PRESIDENT'S Message

DEAR FELLOW FCBA MEMBERS:

For those of you who joined us in historic Williamsburg for the FCBA's Annual Seminar, it was a weekend for the memory books as we celebrated "The American Communications Experience." The weekend was a great success, thanks to the phenomenal efforts of the Annual Seminar Committee: **Ann Berkowitz, Ann Bobeck, Scott Deutchman, Erin Griffith, Brooks Harlow, Scott Blake Harris, Anisa Latif, Lynne Milne, Genny Morelli, Megan Stull and Lee Petro. Kerry Loughney** expertly guided us through countless hours of planning and preparation, with stalwart leadership from **Scott Deutchman** as our chair and **Scott Blake Harris** as our fearless sponsorship guru. Thanks to our panel moderators and speakers for their many insights during our timely and topical sessions. Also, thanks to our many planners and sponsors, we enjoyed unique and exciting activities, including educational tours, bingo, karaoke, game night, a spin class and a run on the trails of Kingsmill. The FCBA's key role in shaping telecom and tech issues was reflected in our speaker lineup of prominent government officials, including **Virginia Lieutenant Governor Justin Fairfax and his Chief of Staff, Larry Roberts, FCC Commissioners Michael O'Rielly and Brendan Carr, Assistant Secretary David Redl, NTIA, FTC Acting Chairman Maureen Ohlhausen, and Abigail Slater, Special Assistant to the President, NEC.** Finally, thanks to our many sponsors and participants who attended and made the Annual Seminar so memorable. To top it all off, the weather was gorgeous!

In other exciting FCBA news, we will award the FCBA Excellence in Government Service Award to **two** extremely deserving individuals: **Peter Doyle**, recently retired FCC Audio Division Chief, and **Hossein Hashemzadeh**, FCC Video Service Division Deputy Chief. Both Peter and Hossein have distinguished themselves for many years as exemplars of public service, each working tirelessly not only behind the scenes, but also on the front lines of media issues. Peter joined the FCC in 1995 and retired earlier this year. As one person noted, "The Media Bureau and the radio business would not be the same without Peter." Hossein joined the FCC in 1982 and his "insight and guidance have helped generations of professionals navigate their way through the FCC's ever-evolving terrain." No truer words have been said. We look forward to celebrating Peter and Hossein at the FCBA's Summer Reception on June 28.

On **Tuesday, June 5**, we will start a new era of the **FCBA Foundation Golf Tournament** by moving to the 1757 Golf Club in Sterling, Virginia. More details are included on **page 6**. Please encourage your colleagues at all levels to join you! Thanks to **Lee Petro, Arturo Chang, Henry Gola, and Alex Moyer** for organizing what is always a fantastic, fellowship-filled event.

ROSENWORCEL LUNCHEON

CONTINUED FROM PAGE 1

Jessica Rosenworcel returned as a Commissioner to the Federal Communications Commission on August 11, 2017 after being nominated by the President and unanimously confirmed by the United States Senate.

Previously, Commissioner Rosenworcel served as an FCC Commissioner from May 11, 2012 to January 3, 2017 following her nomination by President Obama and unanimous Senate confirmation.

Commissioner Rosenworcel brings a decade and a half of public sector and private sector communications law experience to her position at the FCC. This experience has shaped her belief that in the 21st century strong communications

markets can foster economic growth and security, enhance digital age opportunity, and enrich our civic life.

Prior to joining the agency, Commissioner Rosenworcel served as Senior Communications Counsel for the United States Senate Committee on Commerce, Science, and Transportation, under the leadership of Senator John D. Rockefeller IV. She previously served in the same role on the Committee under the leadership of Senator Daniel K. Inouye. In this position, she was responsible for legislation, hearings, and policy development involving a wide range of communications issues, including spectrum auctions, public safety, broadband deployment and adoption, universal service, video programming, satellite television, local radio, and digital television transition.

Before joining the staff of the Committee, she served as Legal Advisor to former FCC Commissioner Michael J. Copps. She also served at the agency as Legal Counsel to the Chief of the Wireline Competition Bureau and as an Attorney-Advisor in the Wireline Competition Bureau.

Prior to entering public service, Commissioner Rosenworcel practiced communications law at Drinker Biddle and Reath.

Commissioner Rosenworcel is a native of Hartford, Connecticut. She is a graduate of Wesleyan University and New York University School of Law. She lives in Washington, DC with her husband Mark, and children Caroline and Emmett.

government in the communications field who are dedicated to the pursuit of excellence in public service.

Peter Doyle joined the Media Bureau's Audio Division in 1995. He was promoted to Assistant Chief in 1996, Deputy Chief in 1998 and Audio Division Chief in 2001. He has been a major contributor to rulemaking proceedings to streamline broadcast application processing and licensing procedures, to modify FM allotment procedures to permit community of license changes by application, and to authorize terrestrial digital radio broadcasting. He directed the rulemakings to implement the Local Community Radio Act and to effectuate its core goals of promoting a vital community radio service and ensuring adequate spectrum for additional FM translator licensing. Under his leadership, the Audio Division drafted separate rulemakings to permit AM stations to use FM translators and to establish a Tribal Priority to fast-track licensing for tribally owned radio stations. Recent policy efforts include rulemakings and related FM translator licensing initiatives to help revitalize the AM service and a currently active rulemaking to simplify and expedite the translator interference complaint process. During Doyle's tenure as Chief, the Audio

Division has licensed many thousands of new commercial, noncommercial, LPFM and FM translator stations while it has also reduced the backlog of radio applications by over 90 percent. Doyle has testified before Congressional committees and participated in international seminars on broadcast regulatory issues. Between 1985 and 1995 Doyle was in private practice where he specialized in broadcast matters.

Doyle earned a JD degree from the Georgetown University Law Center in 1985. He also holds an MA in philosophy. He worked on Capitol Hill between 1977 and 1985.

Hossein Hashemzadeh received his Bachelor of Science degree in Electrical Engineering from George Washington University. Upon graduation, he traveled back to his homeland, Iran, and worked

for private companies as an Electrical Engineer in the manufacturing sector. Upon his return to the U.S. in October 1982 he joined Federal Communications Commission as an Electronic Engineer in the Video Division of Media Bureau.

There, he was involved in creating the LPTV services. Most of his work at the Commission has been involved in helping create various filing systems for the broadcasters to file applications and for Commission staff to process applications. Examples of such systems are Consolidated Database System (CDBS), Online Public Information Files (OPIF), Children Programming Reports (KIDVID) and most recently Licensing Management System(LMS). Currently he serves as Deputy Chief of Video Division where he oversees all activities regarding TV, LPTV and Class A television stations.

1757 Golf Club

22nd Annual FCBA Foundation Golf Tournament to be held Tuesday, June 5

NEW COURSE! LOWER FEES! MORE WAYS FOR YOUNG LAWYERS AND INTERNS TO ATTEND!

On **Tuesday, June 5**, we will start a new chapter of the FCBA Golf Tournament by moving to the 1757 Golf Club in Sterling, Virginia. Managed by Billy Casper Golf, 1757 Golf Club is known for its pristine golf course and beautiful facilities, and is located close to downtown DC. Thanks to the shrewd negotiating skills of the Golf Committee, we were able to substantially reduce the cost of the Tournament, so now there is no excuse to join your colleagues for a wonderful afternoon of fun.

In addition, even if you cannot attend, you can help “rebalance” the demographic tilt of the tournament by directly contributing to this effort by **donating \$50 to the Golf Stipend fund**. Such funds would be applied to assist young FCBA lawyers, law students, clerks, and interns with the golf fees and allow them to join the tournament.

But we aren’t changing everything! We’ve decided to stick with scheduling the Tourney in the afternoon this year so that our workaholic friends can get in a few hours at the office (or plenty of time to warm up on the range). Shotgun start will be at 1:00 p.m. followed by a delicious post-round Buffet BBQ Dinner.

As always, all of the proceeds from the Tournament go straight to the FCBA Foundation to support its wonderful programs, including the Scholarship programs and the Summer Legal Internship program. Over the years, the Tournament has raised over \$400,000 for the FCBA Foundation charities, all under the auspices of getting together

with your colleagues for an enjoyable day of golf! Our goal and motto: “What a great concept: Do good and have fun at the same time!” We hope you can join us this year!

See registration details on **page 13** of this newsletter and sign up today! The Golf Committee always welcomes prize donations or those interested in helping out! Contact Lee G. Petro at Lee.Petro@dbr.com if you want to help!

FCBA Foundation to Volunteer at Miriam’s Kitchen on June 14

The FCBA Foundation is holding a volunteer event for FCBA members at Miriam’s Kitchen on **Thursday, June 14** from **4:00 – 6:30 p.m.** The mission of Miriam’s Kitchen is to end chronic homelessness in Washington, DC. From meals to housing, its programs are unified by one common goal: to guide people home. We’ll be volunteering on a dinner shift helping to prepare meals, serve guests, and fill guests’ clothing requests and toiletry needs. Miriam’s is located at 2401 Virginia Avenue, NW, Washington, DC. Space is limited so please contact Rebecca Murphy Thompson at rmurphy@ccamobile.org as soon as possible.

Volunteers Needed for Young Lawyers Committee Law School Outreach Program

It is time once again for the FCBA Young Lawyers Committee’s annual law school outreach initiative. The goal of the initiative is to reach out to law students and introduce them to the FCBA and careers in communications law through sponsoring career panels at various law schools. We are currently looking for volunteers to speak on panels and help organize the events.

Please contact **Bill Durdach** (williamdurdach@gmail.com), **Tim Doughty** (timothy.doughty@gmail.com), and **Lauren McCarty** (laurenmcct@gmail.com) if you would like to help with this outreach effort and make 2018 another successful year for the program!

Get to Know an FCBA MEMBER

Scott Deutchman

Scott Deutchman is Deputy General Counsel and Vice President for External Affairs for global information services provider NeuStar, Inc. He's been at NeuStar since the summer of 2011. I was delighted to have an opportunity to have lunch with Scott on a beautiful but blustery spring day and talk about some of the really interesting jobs he has had.

Q: What attracted you to the field of communications? Was it intentional or by chance?

A: I have to say it was happenstance that landed me in communications. I was an international trade and immigration associate at Hogan and Hartson when I first started out. I moved to the House Judiciary Committee to tackle immigration reform when the Tauzin-Dingell telecom bill hit. I cut my teeth on telecom during those debates. I was then fortunate to work on communication policy at both the FCC and OSTP at the White House. I was attracted to the field because of its ability to open up opportunities for people with disabilities and others who don't otherwise have easy access to technology. My daughter has some vision challenges, so I know how the internet in school, an iPad, and eventually autonomous cars can change someone's life. That said, I basically fell into communications because of my work on Capitol Hill and the rest is history.

Q: Tell me about your career progression and whether things have unfolded in the manner you envisioned?

A: My grand plan since the 8th grade was to be a lawyer. I knew I wanted to be in DC because I was interested in the connection between law and public policy. After that I really had no idea what I wanted to do. It has been interesting ever since, but certainly not as I had envisioned it. I studied labor relations in college. I joined Hogan & Hartson when it was 350 lawyers and that was considered big at the time. I worked on the Judiciary Committee at a time when we thought the House of

Representatives might end up deciding the Bush/Gore election. Then 9/11 happened and everything changed. I ultimately left to help grow a small public affairs firm. I never expected to go to the FCC. When I got there in 2006, the job was great and the people even better. The White House position was a big surprise. We were very focused on spurring innovation. Most recently I have been at NeuStar handling a broad portfolio of regulatory and government affairs issues in the communications and technology space. I could never have laid out the road map but I consider myself very lucky.

Q: What's the most interesting or challenging thing that occupies you in your current position?

A: NeuStar is a global information services provider that understands how to connect people, places and things. One of the most interesting things I do is work directly with our business people as they develop and implement new products. Knowing how regulation can affect new products can be critical to the success of the product. It's also a pleasure to have really smart technologists available to allow me to be most effective. One of the really fun things I do at NeuStar is work with middle and high school kids in connection with a STEM and digital literacy program that NeuStar offers. We want to inspire young kids to consider and hopefully embrace STEM careers.

Q: What's something or someone that has surprised or impressed you during your career and why?

A: As a young lawyer I went into a meeting with the partner I worked with. This meeting included our client, the government and opposing counsel and their client. For some reason the client on the other side said the meeting was a "principals-only" meeting and he kicked up a fuss that I was there. The partner I worked with calmly said that if the associate can't be here, then we will not be staying. The point was it was up to her to pick her team and what she said also conveyed that she respected me. It was impressive to me that she was strong and confident enough to show how to treat others when it would have been easier to send me packing. Of course she prevailed and the meeting progressed. Looking at this from a distance, the opposing side was probably testing her to see if she would back down, but it was quite an impressive and empowering moment for me as a young lawyer.

Q: What do you enjoy reading?

A: I wish I had something really erudite to share here. With all the other things going on in my life I don't read much for pleasure other than multiple newspapers and magazines, which can be painful at times. However, I enjoy just about any ballgame or sport. And I have to say on demand ticket services like Vivid Seats has revolutionized my life.

Q: Can you share a perspective on pitfalls to avoid or other career advice for those who are just getting started in the communications field?

A: Here's one piece of advice I received that has served me well: A career can be shaped somewhat like a funnel. You want some of your jobs to be very narrowly focused so you can develop a deep expertise. Other times, you want jobs wide enough so you can develop the skill to look at the broader strategic issues when it comes to addressing a challenge. I find that those who have the ability to draw on the details, but also can see the big picture, are often the most effective.

Get to Know an FCBA MEMBER

DEUTCHMAN

CONTINUED FROM PAGE 8

More tactically, I would say don't be shy if there is someone in the FCBA you think you could learn something from or would just be good to know. There are so many people in the bar who, if you call them up or drop them an email, would be more than willing to have coffee with you. I was surprised how generous people were with this sort of thing when I was a new member of the bar.

Q: What's something interesting about you that people are not generally aware of you that you are willing to share?

A: I've traveled to 44 states. My goal is to go to all 50. My time with Commissioner Copps at the FCC really helped me as there were a lot of media and net neutrality field hearings. I got started after college when I went hiking in many of our national parks. Utah may be the most beautiful state in the country but it's a hard call. Colorado and Montana are pretty terrific too.

Q: How long have you been an FCBA member and what is the value of FCBA membership?

A: I've been a member for more than 10 years. I have found the FCBA to be a wonderful place to meet interesting people. I particularly like the Annual Seminar as a venue to get out of town in a social way and get to know members and their families in the bar, at dinners and at the activities. You are able to build on friendships there.

I'd also say that the FCBA has a wide range of really smart, experienced people who are truly willing to listen and to help others. I would bet that each of us have two or three FCBA members outside of our organizations that when you've got a problem, or want to share some success, you choose to call on. That's really unusual.

Interested in learning more about another FCBA member? If there is a member you'd like to know better, please contact **Laura Phillips** at laura.phillips@dbr.com.

Interested in Hosting an FCBA event?

The FCBA greatly appreciates the support of our members' firms and companies who provide space for our brown bag lunches, committee meetings, and CLE Seminars throughout the year. We are, however, always looking for new locations that can host FCBA events.

In general, we need conference rooms that can seat at least 30 people at tables for brown bag lunches and committee meetings and conference rooms that can seat at least 60 people theatre style for CLE seminars. Firms and companies hosting brown bag lunches provide beverages and desserts; firms and companies hosting CLE seminars provide beverages and snacks. Brown bag lunches are generally held from 12:00 – 1:30 p.m. and CLE seminars are generally held from 12:00 – 2:15 p.m., 3:00 – 5:15 p.m., or 6:00 – 8:30 p.m. Additionally, for CLE seminars we need facilities that can provide technology support for microphones for as many as six speakers on a panel, the ability to tie the house sound system into a teleconference bridge, and video projection capabilities for PowerPoint presentations. If your firm or company has the needed conference room facilities and capabilities and would be willing to host future FCBA activities, please email **Kerry Loughney**, kerry@fcba.org.
