2010 Annual Seminar to be Held at The Homestead April 30 – May 2, 2010

Start making plans for the 2010 FCBA Annual Seminar at the historic Homestead Resort, April 30 – May 2, 2010. We promise an exciting and informative weekend, including a thought-provoking seminar program and plenty of outdoor and indoor activities.

The program will include senior government leaders and financial analysts, who will address “Broadband and Beyond” – what follows in the wake of the National Broadband Plan and what “non-broadband” priorities lie ahead in 2011? **The seminar kicks off on Friday afternoon with FCC Bureau and Office Chiefs providing their insights into the hot items for 2010 followed by keynote remarks from a major communications policy maker.** Following the sessions, everyone will enjoy our traditional family barbeque dinner on the

Casino lawn, followed by bingo, bowling, and other activities.

Saturday morning will feature remarks from Larry Stickling, Assistant Secretary of Commerce and Administrator of NTIA. There also will be a panel discussion of experts focused on “New Media” that cover key intellectual property and regulatory issues associated with this part of the rapidly evolving communications landscape. Following the program, Saturday afternoon will be the golf and tennis tournaments along with other special planned activities. On Saturday evening, our younger seminar participants will enjoy their own banquet and special activities while the adults enjoy their closing dinner followed by an evening of dancing and conversation. Sunday morning enjoy The Homestead’s

PRESIDENT'S Message

DEAR MEMBERS:

Spring seems to be arriving – and with it a broad range of FCBA CLEs, brown bags, and other programs and events.

Please make plans to attend the 2010 Annual Seminar April 30-May 2 at The Homestead. This is one of the association's premier annual events, and this year's program looks to be exceptional. We're pleased to welcome a variety of government leaders and financial analysts to discuss "Broadband and Beyond" – what follows in the wake of the FCC's National Broadband Plan. They'll even address the FCC's "non-broadband" priorities for the coming months. (Yes, there are some.) And there will be time for numerous family-friendly and social activities. You can find registration details on page 24 of this newsletter. Thanks again, to the Annual Seminar Committee – **Luisa Lancetti, Trish Paoletta, Charla Rath** and **Mike Senkowski** – for putting this exciting program together.

Let me mention just a few other highlights among our upcoming programs:

On April 6, the Diversity Committee, in association with MMTC, will present an evening CLE seminar on Increasing Opportunities for Minority Entrepreneurs in Media and Telecommunications. The Diversity Committee and the Young Lawyers Committee will also sponsor the association's 5th annual Mentoring Luncheon on April 21.

On April 16, the Homeland Security and Emergency Communications Committee will host a brown bag lunch to discuss the public safety provisions in the National Broadband Plan.

On April 11, the FCBA is pleased to co-sponsor (along with the ABA Forum Committee and the National Association of Broadcasters) our annual day-long CLE on "Representing Your Local Broadcaster". By the way, this follows a very successful CLE on "Media Regulation and the First Amendment in the 21st Century" presented March 31 by the Mass Media Committee in association with the Freedom Forum and the ABA Forum Committee, which was covered on CSPAN.

In May, the Transactional Practice Committee will hold an evening seminar entitled "Merger Review in the Obama Administration: FCC, DOJ and FTC Review Processes".

Our broadband committee is also looking at a program related to the FCC's expected release of an implementation calendar for the National Broadband Plan.

And don't forget the 14th Annual Robert E. Lee Charity Golf Tournament to be held at The Country Club at Woodmore in Mitchellville, MD on June 7. Proceeds go to the FCBA Foundation's scholarship fund. (You really have to like a foundation that has a golf committee.)

One final note: Voting for the association's annual election of officers, executive committee members, nominations committee members and the FCBA Foundation board of trustees will begin in early May. This year's slate of candidates is on page 15 of the newsletter. Thanks, again, to **Mark Schneider** and the nominations committee for coming up with an outstanding slate of candidates.

WRAP-UP/ADJOURN

Tuesday, May 25, 6:00 – 8:15 p.m. Emerging Issues in the Distribution of Video Programming

Presented by the Video Programming and Distribution Committee

The FCBA Video Programming and Distribution Committee will hold a CLE on **Tuesday, May 25, 2010**, from **6:00 – 8:15 p.m.** on Emerging Issues in the Distribution of Video Programming. This CLE will be held at Wiley Rein LLP, 1776 K Street, NW, Main Conference Center.

In this seminar, experts from a variety of industry segments will address key emerging issues in the distribution of video programming. The first panel will focus on issues surrounding set-top boxes and other equipment connected to the TV. The National Broadband Plan raised concerns about the degree of competition and innovation in the market for set-top equipment and recommended adoption of new rules to spur competition and facilitate the use of TVs as broadband devices. Panelists will address the legal and policy issues raised by the FCC's proposal, as well as other issues in this area. The second panel will focus on issues surrounding online distribution of video programming. Advances in technology have enabled the Internet to become a new distribution mechanism for creators of video programming. Panelists will discuss the implications of this development on existing programmers and distributors, as well as the challenges facing new online video services.

To register, go to the FCBA website – Calendar of Events or use the form on page 23.

New York Chapter

The New York Chapter is finalizing plans for its first program of 2010 to be held on the afternoon of May 5th in New York City. The two part program, entitled *Advanced Communications Regulation*, will begin with a keynote address from Keefe Clemons, General Counsel New York and Connecticut, for Verizon Communications. The keynote will be followed by a moderated panel discussion among various state and federal regulators that will include Cathy Seidel, Deputy Bureau Chief of the Federal Communications Commission's Wireline Competition Bureau, Commissioner Maureen Harris of the New York Public Service Commission, Deborah Marrone, Assistant Regional Director of the

Federal Trade Commission's Northeast Division, and Radhika Karmarkar, General Counsel of the New York City Department of Information Technology and Telecommunications. Bryan Tramont, president-elect of the FCBA, will serve as the panel moderator.

Practitioners, industry representatives, financial analysts, government personnel and law students should attend this program if you are interested in hearing from a leading advanced communications service provider regarding meeting the growing needs of its customers in a fiercely competitive marketplace; and/or looking to better understand the jurisdictional interplay between state and federal regulators as they seek to protect consumers who are increasingly relying on advanced communications services and evolving technology. We extend a special invitation to all past and current New York FCBA Chapter members as we look to build upon past successes of this Chapter and move forward with quality programming in the future that captures issues of interest to the membership.

The May 5th event will be hosted by Brown Rudnick LLP at its Seven Times Square Offices in New York City. A

light networking lunch sponsored by Brown Rudnick will begin at 12:00 Noon. The substantive program will start promptly with the keynote at 12:30 p.m. and be followed by the moderated panel of regulators at 1:15 p.m. Both portions of the program will accommodate questions and answers from attendees. **To register, use the FCBA website – Calendar of Events or use the form on page 23.**

The New York Chapter has also started initial planning for a program in the Fall of 2010 that will explore the recent universal service recommendations of the National Broadband Plan (NBP) and their impacts on unserved/underserved areas of the Empire region. The program will take place in Albany likely in late September and bring national speakers to the area to discuss best practices and efforts to deliver on the goals of the NBP. Stay tuned later this summer for more details regarding this program.

Please contact the FCBA NY Chapter Co-Chairs **Michele Thomas** (Michele.Thomas@T-Mobile.com) or **Jennifer Kostyu** (JKostyu@wbklaw.com) for additional information.

Access to Government Committee

The Access to Government Committee (formerly the Access to Records Committee) is comprised of **Chris Bjornson, Michelle Cohen, Pete Corea, and Howard Weiss**. The Access to Government Committee considers actions and proposed actions of the FCC and other agencies and departments of the federal government relating to the collection of information from licensees, applicants and others engaged in providing communications services, and actions and proposed actions of such governmental bodies affecting the availability of and access to records and information.

Over the past year, the committee has been closely involved in providing input to the FCC as it considers internal reforms that will enhance transparency. In June 2009, an email solicitation to the FCBA membership sought to solicit and coordinate ideas to facilitate more

open and transparent FCC processes. Comments received as a result of this process were reviewed and considered by the committee and the FCBA Executive Committee, and a summary of the comments (on an anonymous basis) was presented to pertinent FCC staff for their consideration.

On September 9, the committee hosted a well-attended brown bag forum at the request of the FCC's Office of Strategic Planning and Policy Analysis (OSP). Paul de Sa, Chief of the FCC's OSP, was tasked by the FCC Chairman with a review of the Commission's data systems. The committee set up an interactive forum for sharing input from the "data consumer" side so that OSP could incorporate input from the forum into its proposals.

In October, the committee was given the chance to preview, and provide feedback, on the Commission's launch of ECFS 2.0. Our discussions assisted the Commission in introducing ECFS 2.0 to the communications bar.

Also in October, the committee was invited by the FCC to participate in the Commission's ex parte workshop. That workshop and the process including it have resulted in the issuance of a notice of proposed rulemaking regarding modifications in the ex parte rules, issued this month. The committee plans to analyze the comments and report to the Executive Committee to assist in a decision whether to prepare comments in the rulemaking on behalf of the FCBA.

In November, the committee solicited FCBA membership to participate in a panel at the FCC in furtherance of the Commission's planned revisions to its data systems to integrate CDBS with ULS and other data bases. The panel sought comments from the FCBA membership regarding how the system is working now and how it can be improved as part of the integration effort.

In January, the committee, along with the Young Lawyer's Committee, hosted a brown bag luncheon at the FCC where Members of the FCC's New Media team discussed updates and changes to the FCC website, including reboot.FCC.gov, an online forum for sharing ideas and proposals for FCC reform that was installed subsequently. The New Media team described how reboot.FCC.gov will promote sharing and access to data and FCBA members in attendance were encouraged to ask questions and provide input.

In February, the committee along with the Broadband Committee organized and hosted a well-attended brown bag lunch where key governmental staff members Ken Kuchno, RUS, and John Morabito, NTIA, discussed Round II BTOP and BIP Application Process. The luncheon supplemented workshops held around the country to assist in the application process.

The committee has also been reviewing the NPRMs issued by the FCC in its

Interested in Hosting an FCBA event?

The FCBA greatly appreciates the support of our members' firms and companies who provide space for our brown bag lunches, committee meetings, and CLE Seminars throughout the year. We are, however, always looking for new locations that can host FCBA events. We will be experimenting with some new presentation technology in future CLE seminars, which require more technical support than we have needed in the past.

In general terms, we need conference rooms that can seat at least 30 (more if possible) people at tables for brown bag lunches and committee meetings and conference rooms that can seat a minimum of 60 for CLE seminars. Firms and companies hosting brown bag lunches provide beverages and desserts; firms and companies hosting CLE seminars provide beverages and snacks. CLE seminars are generally held from 6:00 – 8:30 p.m. Additionally, for CLE seminars we need facilities that can provide technology support for microphones for as many as six speakers on a panel, the ability to tie the house sound system into a teleconference bridge, video projection capabilities for PowerPoint presentations, and access to the internet for presentations by speakers. If your firm or company has the needed conference room facilities and capabilities and would be willing to host future FCBA activities, please email **Stan Zenor**, stan@fcba.org, or **Kerry Loughney**, kerry@fcba.org.

internal reform proceedings. Going forward, the committee will be conducting a survey on the FCC's automated systems and encouraging public participation in the FCC's internal reform proceedings.

The committee looks forward to hearing from FCBA membership regarding access issues.

Young Lawyers Committee

The Young Lawyers Committee (YLC) is co-chaired by **Catherine M. Hilke** of Wiley Rein LLP and **Micah Caldwell** of Fleischman and Harding LLP. Its membership includes law students, attorneys, and other professionals who are either under the age of 36 or who have been admitted to the practice of law within the preceding seven years. The mission of the YLC is to provide opportunities for networking, social interaction, and professional development to those who are new to the bar. Of course, attorneys of all levels are always welcome at YLC events. Unlike other FCBA committees where the co-chairs are appointed, the YLC co-chairs are elected by the YLC membership. Elections are held in May and each co-chair serves a staggered two-year term, thereby ensuring the YLC has year-round continuity in its programming and outreach efforts.

Brown Bag Lunches. Throughout the year, the YLC offers brown bag lunches on a monthly basis. YLC brown bag lunches are informal gatherings with one or more YLC-invited guests presenting on a topic of interest to the YLC membership. Topics range from substantive law issues and "introductions" to areas of communications law to career development advice. The YLC frequently draws on its membership to assist in planning and organizing these brown bag lunches and sometimes reaches out to other FCBA committees to assist with the promotion of the event

and/or the selection of speakers.

Since the YLC election in May 2009, the YLC has hosted eight brown bag lunches on varied topics, including "Bridging the Gap: Wireless 101 – An Introduction to Wireless Technologies and Regulation" (co-sponsored by the Engineering & Technical Practice and the Wireless Telecommunications Practice Committees) and "Bridging the Gap: Transactions 101 – An Introduction to Communications Transactions and Related FCC Oversight" (co-sponsored by the Transactional Practice Committee) in June; "Bridging the Gap: Broadband 101 – An Introduction to Broadband Regulation and Policy" and "Introducing the Industries: The Role of Trade Associations" in July; "The Role of In-House Counsel" in September; "Work/Life Balance for the Working Parent" in October; "New Year, New (FCC) Media" (co-sponsored by the Access to Records Committee) in January; and "Developing a Career in International Communications" (co-sponsored by the International Telecommunications Committee) in February. Upcoming brown bag lunches include "Privacy and Data Security Issues Related to Marketing to Minors" (co-sponsored with the Privacy and Data Security Committee) in May.

Mentoring Events. For the fifth year in a row, the YLC is working with the Diversity Committee to co-sponsor a mentoring luncheon on April 21. This lunch will feature remarks by **Antoinette Cook Bush** as well as the participation of fifteen distinguished mentors. New to the YLC's programming initiatives this year was a reception entitled "Reflections on a Career in the Communications Bar" (co-sponsored by the Diversity and Commendations Committees), which was designed to honor senior members of the bar for their substantial contributions to the profession. The event provided a unique opportunity for the panelists to share their experiences

and advice and for younger members of the bar to gain insight into their distinguished careers.

Law School Outreach. Each year, the YLC leads the FCBA's Law School Outreach Initiative. For this initiative, the YLC sponsors and organizes a series of career-development panels at each of the area law schools. This year, the YLC plans to host events at American, Howard, George Mason, George Washington, UDC, Catholic, and Georgetown.

Social Events. The YLC hosts monthly happy hours to provide YLC members with an opportunity to get to know their peers in the communications bar in a relaxed setting. These happy hours are held in a variety of locations throughout the city to maximize attendance and are well attended by FCBA members, law students, and other prospective members of the FCBA. Popular annual happy hour themes are the "Welcome New Associates" happy hour in the fall and the "Welcome Summer Associates" happy hour in the summer. The YLC occasionally co-sponsors happy hour events with other FCBA committees to encourage interaction between YLC members and more senior members of the bar.

Annual Seminar. The YLC promotes young lawyer involvement with the FCBA's Annual Seminar. The YLC actively encourages its members to attend the Annual Seminar and, to facilitate such attendance, coordinates a

room-sharing and ride-sharing program for YLC members. In the past, the YLC has worked with the Annual Seminar planning committee to coordinate a social event or other activity that enables YLC members to interact with more senior members of the communications bar at the Annual Seminar.

Community Outreach. The YLC engages in year-round charitable fundraising and community outreach efforts. The YLC participates in the FCBA's volunteer program with Martha's Table and has continued its efforts to sell FCBA-logo polo shirts to benefit the FCBA Foundation. In addition, the YLC frequently helps the FCBA Foundation publicize opportunities for young lawyers to get involved with Foundation programs. Last year, this assistance included promoting opportunities to volunteer to sell raffle tickets for the Foundation's Annual Seminar raffle prize drawing and to interview candidates for the Foundation's scholarship program.

Annual Charity Auction. While the foregoing activities all contribute to the YLC's fulfillment of its mission, the YLC activity of which its co-chairs and members are proudest is its annual Charity Auction. The annual Charity Auction is the YLC's flagship project and one of the FCBA's signature events. The senior YLC co-chair leads the *Ad*

Hoc Charity Auction Committee, which is responsible for selecting the organization that will receive the auction proceeds and for coordinating all aspects of the annual event.

The process begins in the spring by soliciting applications from local charitable organizations. The Charity Auction Committee carefully screens and reviews each application, making site visits to see each charity in action and to meet its directors and volunteers. Once a beneficiary is selected, the Charity Auction Committee works with a large team of dedicated subcommittee co-chairs to coordinate event planning, publicity, budget allocation, volunteer participation, and prize solicitation.

The Charity Auction Committee for the 20th Annual FCBA Charity Auction consisted of **Catherine Hilke** (Committee Chair), **Mark Brennan**, **Micah Caldwell** (YLC Co-chair and Chair-Elect to the Charity Auction Committee), **Kyle Dixon** (Foundation Representative), **Christopher Fedeli**, **Paige Fronabarger**, **Tarah Grant**, **Karen Henein**, **Julie Kearney** (Foundation Representative), **Kerry Loughney**, **Jane Mago**, **Amy Mushahwar**, **Nancy Ory**, **Colin Sandy**, **Megan Anne Stull**, and **Ron Whitworth**.

The 20th Annual FCBA Charity Auction was held on November 12, 2009 at the Hamilton Crowne Plaza

Hotel, Sphinx Ballroom at the Almas Temple, and raised more than \$85,000. The Charity Auction Committee for the 20th Annual FCBA Charity Auction voted to use the auction proceeds to benefit the complementary educational outreach activities of Bright Beginnings and the FCBA Foundation. Bright Beginnings (<http://www.brightbeginningsinc.org>) is a D.C.-based non-profit organization that provides free, full-day, year-round developmental care to infants, toddlers, and preschoolers whose families live in shelters and transitional housing. Bright Beginnings will use proceeds from the Charity Auction towards opening a second center east of the Anacostia River so it may serve more homeless children and families. The FCBA Foundation will use proceeds from the Charity Auction to support its scholarship program.

The YLC is always interested in new faces and new ideas for educating law students and young lawyers, providing opportunities for its members to get more involved with the FCBA, and developing young leaders in the communications profession. Please contact **Cathy Hilke** (202-719-7418 or chilke@wileyrein.com) or **Micah Caldwell** (202-939-7901 or mcaldwell@fh-law.com) if you have any questions or suggestions, if your committee would like to co-sponsor an activity such as a brown bag or happy hour with the YLC, or if you would like to volunteer for or participate in an upcoming YLC activity. FCBA members who are interested in being added to the YLC e-mail list to receive announcements about upcoming YLC activities and events should send an e-mail to kerry@fcba.org.

With broadcasters trying to indulge in as many new revenue flows as possible, a broadcast attorney needs to be ready to offer more than aspirin to clients who are trying to understand federal and state broadcast advertising regulations. Panelists will discuss current and imminent regulatory headaches, including key sources of advertising regulations such as the FCC, FTC and state law; sensitive topics like food and pharmaceutical marketing; and how clients can take practical precautions now to avoid many sleepless nights later.

"EXTRAORDINARY MEASURES:" LEGISLATIVE AND REGULATORY GYMNASTICS TO PRESERVE OWNERSHIP REGULATION AND NEXT-GEN SHVERA

With broadcast stations struggling to compete and some groups even declaring bankruptcy, the FCC is asking broad, wide-ranging questions about the future of journalism, "media consolidation," and the continued relevancy of the policy troika of localism, diversity, and competition. Can broadcasters expect any ownership relief from the FCC or appellate judges? On Next-Gen SHVERA, should broadcasters be satisfied with the state of play?

LUNCHEON "IT'S COMPLICATED:" THE SPECTRUM DEBATE

The hottest debate in Washington telecommunications policy and fresh off the pages of the National Broadband Plan – is there really a looming spectrum crisis? How do various proposals affect broadcast spectrum and future innovation and service? What about the deployment of unlicensed devices? And, are there alternatives to consider? "CLEAR AND PRESENT DANGER:" GUIDING JOURNALISTS THROUGH THE CATASTROPHIC PERILS

On January 12, 2010, a massive earthquake struck Haiti. Hundreds of thousands were feared dead, electrical power ceased, and travel into Haiti ground to a complete halt. News organizations struggled to report on one of the worst catastrophes in recent history using tweets, texting, and cell phone images that could not be authenticated. As unauthenticated tweets and images filled the airways to try to convey the chaos and massive destruction and casualties that followed, new legal dangers arose. This panel will focus on the clear and present dangers in reporting on catastrophes like Haiti as they unfold using today's technology.

"AVATAR:" NAVIGATING THE WORLD OF NEW MEDIA AND BROADBAND

New-media issues continue to move to the forefront of local broadcasters' daily lives. Compliance with changing advertising and consumer privacy and data security laws is critical to broadcaster efforts to deploy new advertising and marketing methods. The right legal strategy can determine whether a new venture generates additional revenue streams – or generates consumer complaints, governmental inquiries or class action

lawsuits. What are the key issues arising from greater audience-station interaction via station web sites, targeted advertising, social networking services, and mobile devices? Can you stream your local content on your website or iPhone app? What legal issues are presented by the rise of mobile DTV, hybrid broadcast-broadband services, 3D content, and other services? FCBA FOUNDATION News

14th Annual Charity Golf Tournament Monday, June 7th

The snow drifts have melted and the apple blossoms are blooming which must mean it's time for...the 14th Annual Robert E. Lee Charity Golf Tourney supporting the FCBA Scholarship Fund. Look for the **registration form on page 28** of the newsletter.

We are very excited to announce that this year's tournament will be held at one of the premier courses in the area, **The Country Club at Woodmore** in Mitchellville, MD. This Arnold Palmer designed course is consistently ranked as one of the best in the Mid-Atlantic region and has for the past several years hosted the area's only PGA Nationwide Tour event. In January 2008, the Club received the Golf Digest Architecture Award in recognition of outstanding design, from the editors of Golf Digest Magazine and the National Panel of Course Raters. Better yet, CC Woodmore is conveniently located just minutes outside the Beltway for those feeling the need to head to work afterwards (though we promise not to tell anyone if you don't).

This year's tourney will take place **Monday June 7**, with a Shotgun start at **8:45 a.m.** As in previous years, a scramble (Captain's choice) format will be used and the event is designed to ensure a fun day no matter whether

your handicap is three, thirty or somewhere in between. All Eagle Sponsor Foursomes compete for the coveted Eagle Trophy, and many, many other prizes will be awarded thanks to the generosity of our corporate sponsors. Registration includes round, driving range, and barbeque lunch at Woodmore's spectacular clubhouse.

Despite moving the event to a premier course, we have kept registration individual fees unchanged from last year. But most importantly, remember that all proceeds go to the FCBA Foundation to support funding of unpaid communications-related legal internships tuition grants for deserving District of Columbia High School graduates—scholarships that are more important than ever! As Stub Estey, one of the original organizers of the tournament would say, "What a great concept: Do good and have fun at the same time."

Combined Federal Campaign (CFC)

The FCBA Foundation is proud to participate in this year's Combined Federal Campaign for the National Capital Area. Federal employees in the nation's capital can now make regular tax-deductible contributions to the FCBA Foundation through the Combined Federal Campaign, providing funds to support and help expand the Foundation's vital charitable work.

To make a pledge to the FCBA Foundation, donors should use the FCBA Foundation's CFC code number (**#31092**) on their pledge cards. Pledge cards can be obtained from your agency's CFC campaign staff. Pledge cards can also be completed and printed out online through the CFC website at www.cfcnc.org. On the website, click "Giving" and "About CFC-e" for more information.

Your donations will support the valuable work performed by the FCBA Foundation. Last year, the Foundation's work included:

- Awarding 11 college scholarships to D.C. public high school students and stipends to eight law school students for unpaid legal communications-related summer internships totaling over \$180,000
- Sponsoring numerous volunteer events for FCBA members, including making meals for the homeless at Martha's Table and delivering meals to the homeless through McKenna's Wagon each month
- Co-Sponsoring the 2009 Charity Auction for Bright Beginnings and the FCBA Foundation which raised over \$86,500

Please contact **Stacy Fuller**, FCBA Foundation Chair, (sfuller@DIRECTV.com), if you have any questions.

Volunteer Outreach for Martha's Table & McKenna's Wagon April 25

Many of us are stretched for time these days, but why not consider spending a few hours on a Sunday to help the FCBA Foundation's partner charities? For several years now, the FCBA has been providing volunteers to Martha's Table and McKenna's Wagon. These organizations rely on the good work of our members each month, so grab a friend, colleague or family member and join your fellow FCBA volunteers!

Martha's Table feeds hundreds of hungry, homeless adults and children on the streets of Washington daily, through its mobile soup kitchen. Children and friends are also welcome. We will begin at **10:00 a.m. and work until 1:00 p.m.** Martha's Table is located in a yellow building at 2114 Fourteenth Street, NW, in the District, near the intersection of 14th and U Streets. On-street parking is available. Volunteers are asked to bring food if possible, (e.g., cold cuts, bread, peanut butter, jelly, vegetables and potatoes)

because the center often runs out of donated food.

The FCBA volunteers on the last Sunday of every month, so mark your calendars now. For more information, contact **Howard Weiss** at 703-812-0471 — weiss@fhhlaw.com.

McKenna's Wagon is a mobile soup and sandwich wagon that goes "on location" to deliver food to the needy. For those who have volunteered, it has been a wonderful experience and a great way to help the needy in the D.C. community. This is an especially good experience for the teens and pre-teens among us who do not have a full appreciation of the many privileges they enjoy. Community service credits are also available.

The Wagon is a white van that is loaded up with sandwiches, snacks and soup. We meet at Martha's Table at **4:45 p.m.** in comfortable clothes and shoes. Martha's Table is located in a yellow building at 2114 Fourteenth Street, NW, in the District, near the intersection of 14th and U Streets. On-street parking is available.

Upon arrival we get assignments (some of us will distribute snacks and sandwiches, others will serve soup), and put on aprons before we depart in the van to 5th and New York Ave., NW (near the new Convention Center). We are driven by one of our experienced volunteers and the trip to distribution location takes about 10-15 minutes.

We serve about 30-75 people per visit including a few mothers who come for food for their families. The area is well patrolled by police. The food distribution is conducted in an efficient, calm and orderly fashion and many of the people we serve are quite appreciative of our efforts. Once we serve all of the food, we do a clean up of the immediate area. Total time for the distribution takes about one hour and we usually return to Martha's Table by or before 6:30 p.m.

We would love to have you join us on one of our upcoming food runs which are always on the **4th Sunday of the month**. If you are able to volunteer on **April 25, May 23, or June 27**, please contact **Joanna Georgatsos** at georgatsos@lojlaw.com or **Tom Van Wazer** at tvnwazer@sidley.com.
