Newsletter of the Federal Communications Bar Association

## Julius Knapp Awarded Excellence in Government Service Award

**Julius “Julie” Knapp** has been named the recipient of the FCBA’s third Excellence in Government Service award. The award was created in 2007 to recognize people with long-term careers in the federal government, in the field of communications, who are dedicated to the pursuit of excellence and public service.

Julius P. Knapp

Julie is a world-recognized technical expert in the communication fields, and is the first engineer to be recognized with this award. He is widely viewed as a leader on technical

policy issues because of his expertise, his pragmatic and fair approach, and his ability to “translate” complex engineering issues to policymakers and interested parties on all sides of an issue.

Julie started his career at the FCC nearly 36 years ago, shortly after he received a Bachelor’s degree in electrical engineering from the City College of New York in 1974. Among other positions, Julie has been Chief of the FCC Laboratory; Chief of the

# PRESIDENT'S Message

## DEAR MEMBERS:

Congratulations to everyone who helped make the Association's Annual Seminar at the Homestead in Hot Springs, Virginia, a great success. It's actually been a challenging year to put this program together – but the committee arranged for a terrific and substantive program. I'd like to thank the committee co-chairs, **Luisa Lancetti, Trish Paoletta, Charla Rath, and Mike Senkowski** for all their hard work in bringing this together. It was a great event.

Speaking of which, we're in full swing with CLEs and brown bags involving most of our substantive committees. You'll find program and registration details elsewhere in the newsletter, but let me hit a few of the highlights:

- On May 5, the Intellectual Property Practice Committee will present a tech tutorial on "How the Internet Works." This CLE will take place from 6:00 – 8:30 p.m. at Dow Lohnes.
- On May 11, the State and Local Practice Committee will hold a CLE to explore the "state-side" view of intercarrier compensation. That program will be held from 6:00 – 8:15 p.m. at Bingham McCutchen.
- On May 19, the Transactional Committee will present a CLE entitled "Merger Review in the Obama Administration: FCC, DOJ and FTC Review Processes." The program will take place from 6:00 – 8:15 p.m. at Sidley Austin.
- On May 25, the Video Programming and Distribution Committee will hold a CLE on "Emerging Issues in the Distribution of Video Programming." That program will be held from 6:00 – 8:15 p.m. at Wiley Rein.
- We're also pleased to announce that our New York Chapter will present a program on "The Regulation of Advanced Communications Services" on May 5. This lunch time program will be held at the New York offices of Brown Rudnick.

Please mark your calendars, too, for the Judicial Practice Committee's "Judicial Year in Review" on June 8 from 6:00 – 8:15 p.m. This annual program will also take a special look at the impact of the recent Comcast decision and will be held at Wiley Rein. And the FCBA is also pleased to be co-sponsoring the BNA/Pike & Fischer Sixth Annual Broadband Policy Summit. This year's summit, headlined by Commissioner Meredith Atwell Baker, Assistant Secretary Larry Strickling and FCC Chief of Staff Eddie Lazarus, will be held June 10-11 at The Fairfax at Embassy Row.

Additionally, the newsletter is full of other brown bags and other events, and I urge you to take advantage of them. We're also planning a brown bag to explore the implementation calendar for the National Broadband Plan and will have more information on the program in the near future.

And, Young Lawyer Committee members, please remember that the YLC co-chair election will take place on May 10 at 12:15 p.m. at Fleischman and Harding.

Finally, congratulations to **Julie Knapp**, the recipient of the FCBA's third Excellence in Government Service award. We'll be presenting the award at the spring reception on June 17 at the Washington Hilton Hotel.

## FCBA 2010 Election

Once again this year, the FCBA election will be done electronically. The on-line voting process is both simple and quick, allows you to review your vote before clicking on the green VOTE button to actually cast your ballot, and sends you a receipt confirming that your vote was cast.

In early May, you will receive an email from FCBA Annual Election ([fcba\\_annual\\_election@fcba.org](mailto:fcba_annual_election@fcba.org)) with all the information you will need to vote in the election. Please add this email address to your address book so the email will not get trapped by a spam filter. The email will tell you: the election is open and voting has begun; your user name and password to use to gain access to the ballot; and a hotlink that will take you directly to the ballot. The ballot will have photos of the candidates as well as hotlinks that will take you to their biographical information. For purposes of the election, your user name will be your first name and last name, as is in your membership record, i.e. JamesSmith. You will be able to participate in the FCBA election process and cast your vote in the election within seconds of receiving the email.

If you have not received the email with your user name and password, have problems with your user name, password, or have problems gaining access to the ballot, please call the FCBA office at 202-293-4000 or email [stan@fcba.org](mailto:stan@fcba.org).

Please take time to support the candidates by voting in the election.

The FCBA Video Programming and Distribution Committee will hold a CLE on **Tuesday, May 25, 2010**, from **6:00 – 8:15 p.m.** on Emerging Issues in the Distribution of Video Programming. This CLE will be held at Wiley Rein LLP, 1776 K Street, NW, Main Conference Center.

In this seminar, experts from a variety of industry segments will address key emerging issues in the distribution of video programming. The first panel will focus on issues surrounding set-top boxes and other equipment connected to the TV. The National Broadband Plan raised concerns about the degree of competition and innovation in the market for set-top equipment and recommended adoption of new rules to spur competition and facilitate the use of TVs as broadband devices. Panelists will address the legal and policy issues raised by the FCC's proposal, as well as other issues in this area. The second panel will focus on issues surrounding online distribution of video programming. Advances in technology have enabled the Internet to become a new distribution mechanism for creators of video programming. Panelists will discuss the implications of this development on existing programmers and distributors, as well

as the challenges facing new online video services.

Bowler award for exceptional professionalism and dedication to public service and received the FCC's Silver and Gold medal awards for distinguished service at the Commission.

Julie has led the FCC's efforts in a number of rulemakings to address the technical issues related to spectrum allocations and service rules for licensed and unlicensed operation. His contributions were instrumental in the Commission's initiatives to develop rules for spread spectrum technology and an alphabet soup of different wireless services, including PCS, AWS, BAS, UWB and Wi-Fi. this required a determined effort to understand and digest the complex technical issues, and then negotiate a realistic approach that fairly balanced different interests.

Julie has been a trusted advisor to numerous Chairmen and Commissioners, but is just as likely to be seen patiently and expertly explaining an issue to an entry level staffer or an outside attorney. He is known for his frank and clear insights on the thorny issues before him, and industry representatives who meet with him know they will come away from the meeting with a better understanding of the various aspects of the issue than they had before the meeting. Julie's dedication to find the best "public interest" solution, combined with his expertise and gentle personality, have made him invaluable to communications professionals both within and outside the Commission.

premier courses in the area, **The Country Club at Woodmore** in Mitchellville, MD. This Arnold Palmer designed course is consistently ranked as one of the best in the Mid-Atlantic region and has for the past several years hosted the area's only PGA Nationwide Tour event. In January 2008, the Club received the Golf Digest Architecture Award in recognition of outstanding design, from the editors of Golf Digest Magazine and the National Panel of Course Raters. Better yet, CC Woodmore is conveniently located just minutes outside the Beltway for those feeling the need to head to work afterwards (though we promise not to tell anyone if you don't).

This year's tourney will take place **Monday June 7**, with a Shotgun start at **8:45 a.m.** As in previous years, a scramble (Captain's choice) format will be used and the event is designed to ensure a fun day no matter whether your handicap is three, thirty or somewhere in between. All Eagle Sponsor Foursomes compete for the coveted Eagle Trophy, and many, many other prizes will be awarded thanks to the generosity of our corporate sponsors. Registration includes round, driving range, and barbeque lunch at Woodmore's spectacular clubhouse.

Despite moving the event to a premier course, we have kept registration individual fees unchanged from last year. But most importantly, remember that all proceeds go to the FCBA Foundation to support funding of unpaid communications-related legal internships tuition grants for deserving District of Columbia High School graduates—scholarships that are more important than ever! As Stub Estey, one of the original organizers of the tournament would say, "What a great concept: Do good and have fun at the same time."

**Event:** Brown Bag Lunch

**Date/Time:** Wednesday, June 30, 12:15 – 2:00 p.m.

**Location:** Verizon Communications, 1300 I Street, NW, Suite 400 West

**Topic:** A Current View of Doing Business in the Cuban Telecoms Market: What does it mean for U.S. Telecoms Carriers?

In 2009, the White House announced a series of changes to the U.S. policy toward Cuba, including the authorization of greater telecommunications links to Cuba. Under the new policy, U.S. telecoms providers will be able to establish fiber-optic cable and satellite telecoms facilities linking the U.S. and Cuba, as well as license to enter into and operate under roaming service agreements with Cuba's telecoms providers. On January 21, 2010, the FCC International Bureau issued a public notice making modifications to the process to accept applications for service to Cuba. The FCC also received a letter from the U.S. Department of State detailing policy guidance on licensing the provision of telecommunications service between the U.S. and Cuba. The panel of experts will discuss the latest developments towards the policy changes towards Cuba and what it means for U.S. telecoms carriers wanting to do business there.

**Speakers:** (Moderator) Eric Farnsworth, Vice President, The Council of Americas, Washington, D.C.; Philip Peters, Vice President, Lexington Institute; Christopher Sabatini, Senior Director of Policy, Americas Society/The Council of the Americas and Editor-in-Chief, Americas Quarterly; Linda Wellstein, Chair, Global Telecommunications Practice, Wellstein Mora Rodriguez International, PC; and FCC International Bureau Speaker invited.

**RSVP on or by Monday, June 21 to:** Jennifer Ullman at [jennifer.ullman@verizon.com](mailto:jennifer.ullman@verizon.com).

Self-nominations welcome.

### New York Chapter

On May 5th, the New York Chapter will be hosting its first program of 2010 entitled *The Regulation of Advanced Communications Services*. Practitioners, industry representatives, financial analysts, government personnel and law students should attend this program if you are interested in hearing from a leading advanced communications service provider regarding meeting the growing needs of its customers in a fiercely competitive marketplace; and/or looking to better understand the jurisdictional interplay between state and federal regulators as they seek to protect consumers who are increasingly

relying on advanced communications services and evolving technology.

The program will begin at noon and end at 2:45 p.m. and will be hosted at the New York Offices of Brown Rudnick, LLP. A light networking lunch will be provided and sponsored by Brown Rudnick. The program will include a keynote address from Keefe Clemons, General Counsel New York and Connecticut, for Verizon Communications; and will be followed by a moderated panel discussion among state and federal regulators. Confirmed participants in the panel discussion include, moderator Bryan Tramont, Partner at Wilkinson Barker and Knauer, Cathy Seidel, Deputy Bureau Chief of the Federal Communications Commission's Wireline Competition Bureau, Commissioner Maureen Harris of the New York Public Service Commission, Deborah Marrone, Assistant Regional Director of the Federal Trade Commission's Northeast Division, and Radhika Karmarkar, Senior Counsel for Regulatory and Legislative Affairs of the New York City Department of Information Technology and Telecommunications. Both portions of the program will accommodate questions and answers from attendees. Registration for the program is still available by either accessing the FCBA website or registering in person the day of the program. A registration fee of \$25.00 applies for FCBA members and \$35.00 for non-members. The registration fee is waived for students and government employees.

The New York Chapter also continues to plan another program for the Fall of 2010 that will explore the recent universal service recommendations of the National Broadband Plan (NBP) and their impacts on unserved/underserved areas of the Empire region. The program will take place in the upstate region in late September/early October and bring national speakers to the area to discuss best practices and efforts to deliver on the goals of the NBP. Further details regarding this program will be announced later this summer.

### Interested in Hosting an FCBA event?

The FCBA greatly appreciates the support of our members' firms and companies who provide space for our brown bag lunches, committee meetings, and CLE Seminars throughout the year. We are, however, always looking for new locations that can host FCBA events. We will be experimenting with some new presentation technology in future CLE seminars, which require more technical support than we have needed in the past.

In general terms, we need conference rooms that can seat at least 30 (more if possible) people at tables for brown bag lunches and committee meetings and conference rooms that can seat a minimum of 60 for CLE seminars. Firms and companies hosting brown bag lunches provide beverages and desserts; firms and companies hosting CLE seminars provide beverages and snacks. CLE seminars are generally held from 6:00 – 8:30 p.m. Additionally, for CLE seminars we need facilities that can provide technology support for microphones for as many as six speakers on a panel, the ability to tie the house sound system into a teleconference bridge, video projection capabilities for PowerPoint presentations, and access to the internet for presentations by speakers. If your firm or company has the needed conference room facilities and capabilities and would be willing to host future FCBA activities, please email **Stan Zenor**, [stan@fcba.org](mailto:stan@fcba.org), or **Kerry Loughney**, [kerry@fcba.org](mailto:kerry@fcba.org).

## MENTORING *Lunch*

### 5th Annual FCBA Mentoring Luncheon Held on April 21st

On April 21, over a dozen senior members of the FCBA and over 45 mentees, which included junior attorneys from law firms, government and public interest organizations, as well as law students, met for another successful Mentoring Luncheon at the offices of Wiley Rein LLP. The keynote speaker was **Toni Cook Bush**, partner at Skadden, Arps, Slate, Meagher & Flom LLP, who spoke about the impact that mentoring has had in her own career and who provided young attorneys with valuable insight and advice regarding

networking and professional development. After Ms. Bush's remarks, the mentors and mentees held informal discussions regarding career advice and networking opportunities.

The Diversity and Young Lawyers Committees are extremely grateful to the following members of the bar, who graciously participated as this year's mentors: **Bob Branson** (Verizon Wireless), **Rick Chessen** (National Cable & Telecommunications Association), **Bill Cook** (Arnold & Porter LLP), **Stacy Fuller** (DIRECTV), **Ben Golant** (United States Copyright Office), **Julie Kearney** (Consumer Electronics Association), **Derek Khlopin** (Nokia Siemens Networks),

**Norm Leventhal** (Holland & Knight LLP), **Frank Montero** (Fletcher Heald & Hildreth, PLC), **John Nakahata** (Wiltshire & Grannis LLP), **Bob Pettit** (Wiley Rein LLP), **Gigi Sohn** (Public Knowledge), **Gloria Tristani** (Spiegel & McDiarmid LLP), and **Lauren Van Wazer** (Cox Enterprises, Inc.).

In addition, the Committees are extremely grateful to **Kerry Loughney** and **Mark Van Bergh** of the FCBA, **Sara Arff** of Wiley Rein LLP, and numerous other agencies, law firms, companies, public interest groups and trade associations that lent their support to make this program possible. The Committees are looking forward to another successful luncheon next year.

## 2010 National Telecommunications Moot Court Competition

University of Wisconsin law students received top honors at the 16th Annual National Telecommunications Moot Court Competition held on March 27, 2010 at Catholic University. Timothy Hogan and Eric Hatchell of the University of Wisconsin edged out Devin Loojin and Eric Schmidt of the University of Colorado to win the Best Team award.

Preston Thomas of Catholic University won the award of Best Oral Advocate. The Northern Kentucky University team, Annette Graff, Michael Mahon, and Tim Schirmang, won Best Brief. Teams from Northern Kentucky University and Howard University participated in the competition's semi-final rounds, but did not advance to the final round.

Sponsored by the FCBA and Catholic University, the competition featured 7 teams after the February blizzard forced the competition to be rescheduled. The teams represented law schools from Colorado, Indiana, Kentucky, and Wisconsin, as well as the law schools at Howard and Catholic in Washington, D.C. This year's case was based upon a mock FCC order preempting a state commission decision that barred providers of broadband-based services from offering more than one tier of a broadband Internet access service in the state. A highlight of the competition was the final round three-judge panel presided over by Wilkinson Barker Knauer, LLP partner **Larry Movshin**; Comcast senior policy director **David Don**; and Fletcher, Heald & Hildreth associate **Davina Sashkin**.

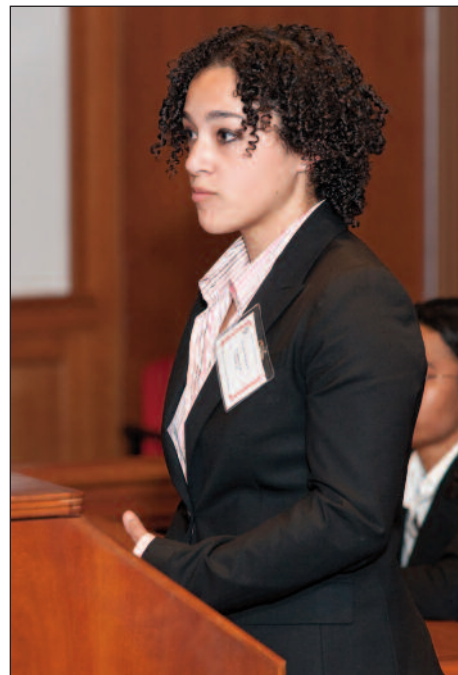

**Zach Rothstein** of Catholic University served as the CUA Moot Court Association Chancellor, and **Rachael Bender** of Catholic University served as

Preliminary round judges (l to r) Barath Chari (Dow Lohnes), Garnet Hanly (T-Mobile), and Gregory Kunkle (Keller and Heckman)

the Vice Chancellor for the competition. The FCBA Moot Court Committee was co-chaired by **Jennie Chandra** of Windstream Communications; **Russ Hanser** of Wilkinson Barker Knauer, LLP; and **Brian Murray** of Latham & Watkins LLP.

The FCBA congratulates and thanks all of the student competitors, faculty members, and administrators who participated in the competition. It also expresses its gratitude to Catholic University and the many FCBA members who served as judges and graded competitors' briefs.

## COMMITTEES AND CHAPTERS *in the Spotlight*

### CLE Committee

This has been an interesting year for the CLE Committee. In addition to its work with substantive FCBA committees on CLE programs for the year, toward the end of 2009, Executive Committee Liaison **Monica Desai** approached the Committee and asked them to consider how the FCBA might respond to issues that had been raised in responses to the 2009 Membership Survey regarding the accessibility of association CLE programs to members outside of the Washington, DC area. CLE Committee co-Chairs **Al Lewis**, **Jennifer Tatel**, and **Frank Simone** discussed the survey results and also met with FCBA staff, Stan and Kerry, to understand efforts that had been made in the past to address program accessibility. The Committee considered work that had

been done at the FCC to make its 2009 national broadband plan workshops accessible and researched a number of alternative technologies that could be considered. In December, the Committee made a presentation to the Executive Committee to review the results of its research and to suggest recommendations for further consideration. A number of Executive Committee members with experience in remote, on-line access to educational programs volunteered to work further with the CLE Committee to further analyze available alternatives and to consider effectiveness and affordability concerns. Following that work, a live demonstration of the Cisco WebEx product was conducted as part of an Executive Committee meeting in February of this year. The trial proceeded after some initial startup

problems and the Executive Committee was able to use the product's split-screen capabilities to view simultaneously both video and presentation material during the test. First impressions of the product were positive but additional testing will be needed to familiarize the FCBA staff with the use of this product before a final recommendation can be made to move to the next phase of testing a trial CLE using the capability. The trial represents a promising first step in the FCBA's on-going efforts to address the needs of its members both here in the Washington, DC area and throughout the country. The CLE Committee thanks the Executive Committee and Stan and Kerry for their tremendous support throughout this process and looks forward to the continued success of the FCBA's CLE programs.

### FCC Commissioner Baker, NTIA's Strickling, Ambassador Verveer and FCC Chief of Staff Lazarus to Keynote Broadband Policy Summit VI: Implementing the Plan

BNA and Pike & Fischer's 6th annual Broadband Policy Summit will be held at The Fairfax at Embassy Row in Washington, DC, on **Thursday and Friday, June 10-11, 2010**.

FCC Chief of Staff Edward P. Lazarus will open the Summit with a morning keynote address on Thursday, June 10. FCC Commissioner Meredith Attwell Baker will deliver the luncheon keynote later that day. On Day Two, Lawrence E. Strickling, Assistant Secretary for Communications and Information,

National Telecommunications and Information Administration, U.S. Department of Commerce, will deliver the morning keynote address, and Ambassador Philip L. Verveer, Deputy Assistant Secretary of State and U.S. Coordinator for International Communications and Information Policy, U.S. Department of State, will close the Summit with a noon keynote address.

Follow an opening panel discussion about the current regulatory landscape led by Summit Chair and former FCC Chairman Richard E. Wiley, a series of interactive debates will cover net neutrality and the ongoing broadband adoption and build-out initiatives outlined in the National Plan. The expanded Summit program also includes a discussion by experts representing the broadband industry and broadband customers of the risks and rewards in the rapidly changing wireless environment, an exploration by experts from the broadcast and wireless industries of the pros and cons of migrating broadcast spectrum to wireless use, and forecasts from top Wall Street analysts.

The results of Pike & Fischer's exclusive *2010 Communications Industry Survey: View on the National Broadband Strategy* will also be unveiled during the Summit.

Over 50 organizations, including 50 regulators and staff from the FCC and nearly a dozen staff from the GAO, have already made plans to attend. Summit sponsors include Wiley Rein LLP, AT&T, T-Mobile USA, Arnold & Porter LLP, Hogan Lovells US LLP, K&L Gates and Broadband for America.

The Broadband Policy Summit is presented in cooperation with the Federal Communications Bar Association. Early-bird registration is in effect through May 10, 2010. Group, government, and academic registration rates and press passes are also available. White paper submissions are being accepted at [remeritz@pf.com](mailto:remeritz@pf.com). To learn more, review the Summit program, and register, visit [www.broadbandpolicysummit.com](http://www.broadbandpolicysummit.com).

## Foundation Announces Recipients of Scholarships for Law Student Summer Interns

The FCBA Foundation is pleased to announce this year's recipients of scholarships from the **Chairman Robert E. Lee Scholarship Fund** for law school interns in unpaid legal communications-related positions over the summer. The Foundation established this fund in 1993 in memory of Mr. Lee, the former Federal Communications Commission Chairman and Commissioner who devoted nearly thirty years of service to the Commission. This year, The Foundation awarded seven scholarships to the following law student summer interns: **Joseph Ahlers**, of the University of Wisconsin, who will be working at the FCC in the Media Bureau, Industry Analysis Division; **Mitchell Calhoun**, of George Mason University School of Law, who will be working at the FCC in the Wireline Competition Bureau, Telecommunications Access Policy Division; **Henry Lawson Greenidge**, of the University of Baltimore School of Law, who will be working at the FCC in the Office of the Commissioner Meredith Attwell Baker; **Anne Halsey**, of Washington and Lee University School of Law, who will be working for Public Knowledge; **Yasemin Kasim**, of Georgetown University Law Center, who will be working at the FCC in the Enforcement Bureau, Hearing and Investigations Division; **Ari Moskowitz**, of the George Washington University Law School, who will be working at NTIA in the Office of Policy Analysis and Development; and **Fabiola Isabel Rivas**, of American University Washington College of Law, who will be working at the Broadcasting Board of Governors. Each law student will receive a stipend in the amount of \$5,000 to help defray expenses during his or her summer internship.

In addition, the Foundation selected **Joseph Ahlers** to receive this year's **Max Paglin Award**, representing an additional stipend of \$600. Mr. Paglin was the former General Counsel and Executive Director of the FCC, and the founder of the Golden Jubilee Commission on Telecommunications, which compiled a definitive legislative history of the Communications Act. Upon its dissolution, that Commission graciously donated its remaining funds to the Foundation and made the Foundation the beneficiary of any future royalties from that publication.

The Foundation will honor this year's recipients at the FCBA Annual Luncheon in June. Congratulations again to this year's recipients!

## FCBA Foundation Team for the Global Race for the Cure

The FCBA Foundation is sponsoring a team for the Susan G. Komen Global Race for the Cure. The race will be held on the morning of **Saturday, June 5, 2010** on the National Mall. Members of Team FCBA Foundation will meet at a time to be determined at the Starbucks at 9th and G Streets, NW. From there, we will walk together to the start line. Everyone is welcome to participate in this morning of fellowship, fitness, and public service, regardless of their fitness level.

To register, please visit [www.nationalraceforthecure.org](http://www.nationalraceforthecure.org), click on Join a Race Team, type in FCBA Foundation, click on the Search for a Team button, and click on Join. Please direct any questions to **Megan Anne Stull** at [stull@google.com](mailto:stull@google.com).

## Combined Federal Campaign (CFC)

The FCBA Foundation is proud to participate in this year's Combined

Federal Campaign for the National Capital Area. Federal employees in the nation's capital can now make regular tax-deductible contributions to the FCBA Foundation through the Combined Federal Campaign, providing funds to support and help expand the Foundation's vital charitable work.

To make a pledge to the FCBA Foundation, donors should use the FCBA Foundation's CFC code number (**#31092**) on their pledge cards. Pledge cards can be obtained from your agency's CFC campaign staff. Pledge cards can also be completed and printed out online through the CFC website at [www.cfcnca.org](http://www.cfcnca.org). On the website, click "Giving" and "About CFC-e" for more information.

Your donations will support the valuable work performed by the FCBA Foundation. Last year, the Foundation's work included:

- Awarding 11 college scholarships to D.C. public high school students and stipends to eight law school students for unpaid legal communications-related summer internships totaling over \$180,000
- Sponsoring numerous volunteer events for FCBA members, including making meals for the homeless at Martha's Table and delivering meals to the homeless through McKenna's Wagon each month
- Co-Sponsoring the 2009 Charity Auction for Bright Beginnings and the FCBA Foundation which raised over \$86,500

Please contact **Stacy Fuller**, FCBA Foundation Chair, ([sfuller@DIRECTV.com](mailto:sfuller@DIRECTV.com)), if you have any questions.

## Volunteer Outreach for Martha's Table – May 30

Many of us are stretched for time these days, but why not consider spending a few hours on a Sunday to help the

FCBA Foundation's partner charities? For several years now, the FCBA has been providing volunteers to Martha's Table and McKenna's Wagon. These organizations rely on the good work of our members each month, so grab a friend, colleague or family member and join your fellow FCBA volunteers!

Martha's Table feeds hundreds of hungry, homeless adults and children on the streets of Washington daily, through its mobile soup kitchen. Children and friends are also welcome. We will begin at 10:00 am and work until 1:00 p.m. Martha's Table is located in a yellow building at 2114 Fourteenth Street, NW, in the District, near the intersection of 14th and U Streets. On-street parking is available. Volunteers are asked to bring food if possible, (e.g., cold cuts, bread, peanut butter, jelly, vegetables and potatoes) because the center often runs out of donated food.

The FCBA volunteers on the **last Sunday of every month**, so mark your calendars now. For more information, contact **Howard Weiss** at 703-812-0471 — weiss@fhhlaw.com.

### McKenna's Wagon Seeking Volunteers for May 23

McKenna's Wagon is a mobile soup and sandwich wagon that goes "on location" to deliver food to the needy. For those who have volunteered, it has been a wonderful experience and a great way to help the needy in the D.C. community. This is an especially good experience for the teens and pre-teens among us who do not have a full appreciation of the many privileges they enjoy. Community service credits are also available.

The Wagon is a white van that is loaded up with sandwiches, snacks and soup. We meet at Martha's Table at 4:45 pm in comfortable clothes and shoes. Martha's Table is located in a yellow building at 2114 Fourteenth Street, NW, in the

District, near the intersection of 14th and U Streets. On-street parking is available.

Upon arrival we get assignments (some of us will distribute snacks and sandwiches, others will serve soup), and put on aprons before we depart in the van to 5th and New York Ave., NW (near the new Convention Center). We are driven by one of our experienced volunteers and the trip to distribution location takes about 10-15 minutes.

We serve about 30-75 people per visit including a few mothers who come for food for their families. The area is well patrolled by police. The food distribution is conducted in an efficient,

calm and orderly fashion and many of the people we serve are quite appreciative of our efforts. Once we serve all of the food, we do a clean up of the immediate area. Total time for the distribution takes about one hour and we usually return to Martha's Table by or before 6:30 p.m.

We would love to have you join us on one of our upcoming food runs which are always on the **4th Sunday of the month**. If you are able to volunteer on **May 23** or for a future date, please contact **Joanna Georgatsos** at georgatsos@lojlaw.com or **Tom VanWazer** at tvanwazer@sidley.com.

### The 5th Annual ABA/FCBA Privacy & Data Security for Communications and Media Companies Symposium – March 11, 2010 – DVD Now Available

#### IF YOU MISSED THIS 4-HOUR SEMINAR, BUY IT NOW!

The new decade brings a host of new laws, increased government oversight and class action lawsuit potential regarding the privacy and security of personally identifiable information for consumers, clients, and employees of communications and media companies.

This year's Symposium opened with a keynote from The Honorable Pamela Jones Harbour, Commissioner of the Federal Trade Commission. Commissioner Harbour provided her perspective on privacy and data security. Three substantive sessions followed. The first covered the government's role in privacy and data security, including the effectiveness of regulatory enforcement mechanisms and self-regulatory regimes. The second focused on requisite contract clauses, due diligence requirements, and insurance coverage to help reduce liability for relationships with third party service providers, behavioral advertising and social networking websites/services, and e-commerce services. The third session provided an overview of domestic state and federal laws, regulations, and guidelines that govern traditional telemarketing and commercial messages and promotional efforts delivered via wireless devices, including nuances regarding text messages, bounceback messages, and wireless emails.

A wealth of written materials is also included on the DVD.

#### SESSION I – GOVERNMENT'S ROLE FOR PRIVACY & DATA SECURITY PROTECTION

#### SESSION II - DUE DILIGENCE, CONTRACT, AND INSURANCE REQUIREMENTS

#### SESSION III – TELEMARKETING AND MOBILE MARKETING IN A DIGITAL AGE

See page 29 for order form.

# THE 5TH ANNUAL ABA/FCBA PRIVACY & DATA SECURITY FOR COMMUNICATIONS AND MEDIA COMPANIES CLE – MARCH 11, 2010 – DVD Now Available

## If you missed this 4-hour Seminar, buy it now!

The new decade brings a host of new laws, increased government oversight and class action lawsuit potential regarding the privacy and security of personally identifiable information for consumers, clients, and employees of communications and media companies.

This year's Symposium opened with a keynote from The Honorable Pamela Jones Harbour, Commissioner of the Federal Trade Commission. Commissioner Harbour provided her perspective on privacy and data security. Three substantive sessions followed. The first covered the government's role in privacy and data security, including the effectiveness of regulatory enforcement mechanisms and self-regulatory regimes. The second focused on requisite contract clauses, due diligence requirements, and insurance coverage to help reduce liability for relationships with third party service providers, behavioral advertising and social networking websites/services, and e-commerce services. The third session provided an overview of domestic state and federal laws, regulations, and guidelines that govern traditional telemarketing and commercial messages and promotional efforts delivered via wireless devices, including nuances regarding text messages, bounceback messages, and wireless emails.

A wealth of written materials is also included on the DVD.

### SESSION I – GOVERNMENT'S ROLE FOR PRIVACY & DATA SECURITY PROTECTION

### SESSION II - DUE DILIGENCE, CONTRACT, AND INSURANCE REQUIREMENTS

### SESSION III – TELEMARKETING AND MOBILE MARKETING IN A DIGITAL AGE
