Newsletter of the Federal Communications Bar Association

Mack Armstrong Wins Inaugural FCBA Excellence In Government Service Award

Daniel M. Armstrong – known as “Mack” to one and all – has been named the recipient of the FCBA’s first Excellence in Government Service award. The award was created in late 2007 to recognize individuals with long-term careers in the federal government, in the field of communications, who are dedicated to the pursuit of excellence and public service.

Mack Armstrong

Mack will receive the award at the FCBA spring reception, to be held on **June 11, 2008, from 6:00 – 8:00 p.m.** at the Washington Hilton Hotel, 1919 Connecticut Avenue, NW.

Mack’s stellar record of government service makes him a fitting first recipient of this prestigious new award. Mack has served with great distinction as the head of the

FCC’s Litigation Division since 1975. Mack has had a long career (41 years) in public service, serving in the Civil Division of the Department of Justice and the Federal Bureau of Investigation, as well as an Assistant United States Attorney in the Eastern District of New York, and in the U.S. Navy Judge Advocate General’s Corps, before joining the FCC.

At the FCC, Mack has supervised the production of hundreds of briefs over the years and has argued dozens of the most challenging cases himself. Because much FCC litigation is in the D.C. Circuit, the judges of that court know Mack well and regularly advise incoming FCC General Counsels that they hold Mack in high esteem.

PRESIDENT'S Message

DEAR MEMBERS:

I am truly delighted that the first recipient of the FCBA's new **Excellence in Government Service Award** is **Mack Armstrong**, head of the Litigation Division in the General Counsel's Office at the FCC. As you've read in this and earlier FCBA newsletters, this annual award has been created recently by the FCBA to recognize individuals with long-term careers in the federal government who have demonstrated a commitment to excellence in public service. The FCBA received nominations for a large number of exceptional candidates for this award, including several non-lawyers, at different agencies and departments. Mack is surely a worthy recipient of this first award, and I know we will see some of the other terrific nominees be considered in the future. I hope many of you will be on hand at the FCBA's Spring Reception on June 11th at the Washington Hilton to congratulate Mack when he receives this award.

In just a few days, the **Annual Seminar** will be held at the **Hyatt Regency Chesapeake Bay Golf Resort, Spa and Marina** in Cambridge, Maryland. I would like to thank the **Annual Seminar Co-Chairs, Scott Blake Harris, Linda Kinney, Jeanine Poltronieri and Charla Rath**, for developing a great program focused around an election-oriented theme. The panels feature the Bureau & Office Chiefs, the impact of new technologies on this year's exciting election season, the FCC legal advisors and industry analysts, and a conversation with FCC Commissioners. I look forward to seeing many of you there.

In May, you will experience your first opportunity to try **online voting** in this year's FCBA elections. We've got an excellent slate of candidates to choose from, and it will be even easier this year than in the past – no more folding hard copy ballots and licking stamps! I hope you will take advantage of this more user- and environmentally-friendly experience by voting online.

There are many events coming up over the next month, including the **3rd Annual Mentoring Lunch** co-sponsored by the Diversity and Young Lawyers committees on May 8th, and a very full schedule of CLEs and brown bags. In early June, the **12th Annual FCBA Foundation Golf Tournament** will be held on June 6th, and **Dale Hatfield** is teaching a master class focusing on wireless technologies on June 5th. Finally, I'd like to thank the **Legislative Committee Co-chairs, Kelly Cole, Amy Levine, Chris Moore and Paula Timmons**, as well as the co-sponsors of the evening, **CEA, CTIA, NAB, SIA, TIA and USTelecom**, for their hard work in organizing the successful Legislative Reception on April 29th, which was very well attended by Hill representatives as well as FCBA members.

Thursday, June 5, 3:00 - 5:15 p.m. Masters Class: Essentials of Engineering for Telecommunications Policy Reform

Presented by the Engineering and Technical Practice Committee and Continuing Legal Education Committee

Location: Hogan & Hartson LLP, 555 13th Street, NW

This Master Class will be taught by **Dale N. Hatfield**, engineer, consultant, adjunct professor at the University of Colorado and former Chief of the Office on Engineering and Technology at the FCC. This two and one-half hour CLE, which will be an update of the very successful CLE that Hatfield taught in May 2006, will be divided into two parts. The *first* part will cover, in an

integrated fashion and from a network architecture or system level viewpoint, topics such as analog and digital signals, the transmission requirements of different kinds of content – voice, data, image and video – the characteristics of various transmission media, the three types of switching – circuit, message and packet, and the concepts and importance of bandwidth and latency.

Dale Hatfield

This refresher on basic principles will provide a backdrop for the *second* part which will focus on wireless communications and address such topics as the notion of spectrum, the characteristics of different regions of radio spectrum, elements and performance of transmitter and receiver systems, and the basics of radio wave propagation. Hatfield will then draw upon his four decades of experience in the field to trace how technological developments have supported the federal government's (i.e., the FCC and NTIA) efforts to reduce the rigidities in the rules and policies governing the management of the radio spectrum resource in the past and how subsequent developments in terms of software defined and "cognitive" radios are currently producing additional opportunities to introduce even more dynamic methods for managing that crucial resource.

To register, go to the FCBA website Calendar of Events or use the form on page 15.

Agenda

3:00 – 4:00

BASIC TECHNICAL TUTORIAL FOR NON-ENGINEERS

SERVICE AWARD

CONTINUED FROM PAGE 1

Two of Mack's most important triumphs came in unusual Supreme Court cases where the Department of Justice took a position in opposition to the Commission. In *FCC v. National Citizens Committee for Broadcasting* (1978), Mack successfully defended both the newspaper-broadcast cross-ownership rule and the Commission's decision to grandfather some existing cross-ownership situations even though DOJ (like the D.C. Circuit) contended that the Commission should not have permitted any grandfathering. In *Metro Broadcasting* (1990), Mack successfully defended the FCC's minority ownership programs for broadcasters from an equal protection attack even though the Justice Department opposed the FCC's position (in a brief signed by Acting Solicitor General John Roberts).

Mack's leadership has made the FCC's Litigation Division one of the Commission's finest components. Mack has regularly recruited excellent lawyers and turned them into better lawyers. Some, like Mack, stay in the Division for many years, providing a cadre of top appellate litigators for the Commission. Others learn to draft briefs and present oral arguments and then go on to other positions. The nomination for Mack noted that: "[a]ttorneys who have worked for him in the Litigation Division, even many years after they have moved into private practice or other

endeavors, speak of their experience with fondness, loyalty and respect."

The new FCBA Excellence in Government Service Award criteria consider an individual's long term federal government service, commitment to public service, and dedication to excellence, as well as his or her role in mentoring more junior

government employees. A large number of excellent candidates were nominated for the award, including some who are not lawyers and some who do not work at the FCC. The annual award, which honors people with outstanding careers in federal service in the field of communications, is open to federal employees in all fields, and all agencies.

COMMITTEES AND CHAPTERS *in the Spotlight*

Cable Practice Committee

The Cable Practice Committee is co-chaired by **William E. Cook, Jr.** of Arnold and Porter LLP; **Steven F. Morris** from the National Cable Telecommunications Association; **Jessica Rosenworcel**, Senior Communications Counsel, Senate Committee on Commerce, Science, and Technology; and **Ryan G. Wallach** at Willkie Farr & Gallagher LLP.

The Cable Practice Committee has had an active 2007-2008 term. We have organized a number of successful events covering a wide array of the hottest topics in the industry. The year started off with a September 7, 2007 brown bag lunch, co-hosted by the Mass Media Practice Committee, that discussed the Digital Television transition and featuring speakers representing the broadcast and cable industries. During September, we also co-hosted with the Young Lawyers Committee a lunch event to discuss cable set-top box issues.

During October 2007, the Committee hosted a brown bag event featuring speakers representing cable operators, multichannel video competitors, and apartment building owners who discussed and debated the current FCC regulatory issues related to multi-dwelling units, a.k.a., apartment buildings.

March 2008 saw the Committee coordinate with the Engineering and Technology Practice Committee and Mass Media Practice Committee to hold a brown bag lunch highlighting technical issues involved in the DTV transition. During March 2008, the Cable Practice Committee also hosted a brown bag lunch addressing issues related to the FCC's program bundling NPRM featuring speakers from the Broadband Service Providers Association, EchoStar, Criterion Economics, and NBC Universal.

In April 2008, the Committee held a special brownbag lunch in the Senate Commerce Committee Hearing Room. The lunch presentation featured staff from a number of prominent Senators'

offices who discussed the hot legislative issues related to communications.

On May 27, 2008, the Committee will co-host with the Intellectual Property Practice Committee a CLE to discuss the legal and regulatory issues related to Internet video services. The CLE will explore some of the issues that have arisen from the migration of video programming to the Internet, including how traditional programmers are viewing the Internet as a distribution medium, the capacity demands Internet video is placing on networks, how network operators are reacting to those demands, whether there is a role for government in regulating the Internet, and what are the significant copyright and intellectual property issues associated with Internet video. Confirmed speakers include **Dave Kumar**, Goldberg, Godles, Wiener & Wright (Counsel for Vuze, Inc.) and **Jonathan Nuechterlein**, Partner, Wilmer Hale (Counsel for AT&T). Other speakers have been invited and will be announced in subsequent e-mails.

Northern California Chapter

The Northern California Chapter serves members in the San Francisco Bay Area. Its co-chairs cover the region, with **Anne Hoge** in the Silicon Valley, **Anita Taff-Rice** in the East Bay, and **Mary Wand** in San Francisco. The Chapter sponsors several events each year, with an effort to bring together technology-savvy experts from this unique region and local and Washington D.C. policy makers. Local members who would like to more involved, or who have ideas for programs, can contact Anne, hoge@yahoo-inc.com, Anita, anitataffrice@earthlink.net, or Mary, mwand@covad.net.

GOLF TOURNAMENT

CONTINUED FROM PAGE 1

Based on the positive response to last year's event, we will be returning for a second year to Worthington Manor Golf Club in Urbana, Maryland. Worthington Manor is regularly rated as one of the Mid-Atlantic's premier daily-fee golf clubs, and is a frequent U.S. Open Qualifying site. But don't let this intimidate those of you who aren't quite ready for Q-school — the staff at Worthington Manor does a great job at setting up the course to be both

challenging for the low-handicappers and fun for those of us with real day jobs.

This year's tourney will take place **Friday, June 6** with a Shotgun start at **8:45 a.m.** As in previous years, a scramble (Captain's choice) format will be used and the event is designed to ensure a fun day no matter whether your handicap is three, thirty or somewhere in between. All Eagle Sponsor Foursomes compete for the coveted Eagle Trophy, and many, many other prizes will be awarded thanks to

the generosity of our corporate sponsors. Registration includes round, driving range, light breakfast and barbeque lunch — plus a list of acceptable excuses not to return to the office on a pleasant Friday afternoon.

Most importantly, all proceeds go to the FCBA Foundation to support tuition grants for deserving District of Columbia High School graduates. As Stub Estey, one of the original organizers of the tournament would say, "What a great concept: Do good and have fun at the same time."

FCBA FOUNDATION *News*

Foundation Announces Winners of Stipends for Law Student Interns

The FCBA Foundation is pleased to announce this year's recipients of stipends from the **Chairman Robert E. Lee Scholarship Fund** for law school interns in unpaid government positions over the summer. The Foundation established this fund in 1993 in memory of Mr. Lee, the former Federal

Communications Commission Chairman and Commissioner who devoted nearly thirty years of service to the Commission. All of this year's interns are working at the FCC: **Hannah Anderson**, of the Indiana University of Law - Bloomington, will be working in the Office of the Wireline Competition Bureau; **Shawn Donilon**, of the University of Southern California Law School, will be working in the Office of Commissioner Jonathan Adelstein; **Kirstin Dunham**, of the Stanford Law School, will be working in

the Office of General Counsel; **Natasha O'Dell**, of the University of Miami School of Law, will be working in the International Bureau Strategic Analysis and Negotiations Division; and **Heidi Pease**, of the Syracuse University, College of Law, will be working in the Wireless Telecommunications Bureau Mobility Division. Each law student will receive a stipend in the amount of \$5,000.00 to help defray his or her expenses during their summer internship.

CONTINUED ON NEXT PAGE ►

In addition, the Foundation selected **Mr. Donilon** to receive this year's **Max Paglin Award**, representing an additional stipend of \$600. Mr. Paglin was the former General Counsel and Executive Director of the FCC, and the founder of the Golden Jubilee Commission on Telecommunications, which compiled a definitive legislative history of the Communications Act. Upon its dissolution, that Commission graciously donated its remaining funds to the Foundation and made the Foundation the beneficiary of any future royalties from that legislative history.

The Foundation will honor this year's recipients at the FCBA Annual Luncheon. Congratulations again to this year's recipients.

Wireless Committee to Volunteer for Martha's Table – May 25

The Wireless Practice Committee is seeking volunteers for Martha's Table on **Sunday, May 25th**. Martha's Table feeds hundreds of hungry, homeless adults and children on the streets of Washington daily, through its mobile soup kitchen. Children and friends are also welcome. We will begin at 10:00 a.m. and work until 1:00 p.m. Martha's Table is located in a yellow building at 2114 Fourteenth Street, NW, in the District, near the intersection of 14th and U Streets. On-street parking is available.

Volunteers are asked to bring food if possible, (e.g., cold cuts, bread, peanut butter, jelly, vegetables and potatoes) because the center often runs out of donated food. To RSVP and for more information, contact **Ken Keane**, KKeane@duanemorris.com.

The FCBA volunteers on the **last Sunday of every month** from **10:00 a.m. – 1:00 p.m.**, so mark your calendars

now. This labor of love typically involves 5 to 15 volunteers, often organized by a particular FCBA Committee. However, all are encouraged to come, including friends and children. Another example of the FCBA's commitment to "put back" into the community where we live. If you want to join the Martha's Table brigade and are willing to wear a hairnet, an apron, and gloves, please call or email **Howard Weiss** at 703-812-0414 or weiss@fhhlaw.com.

McKenna's Wagon Seeking Volunteers for May 25

McKenna's Wagon is a mobile soup and sandwich wagon that goes "on location" to deliver food to the needy. For those who have volunteered, it has been a wonderful experience and a great way to help the needy in the D.C. community. This is an especially good experience for the teens and pre-teens

among us who do not have a full appreciation of the many privileges they enjoy. Community service credits are also available.

The Wagon is a white van that is loaded up with sandwiches, snacks and soup. We meet at Martha's Table at 4:45 pm in comfortable clothes and shoes. Martha's Table is located in a yellow building at 2114 Fourteenth Street, NW, in the District, near the intersection of 14th and U Streets. On-street parking is available.

Upon arrival we get assignments (some of us will distribute snacks and sandwiches, others will serve soup), and put on aprons before we depart in the van to 5th and New York Ave., NW (near the new Convention Center). We are driven by one of our experienced volunteers and the trip to distribution location takes about 10-15 minutes.

We serve about 30-75 people per visit including a few mothers who come for food for their families. The area is well patrolled by police. The food distribution is conducted in an efficient, calm and orderly fashion and many of the people we serve are quite

appreciative of our efforts. Once we serve all of the food, we do a clean up of the immediate area. Total time for the distribution takes about one hour and we usually return to Martha's Table by or before 6:30 pm.

We would love to have you join us on one of our upcoming food runs which are always on the **4th Sunday of the month**. If you are able to volunteer on **April 27th** or for a future date, please contact **Marlo Go** at MGo@ctia.org or **Tom VanWazer** at tvanwazer@sidley.com.
