Some agencies and branches of the Federal Government do, however, apply additional stipulations above the regulation issued by the Office of Government Ethics. Invitations to Members of Congress, Congressional staff, and employees of the Department of

State must be issued by the FCBA. **Requests for invitations to be sent must be received by Friday, November 7, 2008.** Contact the FCBA for additional information.

Pursuant to the Office of Government Ethics regulation on widely-attended gatherings (5 C.F.R. §2635.204(g)(2)), the Chairman's Dinner appears to qualify as a widely attended gathering. PRESIDENT'S Message

DEAR MEMBERS:

As we enter November, just days before the FCBA Young Lawyers Committee and Foundation 19th Annual Charity Auction at the Capital Hilton on November 6, and the FCBA's annual dinner with the Chairman and FCC Commissioners on November 18, I wanted to thank several folks for their contributions in October. The FCBA held or co-sponsored four seminars and continuing legal education programs. Thanks to **Chris Wright** for his work on FCC Indecency Cases in the D.C. Circuit, to **Frank Jazzo, Barry Ohlson** and **Peter Connolly** for their work on the Amended Lobbying Disclosure Act, and to **Andy Klein, Garnet Goins, Brad Ramsay** and **Wes Heppler** for putting together panels on The Regulatory Framework for VOIP. Finally, thanks to the co-chairs of both the **Mass Media** and **Engineering and Technical Practice** Committees for arranging their CLE and panels on The Final 100 Days of the DTV Transition. All of the programs were well attended, and I appreciate the work of their organizers and panel participants.

Additionally, I wanted to let you know that this year the Executive Committee is planning to conduct a review of its committees and programs and address these and other issues important to our current and potential members. In the next few months, we will arrange several focus group meetings to discuss the FCBA and its programs to determine the best ways to meet the needs and desires of its members. Additionally, we are putting together an electronic survey that will address various issues. We intend to conduct additional focus groups in the Spring, and provide an opportunity for comment on survey results and topics that come out of the focus groups and survey. While I believe the FCBA has always done a strong job of meeting the needs of communications lawyers and those who work with and at the Federal Communications Commission and other relevant government agencies, the best way to continue that effort is to obtain input from members. I hope you will participate and provide your views.

I look forward to seeing most of you several times in November!

Diversity and Young Lawyers Committees Mentoring Panel a Success!

Attorneys and law students met on October 15 at the offices of Wiley Rein LLP for the Diversity and Young Lawyers Committees' first co-sponsored event of the year: a panel discussion on mentoring. The panel featured **Michele C. Farquhar** of Hogan & Hartson, **Narda Jones**, of the Federal Communications Commission, **Vicki Phillips** of the Institute for Public Representation, and **Ryan G. Wallach** of Willkie Farr & Gallagher.

The issues discussed by the panelists included: the benefits of mentoring, how one goes about finding a mentor, frequency and duration of the mentor-mentee relationship, diversity issues, the need for confidentiality and candor in the mentor-mentee relationship, how to give and receive "tough-love" feedback in a positive and constructive way, and how to maintain and nurture the mentor-mentee relationship, among others. The panelists also shared their own mentoring experiences throughout their careers.

The event was very well attended and included junior members of the bar from both government and the private sector as well as law students from Georgetown and American University. Both Committees are very appreciative of the panelists' time and commitment to educate the junior members of the FCBA on the important subject of mentoring.

ADJOURNMENT

Interested in Hosting an FCBA event?

The FCBA greatly appreciates the support of our members' firms and companies who provide space for our brown bag lunches, committee meetings, and CLE Seminars throughout the year. We are, however, always looking for new locations that can host FCBA events. We will be experimenting with some new presentation technology in future CLE seminars, which require more technical support than we have needed in the past.

In general terms, we need conference rooms that can seat at least 30 (more if possible) people at tables for brown bag lunches and committee meetings and conference rooms that can seat a minimum of 60 for CLE seminars. Firms and companies hosting brown bag lunches provide beverages and desserts; firms and companies hosting CLE seminars provide beverages and snacks. CLE seminars are generally held from 6:00 – 8:30 p.m. Additionally, for CLE seminars we need facilities that can provide technology support for microphones for as many as six speakers on a panel, the ability to tie the house sound system into a teleconference bridge, video projection capabilities for PowerPoint presentations, and access to the internet for presentations by speakers. If your firm or company has the needed conference room facilities and capabilities and would be willing to host future FCBA activities, please email **Stan Zenor**, stan@fcba.org, or **Kerry Loughney**, kerry@fcba.org.

COMMITTEE AND CHAPTER *in the Spotlight*

HLS/Emergency Communications

The HLS/Emergency Communications Committee is chaired this year by **Lynn Charytan**, **Rosalind Allen**, **David Furth**, and **Scott Tollefsen**. Support for public safety and emergency communications are a concern that crosses party lines, so we expect continued focus on these concerns both on the regulatory and legislative fronts over the coming year.

The Committee hopes to provide a forum this year that will support discussion by the full range of players with an interest in emergency communications: private industry, the public safety/emergency communications advocacy groups, Members of Congress, the FCC — and other agencies that have an interest in this area, including DHS and FEMA, DOJ, and others.

Our fall events included “From Katrina to Ike and Beyond: Hurricane Responses of Emergency Communications Providers,” a lunchtime brown bag discussion on October 24, at WilmerHale’s offices, that reviewed what carriers and the FCC have done to support communications services and networks over this most recent hurricane seasons. Panelists included Jennifer Manner, from the Satellite Industry Association, Robert Mayer, from USTelecom, Christopher Guttman-McCabe, from CTIA, and Victoria Velez, Deputy Chief of the Public Communications Outreach and Operations Division in the FCC’s Public Safety and Homeland Security Bureau. Later this fall, we plan to have the PSHSB Bureau staff in to highlight the key issues on the Bureau’s agenda for the coming year.

We welcome suggestions on additional topics and speakers. We are beginning to develop ideas for continuing legal education sessions, as well; please let any of us know if there are areas where review would be particularly helpful.

Rocky Mountain Chapter

The Rocky Mountain Chapter, which is co-chaired by **Lori Kalani** (Echostar), **Adam Peters** (Kamlet Shepherd & Reichert) and **Phil Weiser** (University of Colorado), has co-sponsored two events hosted by the Silicon Flatirons Center this fall. The first event, “Deregulation Revisited: A Tribute to Fred Kahn,” was held on September 5th at the University of Colorado School of Law. The conference honored noted economist Fred Kahn by reflecting both on the deregulatory initiatives of the last thirty years in the telecommunications, electric and airline industries and, in particular, on Kahn’s teachings and contributions to those efforts. Professor Kahn delivered closing remarks, which can be viewed at <http://www.siliconflatirons.org/events.php?id=207>.

The second event, “The Structure of the Video Programming Industry: Revolution, Regulation, or The Return of Yesterday’s Battles,” was held at the Cable Center in Denver on October 17th. The conference addressed the changing structure of the video programming industry by focusing on three distinct themes – the opportunities and challenges of independent networks; the role of

access regulation; and the impact of new technologies. FCC Commissioner Michael Copps was the keynote speaker for this event.

The next event, “The Colorado Broadband Summit,” will take place at Level 3 Communications on November 14th. The summit will bring together leaders in government, academia, and industry to evaluate the importance of broadband to the state of Colorado and how broadband-intensive applications can make a difference in areas ranging from health care to education to energy conservation. Governor Bill Ritter will deliver a lunchtime address and Level 3 CEO Jim Crowe will give a keynote address.

The final Silicon Flatirons/FCBA co-sponsored event this year, “The Law and Ethics of Network Monitoring,” will be held at the University of Colorado School of Law on December 5th. Silicon Flatirons’ flagship conference, “The Digital Broadband Migration: Imagining the Internet’s Future,” will take place in Boulder on February 8th and 9th. FCBA members can register for this event at a discounted rate on the Silicon Flatirons website.

Combined Federal Campaign (CFC)

The FCBA Foundation is proud to participate in this year's Combined Federal Campaign for the National Capitol Area. Federal employees in the nation's capitol can now make regular tax-deductible contributions to the FCBA Foundation through the Combined Federal Campaign, providing funds to support and help expand the Foundation's vital charitable work.

To make a pledge to the FCBA Foundation, donors should use the FCBA Foundation's CFC code number (**#31092**) on their pledge cards. Pledge cards can be obtained from your agency's CFC campaign staff. Pledge cards can also be completed and printed out online through the CFC website at www.cfcna.org. On the website, click "Giving" and "About CFC-e" for more information.

Your donations will support the valuable work performed by the FCBA Foundation. Last year, the Foundation's work included:

- Awarding 12 college scholarships to D.C. public high school students totaling over \$140,000
- Awarding stipends to five law school students for unpaid government summer internships
- Sponsoring numerous volunteer events for FCBA members, including making meals for the homeless at Martha's Table and delivering meals to the homeless through McKenna's Wagon each month
- Co-Sponsoring the 2007 Charity Auction for Kid-Power DC which raised over \$100,000

Volunteer Outreach for Martha's Table – November 30

Many of us are stretched for time these days, but why not consider spending a few hours on a Sunday to help the FCBA Foundation's partner charities? For several years now, the FCBA has been providing volunteers to Martha's Table and McKenna's Wagon. These organizations rely on the good work of our members each month, so grab a friend, colleague or family member and join your fellow FCBA volunteers!

Martha's Table feeds hundreds of hungry, homeless adults and children on the streets of Washington daily, through its mobile soup kitchen. Children and friends are also welcome. We will begin at 10:00 am and work until 1:00 p.m. Martha's Table is located in a yellow building at 2114 Fourteenth Street, NW, in the District, near the intersection of 14th and U Streets. On-street parking is available. Volunteers are asked to bring food if possible, (e.g., cold cuts, bread, peanut butter, jelly, vegetables and potatoes) because the center often runs out of donated food.

The FCBA volunteers on the **last Sunday of every month**, so mark your calendars now. For more information, contact **Howard Weiss** at 703-812-0471 — weiss@fhhlaw.com.

McKenna's Wagon Seeking Volunteers for November 23

McKenna's Wagon is a mobile soup and sandwich wagon that goes "on location" to deliver food to the needy. For those who have volunteered, it has been a wonderful experience and a great way to help the needy in the D.C.

community. This is an especially good experience for the teens and pre-teens among us who do not have a full appreciation of the many privileges they enjoy. Community service credits are also available.

The Wagon is a white van that is loaded up with sandwiches, snacks and soup. We meet at Martha's Table at 4:45 pm in comfortable clothes and shoes. Martha's Table is located in a yellow building at 2114 Fourteenth Street, NW, in the District, near the intersection of 14th and U Streets. On-street parking is available.

Upon arrival we get assignments (some of us will distribute snacks and sandwiches, others will serve soup), and put on aprons before we depart in the van to 5th and New York Ave., NW (near the new Convention Center). We are driven by one of our experienced volunteers and the trip to distribution location takes about 10-15 minutes.

We serve about 30-75 people per visit including a few mothers who come for food for their families. The area is well patrolled by police. The food distribution is conducted in an efficient, calm and orderly fashion and many of the people we serve are quite appreciative of our efforts. Once we serve all of the food, we do a clean up of the immediate area. Total time for the distribution takes about one hour and we usually return to Martha's Table by or before 6:30 p.m.

We would love to have you join us on one of our upcoming food runs which are always on the **4th Sunday of the month**. If you are able to volunteer on **November 23** or for a future date, please contact **Joanna Georgatsos** at georgatsos@lojlaw.com or **Tom VanWazer** at tvnwazer@sidley.com.

"Ernie" Jennes Helped Lead Bar Out of Comparative Hearing Era

Ernest Woodrow Jennes, who was in the first generation of communications law practitioners to focus on regulation rather than comparative licensing hearings, died October 4th at age 90. He was the founder of the communications practice at Covington & Burling, from which he retired in 1982.

Ernie was counsel to the Carnegie Commission on Educational Television, whose report laid the foundation for enactment of the Public Broadcasting Act of 1967. He later counseled the League of Women Voters on their sponsorship of the early Presidential debates.

He also was counsel to and the guiding spirit of the Association of Maximum Service Telecasters, during the period when "drop-ins" threatened loss of reception to interference in the fringe areas of existing high-powered television stations. To foster additional stations he led AMST in its support of "all-channel" legislation to require television receivers to tune stations on UHF channels 14-82 comparably with VHF channels 2-13.

Upon the advent of cable systems – then little more than cable antenna television systems (CATVs) — he quickly perceived that they would erode viewership and the economic base for free, local over-the-air television broadcasts, and Ernie waged an unrelenting battles before the Commission, the courts, and the Congress against cable's simulcasting of "distant signals," i.e., non-local signals from out-of-area stations in bigger markets. When cable was a new concept, only vaguely perceived by members of Congress to be different from translator stations, part of

his testimony before a House Judiciary subcommittee contained an explanation of the difference.

When the Nixon administration attempted to retaliate against Katherine Graham for the Washington Post's role in the Watergate exposé, by challenging the renewals of Post-Newsweek television stations in Jacksonville and Miami, Covington & Burling successfully defended their licenses.

During the era of "ascertainment" of local needs and interests, he encouraged his clients to engage with listeners and viewers where they lived. Then-chairman Burch is said to have charged up-and-down the hallways of the Commission's headquarters at 20th and M Streets, waving as an example of good ascertainment, the report, written by two co-owners, of their ascertainment in bars in remote Alaskan crossroads.

As the member of the firm's management committee with an extreme penchant for precision, Ernie was a formidable figure to associates and staff. Yet he heard out their arguments and often synthesized their positions with his. He took a personal interest in their advancement and offered generous emotional support in times of family illnesses.

Ernie exhibited the same exactitude in his personal activities as in his practice. When he took up sailing, he immediately enrolled in a night course in navigation. Upon his retirement from the firm in 1982, he and his late wife Elizabeth moved to Annapolis to devote themselves to sailing. He played an active role in the Chesapeake Bay Foundation.

He was a graduate of Yale College and the Yale Law School. Before joining Covington he served on a Department of Justice trial team in the successful capital prosecution of eight German saboteurs.

To view your information in the new FCBA online directory, click on the **Individual Directory** link in the menu options after you have logged in. Search for your entry information. Note that this directory is different than the one we've used previously, and only displays your name, address, email, and primary phone and fax number. Our database can still house more info, such as alternate phone and cell phone numbers, but it will not be reflected in the new directory. The old online directory will be phased out this summer – until then you can still access it at <http://www.fcba.org/members/> using the password in the masthead of page 2 of the monthly newsletter.

BUSINESS ATTIRE

Pursuant to the Office of Government Ethics regulation on widely-attended gatherings (5 C.F.R. §2635.204(g)(2)), the Chairman's Dinner appears to qualify as a widely attended gathering. The value of an individual ticket to the dinner is \$185.00. Employees of the Federal Communications Commission and the Commerce Department may be directly invited to attend the dinner as guests of individuals and organizations purchasing tables or tickets. In most cases, individuals and organizations may issue invitations to the Chairman's Dinner without the involvement of the FCBA. Some agencies and branches of the Federal Government do, however, apply additional stipulations above the regulation issued by the Office of Government Ethics. Invitations to Members of Congress, Congressional staff, and employees of the Department of State must be issued by the FCBA. Contact the FCBA for additional information.

While this event has been cleared by the Office of General Counsel in previous years, each FCC employee is required to obtain individual ethics clearance based on matters they are working on within the Commission. Employees of the Commerce Department are required to obtain individual ethics clearance through the Department's Office of General Counsel.
