.0.”

Important Room Reservation Information: The FCBA special group rates of $245 for a standard room and $275 for a premium room are available through Tuesday, April 7. After this date, the special group rate will no longer be available, and the room rates will increase.

We know some organizations are putting temporary restrictions on non-essential travel. At this point, we’re still planning for a fun and engaging program the first weekend in May. We’re hopeful that COVID-19 won’t end up posing a problem for the Seminar, but we’re paying close attention and will let you know if things change.
DEAR FELLOW MEMBERS:

I hope everyone had a safe and productive Leap Day. Did you do what Twitter recommended, and take a chance on something off-the-wall and crazy, knowing Feb 29 is a day that rolls around only once every four years? Or did you just try and get extra laundry done? Me, I spent most of the day wondering why Facebook had so few daily memories for me to look back on—that, and judging the Moot Court competition, which was as rewarding as ever. I am sure we'll be seeing many of those folks around at future bar events, and judging by this weekend, the future is in good hands.

Of course, now that Leap Day is over there are plenty of other things to focus on, like a looming super virus that might cancel the Olympics and a looming election that seems consequential, somehow, but we don't have to talk about any of that here. No, instead let's talk about the great stuff that the FCBA has planned for the rest of the year. If you're looking for an escape, or are a former Presidential candidate who suddenly has a lot of extra time on your hands, we've got you covered.

First, we've got our all-member happy hour coming up on March 11 at the Hawthorne. As with our past all-FCBA happy hours, this is a great way to meet and mingle with your colleagues, without having to pay either money or attention. Check your email for an evite; RSVPs are appreciated but not required, so if you can't find the email, this column serves as your invitation.

Second, we've got the upcoming Mentoring Supper, which provides a great opportunity for young and mid-career lawyers to talk to FCBA members that might be able to offer helpful advice or perspective.

Third, there's the Annual Seminar in Charlottesville in May. Registration is open, so sign up and make your hotel reservations now. The agenda is still in development, but I'm honestly excited about the number of people who are already committed to attend. We'll have great programming for you, and Charlottesville is a great place to spend the weekend (as literally everyone who went to UVA will constantly remind you).

Finally, there's a definite winner to the Chairman's Dinner t-shirt contest, and I'll be wearing that shirt at an upcoming event. Keep an eye out! In the meantime, please enjoy the limited edition, this-month-only profile picture, which was inspired by the Chairman's Dinner contest and I guess might be called a runner up in that event? But it's clearly a champion in our hearts.

Please do not hesitate to reach out to me with your questions, comments, and recommendations at: jturner@wileyrein.com or 202-719-4807.

Thursday, March 19, 2:00 – 6:00 p.m.  

The FCBA Privacy and Data Security Committee and the American Bar Association’s Forum on Communications Law will hold the 15th Annual Privacy & Data Security Symposium on Thursday, March 19 from 2:00 – 6:00 p.m. This program will be held at Arnold & Porter LLP, 601 Massachusetts Avenue, NW.

Many stewards of the Internet’s most popular websites, online services, and platforms have historically funded their products and services by harnessing the value of consumer data, with varying degrees of transparency about what data they collect, how they use it, and what third parties do with it. Consumers, public interest groups, some tech companies, regulators, and governments across the world have increasingly criticized this state of affairs – and called for reform.

This event will present an in-depth discussion of key trends in these reform efforts, including the growing role of consumer data rights, increasing platform regulation, and ongoing debates over the efficacy of enforcement efforts. We will examine the varying approaches that recently implemented laws, such as the European Union’s General Data Protection Regulation (GDPR) and the California Consumer Privacy Act (CCPA) have taken on these three topics – and what approach future laws and regulations may take in the new decade.

If you are an FCBA member who will be attending in person in Washington, DC, click here to register online or use the form on page 19. *Note that ABA Forum on Communications Law members may not register online. Please use the form on page 19.

If you are located outside of the Washington, DC metro area and are interested in attending via webcast, please contact elizabeth@fcba.org.

Agenda

2:00 – 2:05 p.m.  
OPENING REMARKS AND INTRODUCTION

2:05 – 2:25 p.m.  
KEYNOTE ADDRESS  
FCC Commissioner Geoffrey Starks

2:25 – 3:30 p.m.  
SESSION I: CONSUMER DATA RIGHTS  
Providing consumers with greater ability to control their personal information has been key focus of recent and proposed changes to privacy law. Our first panel will critically evaluate the rise and future of legally actionable consumer data rights, looking to issues such as: Have new laws given consumers effective and meaningful choices with respect to personal information – or have they just created notice fatigue? What has the effect been on competition? How do property-rights or fiduciary-based proposals, such as New York Shield, fit in? How can organizations cope as rights-related obligations proliferate in different jurisdictions?

Moderator:  
Adrienne Fowler, Partner, Harris, Wiltshire & Grannis LLP

Speakers:  
Greg Anderson, Vice President and Chief Privacy Officer, The E.W. Scripps Company  
Frances Henderson, Vice President and National Director, Privacy Initiatives, Better Business Bureau  
Evelyn Remaley, Associate Administrator, Office of Policy Analysis and Development, National Telecommunications Information Administration

3:30 – 3:40 p.m.  
BREAK

3:40 – 4:45 p.m.  
SESSION II: PLATFORM REGULATION  
Toward the end of the decade, lawmakers, regulators, and the public placed a renewed focus on the responsibility that platform providers have for the content and conduct of companies that use the platform, including those providers’ and their corporate clients’ privacy practices. For example, Google settled allegations by the Federal Trade Commission and New York Attorney General that its subsidiary YouTube knowingly collected information from children in violation of the Children’s Online Privacy Protection Act (COPPA) Rule. And Facebook has been subject to intense scrutiny in connection with of its sharing of Facebook users’ data with third parties. Panel II will discuss and debate the current and future states of platform providers’ evolving obligations as “privacy gatekeepers” for third-party conduct.

SESSION III: ENFORCEMENT
Though the Federal Trade Commission remains the leading federal enforcer against companies and online platforms for privacy and data security failures, questions remain over whether it is effective or whether a new data privacy and security agency is needed. The roles of state and private enforcement also are the subject of ongoing debate. Questions also linger over the role of other federal agencies, especially with respect to cybersecurity. This panel will explore these items while building on the prior two by focusing on consumer control and platforms in particular.

The social side of the seminar will begin with a reception Friday evening followed by our traditional family BBQ dinner. Later in the evening the FCBA's Club Karaoke will provide the opportunity for one and all to showcase their singing talents. Saturday activities will open with our breakfast buffet and the afternoon will feature the annual FCBA golf and tennis tournaments, in addition to the Hemings Family Tour or House Tour at Monticello or the Potter's Craft Cider Tasting. Saturday evening will begin with a reception followed by a dinner buffet. Then make sure to join our Roaring 20s Casino Night and themed Costume Contest! Sunday morning the seminar closes with a breakfast buffet.

The Spa: Unfortunately, the Spa at Boar's Head experienced a massive fire in December, which destroyed the structure. We know that many of you take advantage of these amenities. While there aren't any other spas that will compare, we have looked into a few options if you are interested. For further details, please contact kerry@fcba.org.

Childcare: For further details, please contact kerry@fcba.org.

SATURDAY AFTERNOON ACTIVITIES

Golf and Tennis. Participate in the golf outing and enjoy an afternoon on the Old Trail Golf Course, complete with a box lunch. If you would rather play tennis, join your fellow FCBA friends in a round robin tournament.

The Monticello Private Hemings Family Tour: Opened to the public in 2018, this small-group tour explores Monticello using the stories of Hemings family members, one of the best documented enslaved families in the U.S. Decades of documentary research, archaeological analysis and oral histories provide narratives of struggle, survival and family bonds across generations. The Hemings stories echo the history of race and slavery in this nation. Tour guides explain about the challenges Hemings faced as they maintained family ties and strove for freedom. The thought-provoking tour highlights how the Hemings straddled the color line, defying the stark dividing line imposed by slavery.

Note that this 1-hour, 45-minute tour includes a fair amount of walking over uneven terrain. It's not recommended for children under 12.

The Monticello House Tour: We are also organizing a more family-friendly tour for those with young children. This Day Pass and 45-minute House Tour provides an
intimate look at the extraordinary house Thomas Jefferson built and furnished for himself and his family.

Everyone will begin the afternoon as a group with a box lunch in the Café. Visit Potter’s Craft Cider Tasting Room. Located about 10 minutes from the Boar’s Head Resort, the Potter’s Craft Cider Tasting Room is housed within the soaring stone walls of Neve Hall, a former church turned artist’s residence. New cider drinkers can learn all about Potter’s through a bottle-poured tasting, while experienced fans can savor flights, rotating ciders on draft, and as many bottles, growlers, and cans as you can carry. Individuals are responsible for their own food and beverage fees on-site. Participating in the group tasting will cost $15. Although there is no up-front registration fee, we request that you sign up on the registration form, so we know how many people to expect.

ABOUT THE RESORT

### Report on ABA House of Delegates 2020 Midyear Meeting

**Drones, Trademark Infringement, and Autonomous Vehicles**

At its February 17, 2020 Midyear Meeting in Austin, Texas, the American Bar Association’s House of Delegates took several actions of potential interest to FCBA members:

The House adopted Resolution 111, which relates to unmanned aircraft systems and provides as follows:

**RESOLVED, That the American Bar Association urges federal, state, local, territorial, and tribal governments, and their respective agencies and departments, to protect real property interests, including common law trespass and privacy rights, with respect to any statute, ordinance, regulation, administrative rule, order, or guidance pertaining to the development and usage of unmanned aircraft systems over private property.**

Resolution 111 was presented to the House by the ABA’s Section of Real Property, Trusts, and Estates Law and accompanied by a 10-page Report. You can find the Resolution and Report here: [https://www.americanbar.org/content/dam/aba/directories/policy/midyear-2020/2020-midyear-111.pdf](https://www.americanbar.org/content/dam/aba/directories/policy/midyear-2020/2020-midyear-111.pdf)

The House also adopted Resolution 101A, presented by the ABA’s Section on Intellectual Property Law, supporting recognition of a rebuttable presumption of irreparable harm in certain trademark infringement/injunctive relief actions. That Resolution and accompanying Report can be found here: [https://www.americanbar.org/content/dam/aba/directories/policy/midyear-2020/2020-midyear-101a.pdf](https://www.americanbar.org/content/dam/aba/directories/policy/midyear-2020/2020-midyear-101a.pdf)

Resolution 109A, relating to autonomous vehicles, was withdrawn for procedural reasons. The proposed Resolution would request approval of the Uniform Automated Operation of Vehicles Act as appropriate for states desiring to adopt the specific substantive law suggested therein (proposed Resolution and Report found here): [https://www.americanbar.org/content/dam/aba/directories/policy/midyear-2020/2020-midyear-109a.pdf](https://www.americanbar.org/content/dam/aba/directories/policy/midyear-2020/2020-midyear-109a.pdf)

10th Annual Mentoring Supper

Calling all young lawyers, law students and lawyers in transition! Mentees should register today for the 10th Annual Mentoring Supper which will be held on Wednesday, March 25 from 6:30 – 8:30 p.m. at Hogan Lovells US LLP, Columbia Square, 555 Thirteenth Street, NW.

The 10th Annual Mentoring Supper is an opportunity for law students and lawyers of all experience levels to interact with distinguished members of the bar while enjoying a catered dinner. Typically, three mentees will converse with two mentors across a dinner table, allowing for substantive discussions about career development and related topics. The event is organized so that lawyers in various phases of their careers may benefit from law students to recent graduates to more experienced attorneys looking for guidance from industry leaders. For the last nine years, an outstanding roster of experienced lawyers have agreed to serve as mentors for this program, representing an incredible breadth of private and public businesses, federal agencies, non-profits, large and boutique private law firms, and trade associations.

Space is limited, so mentees please do not wait to register for this popular program! Registering for the event in advance helps the planning committee confirm the best mix of potential mentors based on mentees’ current career status. You are never too experienced to benefit from a mentoring relationship, and you never know how participation may affect your career. It is certainly worth your time.

Dinner is included in the mentee’s registration fee of $10.00.

This year’s event will take place on Friday, March 27 from 1:00 – 4:00 p.m. in GW Law’s Faculty Conference Center. The symposium is titled, Untethered - Politics & Speech on the Internet.

The Symposium will explore lessons from the 2012 and 2016 elections, and insights and best practice addressing misinformation, consumer privacy, and advertisement transparency. Jason Oxman
By: Laura Phillips

Jason Oxman is one of those eternally sunny people who can uplift others by their sheer force of positivity. I always enjoy my encounters with Jason, and I was thrilled to have lunch with him in early February to talk about all the great new things he has taken on in the last year as President and CEO of the Information Technology Industry Council (ITI). ITI is the global voice of the tech sector, and it advocates for public policies that advance innovation, open markets and enable the transformation of economic, societal and commercial opportunities that its members create. No small jobs for Jason!

Q: What attracted you to the field of communications and how have you progressed over your career?

A: My first post-collegiate job was in radio news - I was an anchor at an AM/FM combo in Massachusetts. And I always say I definitely had the face for radio. As I was considering my future, Boston University launched a dual degree communications law program and I entered in the inaugural class to pursue a law degree and masters in communications. So communications law became my thing. And while I was finishing school, the 1996 Telecom Act passed and we were all off to the races. In some ways I started down the typical law firm path in that I did my second summer in a large law firm, and then I clerked at the Maine Supreme Court after graduation. But rather than working at a law firm, my first post law school job was at the FCC. The agency was hiring a host of new lawyers to help implement the 1996 Telecom Act, and that seemed pretty compelling to me. I was involved in the then-Common Carrier Bureau’s Policy Division working for Richard Welch, Carol Mattey, Ann Stevens and many other great people. Michelle Carey was my first team leader and taught me how to write an FCC order. I started as an FCBA member way back then too.

After a while, I had the opportunity to go work for Bob Pepper in the FCC’s Office of Plans and Policy (OPP). That is where I discovered the policy side of telecommunications, and I got the chance to author an OPP White Paper on broadband policy, “The FCC and the Unregulation of the Internet.” Then I had a stint for five years handling regulatory affairs at Covad, one of the CLECs that came into being as a result of the 1996 Telecom Act. Then I entered the trade association world as General Counsel of ALTIS, working with John Windhausen advocating for facilities-based telecommunications and broadband companies. After that I spent six years at the Consumer Technology Association as Senior Vice President of Industry Affairs. During that time, Gary Shapiro gave me the opportunity to expand my portfolio to learn association management as a business. It was at CTA that I decided that trade association leadership was going to be my path, and I obtained my professional certification in association management from ASAE, the trade association of trade associations (yes, there is a trade association for everything). Then the opportunity presented itself to helm the Electronic Transactions Association, and I spent seven years there as CEO, growing the association and the industry as mobile technology was changing the way payments are made.

My most recent move was to ITI, where I am now President and CEO. ITI is no newcomer; it has been around since 104 years ago: IBM and NCR. ITI is one of the largest tech associations working on broad range of policy issues, including tax and trade, 5G, broadband, cybersecurity and other global matters. ITI has offices in the US, Europe, Asia, and South America and we have 50 amazingly talented policy professionals. Given the breadth of issues we touch on globally, there is really never a dull day.

Q: Have things unfolded in your career more or less the way you planned?

A: I can’t say that I really anticipated in law school that I would be a CEO or GC of trade associations. Really, I don’t think I’d ever heard of a trade association before coming to DC. But I progressed from “real lawyer” into jobs that held my interest in both law and public policy. And that was certainly consistent with my general plans. I would say that my bosses over time gave me opportunities to expand and take on new areas. My interest in taking those opportunities in turn opened up new fields for me, and it’s a great reminder how having a law degree opens up limitless career opportunities if you are open to new challenges.

Q: What’s the most interesting or challenging thing you’ve done over your career or in your current position?

A: I have to say at ITI, as well as other associations, it can be tricky or challenging to find consensus across or within industries. Every tech company has its own customer base and policy positions, and the dynamics within a company or any part of an industry can change pretty quickly. An association such as ITI has to operate by consensus, and certainly tech is not a monolith when it comes to positions on matters of law and policy. The challenge as a CEO or association leader is really not to become frozen in search of absolute unity, because then you will not accomplish much. You need to be nimble about taking out positions or identifying areas were consensus can be achieved. Lucky for me I have a terrific Board who helps with these issues.

Q: Is there something interesting or someone who surprised and impressed you during the course of your career?

**Q:** What is something interesting about you the people are not generally aware of the willing to share?

**A:** My big life lesson in this area came from the search committee for the ITI CEO. Oddly enough, that group included people I knew back at the FCC decades ago. They had all continued on interesting career trajectories themselves, but they knew me based on long-ago working relationships. So it was a great refresher to me about the importance of maintaining and building relationships with people throughout your career. And today, my Board of Directors at ITI includes amazing FCC alumni who guide my success, like Kevin Martin, Mike Dabbs, Lauren Van Wazer, Johanna Shelton, Cathy Seidel – it’s really remarkable.

**Q:** How long have you been an FCBA member and what is the value of FCBA membership?

**A:** I’ve been an FCBA member for 23 years. I value the professional and personal connections that have been fostered by the FCBA and the opportunities afforded and all types of FCBA events where you can engage with people you know and who are active in leading communications law and policy matters. The FCBA is a great forum for maintaining connections to people, even as they move from one position or place to another.

**FCBA Foundation 2020 Law School Summer Stipend Program**

For the 27th consecutive year, the FCBA Foundation will award stipends to law students employed as unpaid summer interns through its Law School Summer Stipend Program. The program provides stipends to students from around the country who want to dedicate their time and talent over the summer to government service in areas that relate to communications law, including broadcasting, cable, information technology, television, telephony, satellite, and wireless. It also can include work at agencies and Congressional committees addressing other communications-related areas, including internet law and policy, privacy, cybersecurity, copyright, emerging technologies, and related policy and legal issues.

The Law School Summer Stipend Program awards stipends of up to $5,000 and last year provided support to 25 outstanding law students. In addition, the Foundation will select one outstanding intern among those chosen to receive an additional stipend for the summer: the Max Paglin Award. The Foundation considers funding from other sources in making award decisions and generally will adjust its stipend awards so that a recipient's total funding for the internship will not exceed $7,000.

The Law School Summer Internship Stipend Program application is available at https://webportalapp.com/sp/home/fcbastipend2020.

24th Annual FCBA Foundation Golf Tournament to be held Tuesday, June 2 @ Whiskey Creek Golf Course in MD

A top-ranked public course with 30-mile mountain views and an exceptional experience!

On Tuesday, June 2, we will host our annual FCBA Golf Tournament at Whiskey Creek Golf Club in Ijamsville, Maryland. Located just 35 miles from the DC area, this facility is currently ranked as the second-best public golf course in Maryland by Golf Digest. It is known for amazing mountain views, outstanding layout and, of course, its signature 18th hole where all golfers face the ruins of a 19th century stone house once belonging to German immigrants standing in the middle of the fairway. There is truly no excuse not to join your colleagues for a wonderful afternoon of fresh air and fun!

Please consider attending and supporting this year's golf tournament. This is a great opportunity to not only play a fun course but also to enjoy a good time connecting with FCBA colleagues. You can also invite clients, family, and friends! The current champions of the FCBA Golf Cup is team AT&T, so put your Eagle Foursomes together and compete for this year's cup!

In addition, even if you cannot attend, you can contribute to our efforts by directly contributing $50 to the Golf Stipend fund. Such funds would be applied to assist young FCBA lawyers, law students, clerks, and interns with the golf fees and allow them to join the tournament.

Consistent with past years, we will continue to start the tourney in the afternoon so that our workaholic friends can get in a few hours at the office (or plenty of time to warm up on the range). Box lunch is provided, and shotgun start will be at 1:00 p.m. After the round, join us for a delicious post-round Buffet BBQ Dinner.

As always, all proceeds from the Tournament go straight to the FCBA Foundation to support its wonderful programs, including the Scholarship programs and the Summer Legal Internship Stipend program. Over the years, the Tournament has raised more than $400,000 for the FCBA Foundation charities, all under the auspices of getting together with your colleagues for an enjoyable day of golf! Our goal and motto: “What a great concept: Do good and have fun at the same time!” We hope you can join us this year!

Registration details will be released soon!

The Golf Committee always welcomes prize donations or those interested in assisting! Contact Arturo Chang at Arturo.Chang@WIA.org if you want to contribute.
