in the field of communications who are dedicated to the pursuit of excellence in public service.

Bobby serves as head of the Media Bureau's political programming staff, Washington, DC. He is a 1972 JD graduate of the Georgetown University Law Center and a 1968 graduate of the University of Florida. Since 1979, he has either been on the staff or in charge of the Political Programming Office of the Media Bureau. Bobby has headed that office for the last 20 years. As the FCC's foremost authority on political programming regulation, Bobby travels extensively throughout the United States to speak to broadcasters and cable television operators to assist in furthering compliance in this complicated and time-sensitive

area. Bobby also advises the offices of the Chairman and other FCC Commissioners, the Office of General Counsel and the Media Bureau on all political programming issues. He has authored numerous FCC opinions and policy statements in political programming area, with particular expertise in political advertising regulation. Bobby is credited with altering the approach to political programming enforcement by implementing an accessible, user-friendly mediation technique for resolution of the disputes arising daily in the political arena. This approach has almost entirely eliminated formal complaints and typically results in successful informal resolution of hundreds of disputes in any specific election period. Prior to joining the FCC, Bobby was President of Cellar Door Management, a personal management company specializing in recording artists.

### Monday, May 5, 6:00 – 8:15 p.m. NSA Telephonic and Electronic Surveillance: The Executive, Legislative and Judicial Drivers of Reform and Likely Outcomes

The FCBA Privacy and Data Security Committee will hold a rescheduled CLE on Monday, May 5 from 6:00 – 8:15 p.m. entitled “NSA Telephonic and Electronic Surveillance: The Executive, Legislative and Judicial Drivers of Reform and Likely Outcomes.” This program will be held at Drinker Biddle & Reath LLP, 1500 K Street, NW, Conference Room 2B.

On January 17, 2014, under pressure from domestic and foreign critics, including German Chancellor Angela Merkel, President Obama has announced structural reforms to the surveillance activities of the NSA, including storage and retention of telephone records data, and introduction of a new adversary process to FISA court decisionmaking. The President’s speech presaged the Privacy and Civil Liberties Oversight Board’s (“PCLOB”) Jan. 23, 2014 report concluding that the Section 215 bulk metadata collection program is unlawful. Since then, Congress has also introduced new legislation to reform the bulk metadata collection program and NSA authority to conduct surveillance of “foreign communications” under the Foreign Intelligence Surveillance Act (FISA) and the USA Patriot Act. In the meantime, the U.S. District Court for the District of Columbia has held the NSA’s metadata collection program unconstitutional which the U.S. Government has appealed to the DC Circuit. This CLE will examine judicial review of constitutionality of the NSA metadata collection program, and possible outcomes of the appeal process, pending Obama Administration/congressional

reforms, and the likely short term and longer term scenarios for reform due to these various pressures on existing surveillance programs. This CLE will also examine how private industry, including carriers and ISPs, privacy advocates and the national security community have been responding to these potential reforms.

To register, [click here](#) or go to the [FCBA Website – Calendar of Events](#) or use the form on [page 21](#).

What is the current legal status of Section 215 of the Patriot Act and NSA bulk telephone data collection? Will reforms be driven by the courts, executive reform or by congressional legislation? What reforms to NSA Section 215 data collection and the FISA process are likely to follow from President Obama’s January 17 speech and to the PCLOB report? What does the latest congressional legislation provide, and where do

the Administration’s and Congress’ proposed reforms coincide? Where do they diverge?

The already raging debate at the FCC and among industry and public interest stakeholders on what the FCC should do next on Net Neutrality, in light of the D.C. Circuit’s decision largely striking

down the FCC’s Net Neutrality rules but upholding its authority to regulate broadband services under section 706 of the Telecommunications Act, has reached a new fever pitch with Chairman Tom Wheeler’s late April circulation of a new NPRM and a proposed substitute standard—“commercially reasonable.” The FCC is slated to issue the new proposals on May 15. This timely CLE will dive into the key issues, starting with an analysis of the D.C. Circuit’s *Verizon* decision and then presenting perspectives and debate by leading policy and industry stakeholders regarding the way forward on Net Neutrality.

## FOUNDATION *News*

### 18th Annual FCBA Foundation Golf Tournament to be held Tuesday, June 3

You've spoken! The feedback we received to the changes for last year's Tournament were so overwhelmingly positive that we've decided to do it all again!

On Tuesday, June 3, we will return to Westfields Golf Club – a course that all of last year's participants found to be a remarkably beautiful and pristine track, especially for a course so close to downtown DC. **Westfields Golf Club**, just off Route 66 in Clifton, VA, is a Fred Couples designed course and one of best in the area -- while still being fun and accessible for the high-handicappers among us. Westfields is also considered one of the best places in the area to hold a golf outing, combining a great course with terrific hospitality.

Additionally, we will be repeating last year's well received change by holding the Tourney on Tuesday afternoon in order to allow our workaholic friends to get in a few hours at the office (or plenty of time to warm up on the range). **Shotgun start will be at 1:00 p.m. followed by a delicious post-round Buffet BBQ Dinner.**

As always, all of the proceeds from the Tournament go straight to the FCBA Foundation to support its wonderful programs, including the Scholarship programs and the Summer Legal Internship program. Over the years, the Tournament has raised nearly \$400,000

Westfields Golf Club Hole No. 16

for the FCBA Foundation charities, all under the auspices of getting together with your colleagues for an enjoyable day of golf! Our goal and motto: "What a great concept: Do good and have fun at the same time!" We hope you can join us this year!

**See registration details on [page 26](#) of this newsletter and register today!** The Golf Committee always welcomes prize donations or those interested in helping out. Please contact Glenn Reynolds at [greynolds@ustelecom.org](mailto:greynolds@ustelecom.org) if you are interested in helping!

### Volunteer at Martha's Table on May 25

On **Sunday, May 25 from 10:00 a.m. – 1:00 p.m.**, the FCBA will be preparing and distributing food at the FCBA Foundation's

partner charity, Martha's Table. The FCBA has been meeting monthly to volunteer at Martha's Table for many years. Martha's Table feeds hundreds of homeless adults and children on the streets of Washington daily, through its mobile soup kitchen. Martha's Table is located in a yellow building at 2114 Fourteenth Street, NW, in the District, near the intersection of 14th and U Streets. On-street parking is available. Volunteers are asked to bring food if possible, (e.g., cold cuts, bread, peanut butter, jelly, vegetables and potatoes) because the center often runs out of donated food.

Please mark your calendars, bring your friends and children, and participate in this great volunteer effort. If you are able to volunteer, please contact **Howard Weiss** at 703-812-0471, [weiss@fhhlaw.com](mailto:weiss@fhhlaw.com).

The FCBA volunteers on the **last Sunday of every month**, so mark your calendars now!

Sherry Lichtenberg and Hon. David Danner

### State and Local Committee

The FCBA State and Local Practice Committee held a brown bag lunch event on February 10th, during the annual NARUC Winter Meetings, on How States Measure Competition. The event featured Sherry Lichtenberg, Principal, NRRI, and Hon. David Danner, Chairman, Washington Utilities and Transportation Commission and was moderated by Committee Co-Chair Andy Klein.

### Young Lawyers Committee Co-Chair Election and Planning Meeting

The Young Lawyers Committee co-chair election will be held on **Tuesday, May 27, 2014 at 12:15 p.m.** at Covington & Burling LLP, 1201 Pennsylvania Avenue, NW. After the election, the semi-annual YLC planning meeting will be held. One YLC co-chair is elected annually to serve a two-year term. All other volunteer roles with the YLC are appointed.

No proxy votes are allowed, so be sure to attend. All are welcome, but voting is limited to current YLC members. Nominations should be emailed to **Justin Faulb** ([jfaulb@nab.org](mailto:jfaulb@nab.org)) and **Lindsey Tonsager** ([ltonsager@cov.com](mailto:ltonsager@cov.com)) no later

than Thursday, May 22. Self-nominations are welcome.

### Volunteers Needed for Young Lawyers Committee Law School Outreach Program

It is time once again for the FCBA Young Lawyers Committee's annual law school outreach initiative. The goal of the initiative is to reach out to law students and introduce them to the FCBA and careers in communications law through sponsoring career panels at various law schools. We are currently looking for volunteers to speak on panels and help organize some events.

Career panels are being planned at the following law schools: American, Catholic, Colorado, Georgetown, George Mason, George Washington, Howard, Syracuse, and UDC. Please contact **Joshua Bercu** ([JBercu@wbklaw.com](mailto:JBercu@wbklaw.com)) and **Sean Spivey** ([sean.spivey@competitivecarriers.org](mailto:sean.spivey@competitivecarriers.org)) if you would like to help with this outreach effort and make 2014 another successful year for the program!

**Springfest at the Homestead** will be held on Saturday, May 17 with a full day of activities for guests, including: an arts and craft festival; demonstrations of fly casting and archery; A Taste of the Homestead with food booths; face painting and a bounce house for the kids; a Beer Garden; and a corn hole tournament. [Click here for the Springfest schedule.](#)

As a result of the Springfest, the FCBA-sponsored gorge hike activity has been cancelled. The resort, however, does offer [the hike](#) at 1:00 p.m. on Saturday. You will need to call the hotel at (800) 838-1766 to make a reservation.

Water slides in Allegheny Springs

Since the FCBA was last at the Homestead, there have been some significant changes throughout the resort.

The **Spa at the Homestead** has been completely renovated and expanded and features new treatment rooms, an Aqua Thermal Suite, and the Spa Garden. In the Spa Garden, dip into the natural hot springs or relax your muscles in a naturally-pressurized geothermal deluge shower. The river reflexology walk offers a one-of-a-kind massage for your feet with smooth stones amid a small stream of natural spring water. Poolside cabanas, a spring-fed pool and whirlpool and Finnish-style sauna are other key features of this exclusive garden experience.

The Spa offers a variety of signature services including the Southern Harvest Apricot and Sweet Vanilla Wrap, 1766 Mineral Bath, and Mineral Springs Mud Wrap. Virginia's classic spa also offers soothing and restorative massages, skin care and body therapies, and a fitness area with cardio/weight room and movement therapy rooms for yoga, cycling, and other classes. The Spa Garden is open to adults only, ages 18 and older. For more information on the Spa at the Homestead visit <http://www.thehomestead.com/spa>. A word of warning, the Spa always seems to be completely booked Friday and Saturday during the seminar. Reservations for the Spa should be made as far in advance as possible to ensure availability by calling 540-839-1776.

**Allegheny Springs** has expanded the outdoor pool complex into a two-acre water park fueled by water from our native springs. Experience the exhilarating thrills of Mountain Rush, with two 100-foot water slides or enjoy a leisurely ride along our 400-foot lazy river. Kids love the water play zone and sandy beach while the large family pool is ideal for everyone. A cozy whirlpool provides an intimate haven adjacent to the family pool. Private cabanas, with exclusive services and amenities, are available for an additional fee. Allegheny Springs will be open Saturday and Sunday during the seminar.

**Outdoor Activities** at the Homestead can be as leisurely or as fast paced as you desire. There is something for everyone, including the new Mini Cascades Miniature Golf Course, horseback riding and carriage rides, a world-class shooting club, fly fishing with Orvis-endorsed instructors, miles of scenic hiking trails, indoor and outdoor pools, falconry, Segway tours, kayaking & canoeing, the Gun Club, paintball, archery, mountain biking, and more.

**Dining** at the Homestead has changed as well. Although all meals but Saturday lunch are included in your seminar registration, you may find time to visit one of the resort's establishments serving food and drink. Breakfast on Saturday

and Sunday will be the famous brunch in the main dining room. Saturday you may want to visit the newly renovated Jefferson's Restaurant and Bar, the Casino Restaurant, Martha's Market, or enjoy in-room dining.

**KidsClub and Babysitting** at the Homestead provide special activities for your children while you are in the seminar sessions, at the spa, playing golf, or just enjoying the tranquility of the Homestead. For kids between the ages of 3 and 12, The Homestead's **KidsClub** is brimming with activity. Count on hours of supervised fun guaranteed to create lasting memories. Kids should wear comfortable, weather-appropriate clothes and shoes. Please also have them bring a bathing suit, sweater, or jacket. Children may be divided into two age groups: 3-7 and 8-12, and all participants must be potty-trained (no pull-ups or diapers). Pre-registration for both day and night programs is strongly encouraged. **Need a babysitter?** Not a problem at the Homestead. Babysitting is provided in the comfort of your room with the option for your sitter to take the children out and about. The first child is

\$18 per hour and each additional sibling is \$5 per hour. A 24-hour advanced registration is required, and all requests are handled based on availability of services. Babysitting requires a two-hour minimum and a nominal fee applies. Babysitting observes a 24-hour cancellation policy or applicable fee. To make arrangements or for questions, please contact the Homestead Babysitting Coordinator at 540-839-7956. If you will want a babysitter anytime during the seminar, call and make those arrangements well in advance of your arrival. The demand for babysitters often exceeds the supply during the seminar.

Make your plans for the Annual Seminar now. Visit the Homestead's website for detailed information on the types of rooms available and on all the activities available for your enjoyment at <http://www.thehomestead.com>. Call or fax your room reservation in to make certain you get just the room you want. Call 540-839-1766 to make Spa appointments, to schedule that extra round of golf on Friday or Sunday, to make reservations for the KidsClub, to schedule a babysitter, or to schedule any of the other resort activities.

**Make your plans now to join your colleagues for a great weekend at the 2014 Annual Seminar!**

### Robert Quinn, Jr., Senior Vice President, Federal Regulatory and Chief Privacy Officer, AT&T

By: Laura Phillips

I met with Bob Quinn, Senior Vice President, Federal Regulatory and Chief Privacy Officer of AT&T to get a perspective on how he got to be where he is and what life is like representing communications icon AT&T before the FCC. Bob is a witty lunch companion, and in our time together he reflected upon a number of things he has discovered over the years that can make advocacy effective and achieve results in Washington.

**Q: What attracted you to the field of communications?**

**A:** Both my mom and dad worked for Illinois Bell and my first job was as a 411 operator for Illinois Bell, starting back in 1980. After a bit I became a customer service representative at the phone center store in a local mall, which allowed me to work and go to school. It was really kind of funny because my CSR days at the mall phone store was at the time of the divestiture. As part of the AT&T divestiture decree, the phone stores became part of American Bell at the stroke of midnight on January 1, 1984, so on New Year's Eve we had to change all the signage to reflect that change. A year later we did the same thing over again to become AT&T. Over time I would just say that AT&T and a career in communications felt like home to me.

**Q: Tell me about your career progression and whether things have unfolded in the manner you envisioned.**

**A:** Starting out as a 411 operator for the Illinois Bell, I did not have a particular career in mind. The job was just a way to pay the rent before I went back to school. After law school I spent some time in a law firm as a litigation associate. I had about five years at Mayer, Brown & Platt in Chicago and had a tremendous amount of fun working for a former Assistant US Attorney, Vince Connelly, in a couple of full-blown jury trials where Vince let me do the openings and half the

cross examinations. One of those trials was an antitrust case against a number of barrel manufacturers and individuals. We were on trial all summer with a who's who of the federal trial bar, including lawyers like Vince, Dan Reidy and the legendary George Murtaugh. While I loved my time at the law firm, I decided to leave Mayer Brown. I realized that the experiences I had were not the "normal" experience at a big firm and that's when I started to think about other things that appealed to me more. Going in house at AT&T allowed me the opportunity to be able to run all of my own cases and gave me exposure to what I really enjoyed at the time – hearing room work. I got to do everything -- the briefing, the cross-examination, the strategy and witness prep. It was great.

At a certain point whatever large regional or national company you're with, you have a choice to make, and that is whether to stay regional or go to work at headquarters, something to consider strongly if you want to advance within the company. That's kind of a fundamental big decision in a career and oddly, I did not end up going to Basking Ridge, New Jersey. I came to DC in 1997. So I've been in DC working for and with Jim Cicconi for about 18 years. I've been very lucky that the people in charge at AT&T understand that it's important to have people in DC who understand the business and also understand how things work here. I have to give a shout out to Betsy Brady as she was a great boss

who taught me nearly everything I know. Some of my early DC work was on section 271 cases, and it went on from there.

**Q: What is the most challenging part of your current position and why?**

**A:** Having initial responsibility for everything the company cares about at the FCC is a big job. The FCC beat can be challenging. But honestly being the chief privacy officer for AT&T (as well as frankly for any large company) is probably the heavy lift. Trying to figure out how things have changed and will change and how data is and is not used and what sorts of social contracts will be needed in this area over the next 10 or 15 years is probably some of the most important and challenging work I can think of. I just spoke at a Catholic University law seminar last week and told all of the law students that if they aren't learning about privacy concepts, they are missing the boat on the main legal issues that will drive communications and entertainment for next 20 years.

**Q: What are you reading now?**

**A:** I tend to read about four or five things all at once. I'm all over the map in terms of what I like. My wife suggested a book recently that I'm finishing up called "Shadow of Wind" by Carlos Ruiz Zafón and I am also reading Mark Lewisohn's recent book about the Beatles. Anything about the Beatles is interesting to me. I'm also finally in the midst of reading "Team of Rivals" by Doris Kearns Goodwin.

**Q: What surprised or impressed you most about people you've worked with and why?**

**A:** I've been most impressed by those FCC leaders who first of all, know what they want to do and then have a roadmap in their minds as to how they're actually going to accomplish it in a positive and lasting manner. I could mention, for example, Commissioner, then Acting Chairwoman, Mignon

Clyburn articulating the need for 700 MHz interoperability arrangements and convening the parties in a constructive and thoughtful way that led to an interoperability agreement that no one appealed. That's impressive to have a goal and be able to move it from an idea that had some traction but seemed not to be going anywhere, to a thoughtful stakeholder input process, to a consensus based agreement. Another example is Chairman Wheeler's stated agenda to promote a rational plan for cell phone handset unlocking. There is a roadmap there and a consensus process underway.

**Q:** Can you share a perspective on pitfalls to avoid or other career advice for those who are just getting started in the communications field?

**A:** I tell anyone who will listen to me that you should learn about technology and business so that you have a grounded perspective of what people are trying to achieve and why. I've been out of the legal

department of AT&T for about 16 years. Over time, in my advocacy and policy role I've seen that the most effective people understand technology and business, even if they are lawyers. In getting to this perspective, I've had great teachers such as Joel Lubin, who taught me you have to understand what is motivating the other side of the of the table, what they have to achieve. Knowing those perspectives and motivations is part of your analysis in trying to achieve what you are trying to achieve. If you don't know what the "other side" really wants and why, you'll never get a deal done. At the end of the day, you are trying to realize your client's vision of reasonable policy and business goals. So I'd say do not just focus on the law -- take a broader view.

**Q:** What's something interesting about you that people are not generally aware of you are willing to share?

**A:** I had a stint in the 1980s attending acting school in Chicago. While I enjoyed it tremendously, over time I concluded that I'd met too many really good actors who were driving cabs and

waiting tables and maybe were not going to get much further than that as actors. So I decided it was time to move on, which eventually lead me to law school and beyond. I will say that my time in acting school has made it a lot easier to speak publicly.

**Q:** How long have you been an FCBA member and what is the value of FCBA membership?

**A:** I was part of the Chicago chapter of the FCBA from 1994 to 1997. We had lunch meetings a couple times a year and the FCBA was a great place to see people outside of the work environment and interface with business lawyers who also did aspects of communications law. When I came to DC, I continued my membership. I am thankful that AT&T as a company is very supportive of the FCBA.

Is there an FCBA member you'd like to see profiled in future columns? If so, please contact **Laura Phillips** at [laura.phillips@dbr.com](mailto:laura.phillips@dbr.com).

## Interested in Hosting an FCBA event?

The FCBA greatly appreciates the support of our members' firms and companies who provide space for our brown bag lunches, committee meetings, and CLE Seminars throughout the year. We are, however, always looking for new locations that can host FCBA events. We will be experimenting with some new presentation technology in future CLE seminars, which require more technical support than we have needed in the past.

In general terms, we need conference rooms that can seat at least 30 (more if possible) people at tables for brown bag lunches and committee meetings and conference rooms that can seat a minimum of 60 for CLE seminars. Firms and companies hosting brown bag lunches provide beverages and desserts; firms and companies hosting CLE seminars provide beverages and snacks. CLE seminars are generally held from 6:00 – 8:30 p.m. Additionally, for CLE seminars we need facilities that can provide technology support for microphones for as many as six speakers on a panel, the ability to tie the house sound system into a teleconference bridge, video projection capabilities for PowerPoint presentations, and access to the internet for Webinar services. If your firm or company has the needed conference room facilities and capabilities and would be willing to host future FCBA activities, please email Stan Zenor, [stan@fcba.org](mailto:stan@fcba.org), or Kerry Loughney, [kerry@fcba.org](mailto:kerry@fcba.org).

## TO RESPOND TO JOB BANK LISTINGS

If the employer is listed, send the information requested directly to the employer. If you are responding to a **BLIND BOX** listing, email the necessary information to [kerry@fcba.org](mailto:kerry@fcba.org). Clearly indicate the Blind Box number to which you are responding. If you are applying to a Blind Box, you may specify to the FCBA any organization to which you do not wish your application to be forwarded. Responses to Blind Box listings can be accepted only from FCBA members.

### CHAIRMAN LEE

The tournament is named in memory of former Federal Communications Commission (FCC) Chairman Robert E. Lee, who passed away in April 1993 after serving on the FCC for almost thirty years. Chairman Lee served as a Commissioner of the FCC for 28 years and was instrumental in the early development of color television, among other contributions to federal communications policy.
